## TENTH REPORT of Receiver and Manager

Attached hereto is audited Balance Sheet of Abitibi Power & Paper Company, Limited, (hereinafter called Abitibi) as of date December 31st, 1941, together with statement of the results of its operations—with those of its wholly-owned subsidiaries—for the year ending on such date: also attached are audited Balance Sheets and Profit and Loss Accounts, as of the same date, of certain of such subsidiaries, and of Provincial Paper, Limited, the common capital stock of which, only, is owned by Abitibi.

With continuation of the abnormal conditions brought about by the War, shipments of newsprint by Canadian mills were 3,454,665 tons in the year ending December 31st, 1941, as compared with 3,435,934 tons in the year ending December 31st, 1940. Such shipments were made:

	in 1940	in 1941
To Canadian customers.....	183,894 tons	196,766 tons
To the United States.....	2,594,452 tons	2,770,002 tons
To Overseas markets.....	657,588 tons	487,897 tons
Total.....	3,435,934 tons	3,454,665 tons

Newsprint manufactured by Abitibi and its wholly-owned subsidiaries amounted to 454,840 tons in 1941, as compared with 430,299 tons manufactured in 1940, and in compliance with the requirements of the Provinces of Ontario and Quebec that newsprint mills in such Provinces be operated at approximately equal ratios of production (as compared with their respective productive capacities) in order to provide relatively equal employment of labor and use of natural resources in the localities in which they are situate, such newsprint was produced by Abitibi:

131,351 tons at its Iroquois Falls (Ontario) mill,  
79,211 tons at its Sault Ste. Marie (Ontario) mill,  
65,732 tons at its Port Arthur (Ontario) mill,  
44,979 tons at its Fort William (Ontario) mill,  
65,536 tons at its Beauport (Quebec) mill, and  
68,031 tons at its Pine Falls (Manitoba) mill,

included in which was 101,797 tons sold to other newsprint manufacturers.

The general base contract price for newsprint sold in the United States was the same in 1941 as in 1940, namely \$50. (United States funds) per ton, f.o.b. mill, with freight allowed to destination. In December, 1941, and in view of increased costs of manufacture and delivery, an increase of \$3. per ton in the United States—effective on and after April 1st, 1942—was announced by a number of Canadian companies. On March 26th, 1942, the Price Administrator in the United States ordered continuance there of the \$50. price until May 30th, 1942: at the date hereof no increase over the 1941 price—for newsprint to be consumed in Canada—had been approved by The Wartime Prices and Trade Board.

In addition to the newsprint above mentioned, the newsprint mills of Abitibi and its wholly-owned subsidiaries produced 19,287 tons of substitute wood fibre products, during the year.

With continuation of the abnormal conditions which have arisen by reason of the War, sulphite and other wood pulps produced by Abitibi in 1941 were as follows:

At the Smooth Rock Falls (Ontario) pulp mill—

Sulphite pulps—bleached.....	60,582 tons	
—unbleached.....	948 tons	
—screenings.....	2,272 tons	
		63,802 tons

At newsprint mills of the Company—

Sulphite—newsgrade.....	28,454 tons
Groundwood pulps.....	968 tons
or a total of.....	93,224 tons

as compared with 75,926 tons produced in 1940.

Prices of bleached sulphite pulps (delivered at New York dock) were \$72.50 per ton in 1941, as compared with an average of \$66.62 per ton in 1940 and \$50.00 per ton in 1939.

Prices of newsgrade sulphite pulps (delivered at New York dock) were \$59.50 per ton in 1941, as compared with an average of \$53.37 per ton in 1940 and \$36.00 per ton in 1939.

