^{*}Member of Executive Committee

This year we consolidated in our financial report the operations of Victoria and Grey Trust Company, The Lambton Loan and Investment Company and The Lambton Trust Company Limited and you will note that the combined assets now exceed one Billion dollars. The increase in trust deposits and Guaranteed Investment Certificates in the year was over 170 Million dollars and the increase in mortgages over 150 Million dollars.

Our Consolidated Revenues were 81 Million dollars, up from 64 Million dollars and, after income taxes, the net operating income was \$6,228,627, being \$2.15 per common share, compared to last year's \$6,486,620 — \$2.24. In addition there was a gain of 10¢ per common share on the sales of securities, compared to 15¢ for 1973.

I pointed out a year ago that we were hoping for Government action to increase our Borrowing Powers so as to provide additional money for mortgages. Amendments to the Loan and Trust Corporations Act were introduced in the Legislature on November 19, 1974 and may be in effect early in 1975.

We assume that the amendments will give us the flexibility in financing and we shall take whatever action seems best to provide for the demand for mortgages for both new and existing housing. Included in this action would be the retirement of the short term borrowing shown on our balance sheet.

At our last Annual Meeting, we elected as President Colin E. Bennett, Q.C., the former Chief Judge of the County and District Courts of the Province of Ontario. We are fortunate in having him join us as this year's very satisfactory results would indicate.

WALTER HARRIS, Chairman of the Board and Chief Executive Officer. As The Chairman of The Board and Chief Executive Officer has reported, the Victoria and Grey Trust Company and its Lambton subsidiaries have enjoyed another year of solid progress. Had it not been for the imposition of the corporate surtax in the recent Federal Budget, our net earnings after taxes would have been only 2¢ less per common share than achieved in our record 1973 year. In view of the unstable conditions which existed in the financial markets this year, we consider these earnings most gratifying.

In a year which analysts have described as a trying one, we were faced with rising costs and persistently increasing interest rates. The interest rate of our Special Savings Accounts (non-chequing) rose 2½% during the year from 6¾% to 9¼% at year end. This was costly. Rates for G.I.C.s and debentures were changed on a record number of eleven occasions, from 8¾% for 5 years in October 1973 to 10½% in October 1974.

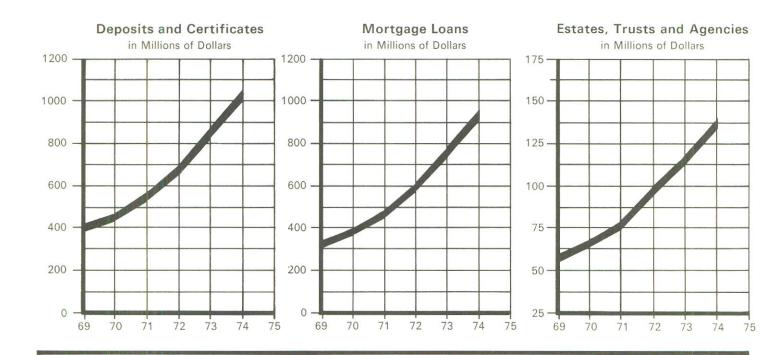

The demand for mortgages throughout most of the year was strong and it was necessary during certain periods to impose limitations on our lending. For some time now, our lending has been restricted to conventional mortgages on residential properties and to prime commercial loans. Mortgage rates throughout the year were adjusted to keep pace with the increase in the rates paid on G.I.C.s and Debentures and again this meant a record number of changes in mortgage rates. There was some resistance from the borrowers in the later months to the higher rates. As in the past, the Company kept a careful watch on the match between the inflow and outflow of funds. Our mortgage arrears position is very satisfactory and has not changed from last year.

The Tillsonburg office was opened in July and a new office will be established in January to serve North Bay. Other locations are constantly under review as are new methods and procedures and other ways and means of further expanding and developing the Company's business. In looking at 1975, in view of the uncertainty of the markets and of the economies of the world, we recognize we cannot anticipate all the changes that will occur which will affect our Company. However, we are facing the future with confidence and we have budgeted for another successful and profitable year.

I thank the General Manager and our employees for the dedication, loyalty and competence in adapting their recognized skills to the various fast developing situations which confronted the Company during what was an unusual year. The Company is fortunate in having employees with so much ability and experience in the Deposit, Trust and Mortgage business.