#### COMMENTS WITH RESPECT TO RESULTS OF OPERATIONS IN 1941

Statement of the earnings of Abitibi and its wholly-owned subsidiaries for the year which ended on December 31st, 1941, is set out on Exhibit 1-B attached. The following comments are made with respect to such statement and/or items contained therein :

- (1) Excess of income over expenditures, in the year, *prior* to charges for depreciation, bond interest, and income and excess profits taxes, amounted to \$10,126,498.77 as compared with \$8,187,505.44, on a similar basis, in 1940.
- (2) It is not possible at this time to determine what the amount of income and excess profits taxes payable by Abitibi and its wholly-owned subsidiaries, in respect of their 1941 earnings, will be—this because their “Standard Profits” (as described in the Ninth Report of the undersigned) have not as yet been fixed by The Board of Referees appointed under The Excess Profits Tax Act. It is believed, however, that such taxes will not likely amount to less than \$750,000./\$1,000,000. Should they ultimately prove to be \$1,000,000., 1941 earnings which would remain available for payment to Bondholders (after charges of \$4,500,000. for depreciation) would be \$4,626,498.77. Interest for the year on Bondholders’ claims—including interest on overdue interest—amounted to \$3,474,055.04, exclusive of the premium on United States funds therefor (as may be demanded) and \$3,856,201.09, including the present premium of 11% for purchase of such funds.
- (3) Included in income for the year were the following items :
  - (a) Recoveries from sales of newsprint, pulps and substitute products amounted to \$25,824,783.82, as compared with \$22,539,189.66 in 1940;
  - (b) Income from sales of power was \$1,213,456.56 as compared with \$960,040.47 in 1940;
  - (c) Premium received upon United States exchange was \$1,865,650.58, as compared with \$1,458,786.85 in 1940; and
  - (d) Interest and discount received and sundry minor operating profits secured, were \$146,897.94 in 1941 as compared with \$148,690.30 in 1940.
- (4) Included in operating expenses for the year were the following items :
  - (a) Expenditures for the maintenance and repair of the mills and properties of Abitibi and its wholly-owned subsidiaries amounted to \$1,721,451.91 in 1941, as compared with \$1,648,653.77 in 1940;
  - (b) Costs of providing special protection to mills and properties of Abitibi and its wholly-owned subsidiaries were \$114,054.43 in 1941, as compared with \$111,093.43 in 1940; and
  - (c) Costs of carrying the idle Espanola and Sturgeon Falls properties were \$127,508.25 in 1941, and \$147,618.60 in 1940.

---

As of date November 7th, 1941, P.C. 9298 (since amended by P.C. 1549, and more commonly known as The Wartime Salaries Order) became effective. Under such Order certain limitations are imposed with respect to the granting of increases in salaries to persons in Canada who are in receipt of salaries in excess of certain prescribed annual amounts.

---

As of date November 15th, 1941, P.C. 8253 (more commonly known as The Wartime Wages and Costs of Living Bonus Order) became effective in the Dominion of Canada. Under such Order certain limitations are imposed with respect to wages which may be paid to labor, and provision is made for the payment to labor of certain bonuses when, if and as costs of living increase beyond certain indices.

---

As of date November 17th, 1941, P.C. 8527 (more commonly known as The Wartime Prices and Trade Board Order) became effective in Canada. Under such Order certain limitations are imposed with respect to the prices at which commodities may be sold in Canada, for use in Canada.

COMMENTS WITH RESPECT TO BALANCE SHEET OF DECEMBER 31ST, 1941

Balance Sheet of Abitibi as of date December 31st, 1941—as audited by Messrs. Price, Waterhouse & Co.—is attached hereto as Exhibit 1. The following comments are made in respect of conditions reflected by it, and/or items contained in it :

IN RESPECT OF ASSETS

(1) RELATIVE TO RECEIVER'S NET CURRENT ASSETS

After payment on October 15th, 1941, of \$6,274,710. (Canadian funds) in reduction of the principal amount owing upon Abitibi bonds then outstanding,

BUT

prior to deduction of the principal amounts owing upon Abitibi bonds (which are due and payable), for interest thereon, for interest on overdue interest, and such income/excess profits taxes, if any, as shall be payable by Abitibi and its wholly-owned subsidiaries in respect of their 1940 earnings, and such income/excess profits taxes as shall be payable by such corporations in respect of their 1941 consolidated taxable income,

Receiver's net current assets on December 31st, 1941, as compared with those on December 31st, 1940, were as follows :

*On December 31st, 1941.*

Receiver's current assets.....	\$24,273,797.25	
<i>Less:</i> Receiver's current liabilities including Contingent Reserve of \$750,000.....	1,800,908.36	
Excess of current assets.....		\$22,472,888.89

*On December 31st, 1940.*

Receiver's current assets.....	\$20,425,160.98	
<i>Less:</i> Receiver's current liabilities including Contingent Reserve of \$750,000.....	1,596,788.67	
Excess of current assets.....		18,828,372.31
Increase in year.....		<u>\$ 3,644,516.58</u>

The above increase will be reduced by such income/excess profits taxes as shall require to be paid in respect of 1941 earnings.

(2) As of date December 31st, 1941, certain Hearst companies were indebted to Abitibi and its wholly-owned subsidiaries in the amount of \$1,609,111.87, as security for the payment of which, and the claims of certain other Creditors, certain securities stand lodged with a corporate Trustee. Such securities are of such character that no sound estimate of their realizable value can be made at this time. In 1938 a Contingent Reserve of \$750,000. (above mentioned and as shown under Receiver's Liabilities in Exhibit 1) was set up, with the approval of Court, as a provision against receivables owing to the Company and its wholly-owned subsidiaries, and in respect of unforeseen and other contingencies. Such reserve is believed to be adequate for such purposes. In addition to the above Contingent Reserve—and as mentioned in previous Reports—is a reserve of \$300,000., maintained in respect of the pulpwood inventories of Abitibi and its wholly-owned subsidiaries, which reserve is not believed to be required at the present time. Other specific reserves held, and not believed to be required for the purposes for which they were set up, were estimated to amount to about \$50,000. on December 31st, 1941. The amount of Receiver's current assets—as shown in Exhibit 1—is after deduction of such pulpwood and other specific reserves.

(3) Expenditures made and liabilities incurred in the year in connection with capital improvements and additions to mills and properties directly owned by Abitibi amounted to \$265,855.80.

(4) Expenditures made and liabilities incurred for similar purposes in connection with the mills and properties of wholly-owned subsidiaries of Abitibi amounted to \$74,434.42.

The expenditures mentioned in (3) and (4) above were approved by The Supreme Court of Ontario.

RELATIVE TO LIABILITIES AND RESERVES

(5) First Mortgage 5% Bonds of Abitibi outstanding, and interest thereon, are included in the Balance Sheet attached (Exhibit 1) at the following amounts :

Principal amount of such bonds outstanding.....	\$41,992,290.00
Interest accrued on bonds to September 10th, 1932 .....	1,877,050.00
Unpaid interest coupons due December 1st, 1931, and prior thereto ..	1,300.00
Reserve for tax rebates.....	17,636.41
or at a total of.....	\$43,888,276.41

As of date December 31st, 1941, the amount of such bonds with unpaid and accrued interest thereon (including interest on overdue and unpaid interest) was as follows :

Principal amount of bonds outstanding.....	\$41,992,290.00
Interest due and overdue to December 31st, 1941 .....	24,270,550.94
Interest on interest overdue and unpaid.....	5,832,099.10
Reserve for tax rebates.....	17,636.41
total.....	\$72,112,576.45

Under the terms of the Mortgage securing the above bonds and interest, payment of the same may be required to be made in United States funds. Had payment been made in such funds on December 31st, 1941, a premium of 11% thereon would require to have been provided by Abitibi in order to secure the same. On such basis Canadian funds required to discharge the indebtedness of Abitibi to its Bondholders on December 31st, 1941, would have been approximately as follows :