COLIN E. BENNETT,
President

AUDITORS' REPORT

To the Shareholders of Victoria and Grey Trust Company

We have examined the consolidated balance sheet of Victoria and Grey Trust Company and subsidiary companies as at October 31, 1974 and the consolidated statements of revenue and expenses and retained earnings and general reserve for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, and according to the best of our information and the explanations given to us and as shown by the books of

the companies, these consolidated financial statements present fairly the financial position of the companies as at October 31, 1974 and the results of their operations for the year then ended, in accordance with generally accepted accounting principles applied, after giving retroactive effect to the consolidation of subsidiary companies as referred to in note 1 to the consolidated financial statements, on a basis consistent with that of the preceding year.

	1974	1973
Balance at beginning of year	\$26,000,000	\$22,000,000
Transfer from retained earnings	3,300,000	4,000,000
Balance at end of year	\$29,300,000	\$26,000,000

Notes to Consolidated Financial Statements

1. BASIS OF CONSOLIDATION

The consolidated financial statements include the accounts of the subsidiary companies, The Lambton Loan and Investment Company and The Lambton Trust Company, Limited.

Prior to 1974 the financial statements of the company recorded the investment in its subsidiary companies on the equity basis. During 1974 the company adopted the practice of accounting for these subsidiary companies on a fully consolidated basis and accordingly, the 1973 comparative figures have been restated to reflect this retroactive change in accounting practice. The change has no effect on net income for the year.

3. PREFERENCE SHARES

The conditions attaching to the Series A cumulative redeemable preference shares require that in the fiscal year ended October 31, 1971, and annually thereafter, the company shall be obligated to credit \$100,000 as a purchase fund for the redemption of such shares.

No credit has been made to the purchase fund as at October 31, 1974 since the company had already satisfied the above requirement by redemption of sufficient preference shares.

4. SUPPLEMENTARY INFORMATION

The remuneration of directors and officers of the company for the year amounted to \$318,077 (1973 — \$222,885).

Regular Savings Accounts

Generous interest on Regular Savings Accounts with chequing privileges and no service charges for a reasonable number of cheques. Interest is calculated and added to the account half-yearly on April 30 and October 31. We provide addressed and postage paid "Deposit-by-Mail" envelopes.

Special Savings Accounts

High interest is calculated on the minimum monthly balance and added to the account half-yearly on April 30 and October 31. Withdrawals, in person or by mail, without service charges.

Guaranteed Investment Certificates

Interest at current competitive rates is payable half-yearly or may be left to accumulate at compound interest.

Mortgage Loans

Custom-tailored mortages on residential, well located commercial property, and on good improved farms at current interest rates. Payment plans may extend to 25 years and loans may be for a high proportion of value depending on property.

Collateral Loans

On the security of approved stocks, bonds and debentures, and on Trust Company Guaranteed Investment Certificates.

Personal Loans

These are made available to established clients of the Company.

Safety Deposit Vault

A Safety Deposit Box in our modern vaults to protect your securities and other valuables costs as little as \$5.00 a year.

Money Orders and Travellers Cheques

Issued in Canadian, Sterling or U.S. Funds, for use in Canada or throughout the world.

Income Averaging Certificates

Certain income, otherwise taxable for the year received, may be invested in these Certificates thereby spreading the tax payments over a maximum period of 15 years. Some eighteen categories, including taxable capital gains represent "qualifying" income.

Retirement Savings Plans

If you are not enrolled in a registered pension plan, you may contribute up to 20%* of your earned income each year to Registered Retirement Savings Plans (maximum \$4,000*). If you are enrolled in a pension plan, you may contribute up to 20%* of your income (maximum \$2,500*), less the amount you pay into the pension plan.
*Under current tax regulations.

Deferred Profit Sharing Plans

Limited Companies may contribute from gross profits up to 20% of earnings (to a maximum of \$2,500) each year of each employee enrolled under these Registered Plans now available from Victoria and Grey.

Company contributions qualify as a business expense while employees benefitting only pay taxes as funds are withdrawn. Employee has several options to spread tax payments over several years when he withdraws his portion. Contributions must vest in each employee within five years.

Investment Fund

The Victoria and Grey Investment
Fund is composed mainly of common
stocks chosen for their growth potential. You may invest in the fund at
any time or withdraw any amount as of
any valuation date on the last day of
each month. There is no sales commission and no withdrawal fee to pay.