(a) Amount of liability as above set out.....	\$72,112,576.45
(b) Premium of 11% for United States funds in respect of payment of \$6,274,710.00 made on October 15th, 1941.....	\$ 690,218.10
(c) Interest on above at 5% for period October 15th to December 31st, 1941.....	7,189.77
(d) Premium of 11% for United States funds to permit payment of	
1—(a) above.....	\$ 7,932,383.41
2—Premium upon payment of \$6,274,710.00 on October 15th, 1941.....	690,218.10
3—(c) above.....	790.87
	8,623,392.38
total.....	\$80,743,158.60

*Note:*

As of date April 15th, 1942, a payment of \$4,826,700.00—in Canadian funds—was made in reduction of the principal amount owing upon the above bonds.

(6) Present abnormal conditions and consequent increased demands for the products of Abitibi and its wholly-owned subsidiaries have compelled them to acquire and carry substantially increased inventories of pulpwood and other supplies, while prices of the same have also increased. As a protection against such conditions and/or those which may require to be faced after the termination of War—or prior thereto—the sum of \$1,500,000. has—with the approval of Court—been transferred from “Balance of amount available towards depreciation and bond interest from operations during Receivership” to the credit of “Reserve against inventories and other contingencies”, as shown upon the Balance Sheet of December 31st, 1941.

- (7) As before mentioned income/excess profits taxes, if any, payable upon the 1940 consolidated earnings of Abitibi and its wholly-owned subsidiaries and income/excess profits taxes payable on the 1941 consolidated earnings of such corporations cannot be accurately computed until their Standard Profits have been determined. In these circumstances no specific reserve has been set up for the same, but the "Balance of amount available towards depreciation and bond interest from operations during Receivership" is shown in the Balance Sheet as subject thereto.

STEPS TAKEN SINCE ISSUE OF NINTH REPORT WITH RESPECT TO DISPOSITION OF THE AFFAIRS  
OF ABITIBI POWER & PAPER COMPANY, LIMITED, IN RECEIVERSHIP

*Fourth :*

On December 4th, 1941, the Honourable Mr. Justice Middleton of the Supreme Court of Ontario gave judgment that "The Abitibi Power & Paper Company Limited Moratorium Act 1941" was ultra vires of the powers of the Province of Ontario, and made an Order for sale of the assets of Abitibi on February 18th, 1942, subject to a reserve bid.

*Fifth :*

Appeal from the above judgment and Order was taken by the Liquidator of Abitibi to the Court of Appeal for Ontario, and on March 21st, 1942, such Court of Appeal upheld the judgment of the Honourable Mr. Justice Middleton, as above mentioned.

*Sixth :*

In March, 1942,

- (a) "The Abitibi Power & Paper Company Limited Moratorium Act 1942"—to extend the operation of "The Abitibi Power & Paper Company Limited Moratorium Act 1941," until June 30th, 1943; and
- (b) "The Abitibi Moratorium Constitutional Question Act 1942"—to permit an appeal to be taken to the Privy Council from the judgments above mentioned,

were enacted by the Province of Ontario.

*Seventh :*

The Chief Justice ordered that such application be heard by the Court of Appeal of Ontario and it was so heard by such Court at sittings thereof which terminated on April 17th, 1942, when judgment was reserved. To the date hereof judgment had not been rendered by such Court.

---

It is with profound regret that the undersigned records the deaths during the year of Mr. J. Strachan Johnston, K.C., Counsel for the Montreal Trust Company and for the undersigned as Receiver and Manager of Abitibi; and of Mr. Edward E. Reid, General Manager of The London Life Insurance Company who was a member—since its appointment—of the Abitibi Bondholders' Representative Committee. The wise counsels and extended business experiences of both of them were of great assistance and value at all times. Mr. Johnston's position as Counsel has since been assumed by his partner, and son, Mr. R. W. S. Johnston— that of Mr. Reid has been taken by his son Mr. Robert H. Reid, now General Manager of The London Life Insurance Company.

---

The undersigned again desires to express his appreciation of the assistance and continued service rendered by the Abitibi Bondholders' Representative Committee, and in particular by the Advisory Committee thereof composed of Mr. J. P. Ripley, Chairman of the Board of Harriman Ripley & Co., Incorporated, New York; Mr. W. H. Somerville, General Manager of The Mutual Life Assurance Company of Canada, Waterloo, Ontario; and Mr. Robert H. Reid, General Manager of The London Life Insurance Company, of London, Ontario, in connection with the many problems and matters required to be dealt with in the Receivership.

---

This Report is supplementary to the Reports of the undersigned Receiver and Manager issued under date of February 28th, 1933, April 30th, 1934, April 15th, 1935, May 12th, 1936, March 25th, 1937, May 6th, 1938, May 15th, 1939, April 15th, 1940, and May 5th, 1941, and in preparing it the Receiver has had in mind the desirability of providing information as certified by the Auditors' Reports relative to the results of operations for the period of Receivership between January 1st, 1941 and December 31st, 1941; also of giving in a general manner a broad view of matters with which he has been called upon to deal. It is not intended, however, that the Report should exhaustively enter into all the numerous questions which have arisen in connection with the affairs of Abitibi Power & Paper Company, Limited, or those of subsidiary corporations, or make any representations or convey the impression that all matters which have or may prove to have a bearing upon the affairs of the Companies are made mention of in the Report. Statements attached and figures mentioned in the Report are accurate so far as the undersigned has been able to ascertain but he does not represent or guarantee their correctness.

G. T. CLARKSON, ESQ., Receiver and Manager,  
ABITIBI POWER & PAPER COMPANY, LIMITED,  
TORONTO, ONTARIO.

Dear Sir :

We have made an examination of the books and accounts of Abitibi Power & Paper Company, Limited, G. T. Clarkson, Receiver and Manager, for the year ending December 31, 1941, and have been furnished with all the information and explanations which we have required.

The profits and losses of all subsidiary companies (except Provincial Paper, Limited) for the year ending December 31, 1941, as shown by the accounts of such companies, have been incorporated in the attached statement of results from the operations of the Receiver and Manager of Abitibi Power & Paper Company, Limited.

Provision has not been made in the accounts of the Receiver and Manager for interest accruing on the Five Per Cent. First Mortgage Gold Bonds since September 10, 1932 nor for exchange premium on United States funds in relation to Canadian funds with respect to amounts owing or paid on the bonds as stated in Note IV to the balance sheet. Provision has not been made for depreciation of buildings, equipment and properties in the accounts of the Receiver and Manager of Abitibi Power & Paper Company, Limited, nor in the accounts of the subsidiary companies (other than Provincial Paper, Limited and The G. H. Mead Company) for the period from September 10, 1932 to December 31, 1936; during the five years ending December 31, 1941, however, amounts aggregating \$15,005,000.00 were provided for depreciation in the accounts of the Receiver and Manager of Abitibi Power & Paper Company, Limited and in the accounts of the subsidiary companies (exclusive of the amounts provided by Provincial Paper, Limited and The G. H. Mead Company). No provision has been made since September 10, 1932, for the amortization of the book values of timber concessions in the accounts of the Receiver and Manager of Abitibi Power & Paper Company, Limited, nor in the accounts of the subsidiary companies other than Baie St. Paul Lumber Company, Limited. It is impracticable at this date to accurately determine the amount of the income and excess profits taxes, if any, which may be found to be payable in respect of the profits for 1940, and the amount of such taxes on the profits for the year ending December 31, 1941, and accordingly no provision therefor has been made in the accounts of the Receiver and Manager or the subsidiary companies (other than Provincial Paper, Limited).

The amount of \$750,000.00 shown as Contingent Reserve was transferred as of December 31, 1938 under authority of the Court from the accumulated amount available towards depreciation and bond interest from operations during the period of the Receivership to December 31, 1938. Such transfer was made in connection with a substantial account owing to The G. H. Mead Company by one of its largest customers for which, we are informed, certain security is held the value of which is impossible to determine at this time, and to provide for certain other contingencies. Under authority of the Court a further amount of \$1,500,000.00 was transferred as of December 31, 1941 as a reserve against inventories and other contingencies.

In the case of certain of the timber concessions and licenses the conditions required to be observed have not been fully complied with; what obligations, if any, the company may be under in this connection cannot be determined at the present time.

With the exceptions as noted above and as to the values at which the investments in certain subsidiary companies, and in buildings, equipment, properties and timber concessions are carried, we report that, in our opinion, the accompanying balance sheet with explanatory notes thereon shows the true financial position as at December 31, 1941 of Abitibi Power & Paper Company, Limited, G. T. Clarkson, Receiver and Manager, according to the best of our information and the explanations given to us and as shown by the books.

Yours very truly,

PRICE, WATERHOUSE & CO.

No exchange premium has been taken up in the accounts of the Receiver and Manager as at December 31, 1941 in respect of these assets or liabilities which include a substantial amount owing by one of the largest customers of The G. H. Mead Company, partly in respect of which a contingent reserve is included with the liabilities of the Receiver.

The advances made by the Receiver and Manager to subsidiaries to cover losses in operations and/or costs of carrying shut-down mills -also to permit such companies to liquidate liabilities and to purchase pulpwood -have, at December 31, 1941, been reduced to \$777,673.79.
- III. Dividends on 7% Cumulative Preferred Stock are paid to September 30, 1931. Dividends on 6% Cumulative Preferred Stock are paid to March 31, 1931.
- IV. G. T. CLARKSON, Receiver and Manager,

ABITIBI POWER & PAPER COMPANY, LIMITED :

We have examined the books and accounts of Manitoba Paper Company, Limited and its subsidiary companies for the year ending December 31, 1941 and have obtained all the information and explanations which we have required. No provision has been made during the period from September 1, 1932 to December 31, 1941 for amortization of the book values of timber limits nor has any reserve been provided for depreciation of plant, machinery and equipment from February, 1932 up to December 31, 1936; amounts aggregating \$1,850,000.00 have, however, been provided for depreciation for the five years ending December 31, 1941. Provision has not been made for income and excess profits taxes, if any, in respect of the profits for the year ending December 31, 1940, and in respect of the year ending December 31, 1941. There is a question as to whether the conditions required to be observed by the company under its timber concession and power rights have been complied with. Except as to the foregoing and as to the values at which plant, properties and timber limits are carried, we report that, in our opinion, the above consolidated balance sheet as at December 31, 1941 is properly drawn up so as to exhibit a true and correct view of the state of the companies' affairs according to the best of our information and the explanations given to us and as shown by the books of the companies.

G. T. CLARKSON, Receiver and Manager,  
ABITIBI POWER & PAPER COMPANY, LIMITED :

We have examined the books and accounts of Thunder Bay Paper Co., Limited for the year ending December 31, 1941 and have obtained all the information and explanations which we have required. An amount of \$515,000.00 has been provided from the profits for the year for depreciation of fixed assets but we are unable to state whether or not the accumulated reserve to this date is adequate. The conditions required to be observed by the company under its timber concession have not been fully complied with; what obligation, if any, the company may be under in this connection cannot be determined at the present time. Subject to the foregoing and except that no provision has been made for income and excess profits taxes, if any, in respect of the year ending December 31, 1940, and in respect of the year ending December 31, 1941, we report that, in our opinion, the above balance sheet is drawn up so as to exhibit a true and correct view of the state of the company's affairs as at December 31, 1941 according to the best of our information and the explanations given to us and as shown by the books of the company. All our requirements as auditors have been complied with.
