To the Shareholders of

FAMOUS PLAYERS CANADIAN
CORPORATION LIMITED:

The Thirtieth Annual Financial Report of your Company and its Consolidated Subsidiaries for the fiscal year ended December 31st, 1949, is submitted herewith.

Net profits for the year 1949 were \$3,071,910 as compared with \$3,286,264 for the year 1948. A comparative summary of the earnings follows:

	1949	1948
Earnings from Operations	\$4,329,917	\$4,303,581
Dividends from Non-Consolidated Companies	412,584	312,300
Interest Earned	135,085	135,596
Refund of prior year excess profits taxes....	—	181,557
Profit before current year Income Taxes..	4,877,586	4,933,034
Provision for Income Taxes	1,805,676	1,646,770
Net Profit	<u>\$3,071,910</u>	<u>\$3,286,264</u>
Amount Earned per Common Share	\$1.77	\$1.89

Dividends paid during the year aggregated \$1,737,072 being at the rate of \$1.00 per share. The regular quarterly dividend of 25 cents per share for the first quarter of 1950 will be paid on April 1st, 1950.

Total earnings from operations were somewhat higher than in the previous year although the net profits show a slight decrease. As will be noted from the above comparison, the decrease in net profits is due almost entirely to higher income taxes and to the fact that in 1949 the Company did not, as it did in 1948, have the advantage of a substantial refund of income and excess profits taxes paid in prior years.

As indicated by the accompanying Consolidated Balance Sheet your Company has continued to maintain a strong financial position, its net current assets at the end of the year being in excess of \$5,700,000.

During 1949 Famous Players and Associates built 8 new theatres and completely remodelled 11 others to bring them up to present-day standards of appearance and efficiency and we acquired 3 Drive-In theatres.

These projects involved, as your Company's share, an outlay of more than \$3,000,000. These capital expenditures were wholly financed out of current earnings and working capital.

Your Company will continue to modernize existing theatres where necessary and our plans include the development of several Drive-In theatres. Famous Players and Associates own a number of sites in Canada upon which new theatres will be built where the growth in population warrants such building as a service to the communities. It is expected that the cash resources of your Company will be more than sufficient to carry out this program.

Motion pictures are an essential form of entertainment enjoyed principally by persons of medium and lower wage incomes. Nevertheless, amusement taxes continue to take an unreasonably large proportion of the money spent at the box offices of Canadian motion picture theatres. We are pleased to report, however, that within the past few weeks the Governments of the Provinces of Ontario and British Columbia have given consideration to representations made to them by your Company and other theatre owners and in both cases a downward revision in the amusement tax rate has been made.

During the past thirty years Famous Players Canadian Corporation Limited has been building its reputation on the firm foundation of community service. Identified with Famous Players in building that reputation are a number of Canadian theatre owners who, in small towns and large, have invested their money in theatres through which to bring the best in entertainment to their neighbors.

These associations have given Famous Players the benefit of the experiences of independently minded men who have earned fine reputations for public service in the towns and cities in which they operate their own theatres. These experiences have been integrated into our directly operated theatres and have become a vital part of the Famous Players nation-wide policies. At the same time Famous Players' associates have benefited by the world-wide experience of our affiliation with Paramount Pictures Corporation.

On other pages of this report will be found a list of associates and officers of companies affiliated with Famous Players. The roster contains the names of many Canadian business men and women including one of our earliest associates, Frank Gow, presently our District Supervisor in British Columbia and our partner in the Broadway theatre, Vancouver, since 1920. The list of Associates includes for the first time the name of Peter W. Mahon. Since 1912 Mr. Mahon has been identified with this industry in the operation of the Orpheum and Strand theatres in Prince Albert. He has long given leadership to the affairs of his province and the motion picture industry.

Famous Players can proudly point to many "firsts" in the presentation of entertainment to Canadians over the past thirty years.

The Regent theatre in Toronto was Canada's first deluxe theatre and its luxurious appointments and operation marked a radical departure from the nickelodeon theatres of that day. The Regent became the home of the greatest silent pictures and the flagship of the expanding group of theatres operated under the direction of Famous Players. It was here that, for the first time, Jack Arthur, M.B.E., introduced to Canadian audiences a symphony orchestra playing music especially scored for silent pictures. Atmospheric prologues and presentations were produced by Mr. Arthur and many stars of today got their start in the Regent theatre. Today, like many others who helped launch Famous Players, Mr. Arthur is continuing to make an important contribution to the development of your Company.

When talking pictures were introduced they had their original Canadian presentation in Famous Players theatres. The first Canadian installation was made in the Palace theatre, Montreal, on September 3rd, 1929, and the second was in the Tivoli theatre, Toronto, two weeks later.

Famous Players' theatres were the first in Canada to present special children's shows and by 1930 the popular Mickey Mouse and Birthday Shows were a part of Famous Players' program. Under various names these children's shows have continued to be a feature and Famous Players' theatres have been largely instrumental in the formation of the present Children's Film Library which is being built up in Canada.

Our theatres pioneered in the presentation of pictures from studios in England. Famous Players exploited and presented British pictures since the days of such silent favorites as "Alf's Button" and "The Better 'Ole." It was through our theatres that the Canadian public was first introduced to Margaret Lockwood, Rex Harrison, Gracie Fields, George Formby and James Mason, to name a few, and we first presented such pictures as "Henry VIII," "The Lady Vanishes," "Night Train to Munich" and many others.

Famous Players has been first in the field of theatre television. The first full-screen television equipment in Canada was installed during the past year in Canada's largest theatre, the Imperial in Toronto, and early demonstrations have proven successful.

The wartime service rendered by this Company to the Government of Canada is a matter of official record.

During World War II Famous Players played a prominent part in co-operating with the Government in various wartime activities as a part of the Canadian Motion Picture War Services Committee.

Famous Players' theatres, at no cost to the taxpayers, presented free Sunday shows for the armed forces in cities designated by the Government. More than 1,000 employees of Famous Players served with the Allied armed forces.

In March, 1946, your Company put its Employees' Hospital and Surgical Plan into operation. Participation in the Plan is voluntary and the Company pays more than 70 % of the premiums. The Plan now protects more than 2,000 employees of the Company and about 2,000 of their dependents. To date there have been 2,100 claims from employees and their dependents, amounting to \$185,000.

Famous Players established a Group Life Insurance Plan in 1929 covering theatre managers and company executives. The Plan was expanded in 1941 to protect Head Office employees and again in 1944 to include all full-time projectionists. There have been 57 claims to date under the Group Life Plan totalling \$370,000.

The spirit of friendliness and co-operation which has always been the keynote of our relations with our employees, continued throughout the past year and your Directors wish to place on record their sincere appreciation of the fine contribution which has been made by all employees of the Company. Their teamwork and efficiency have contributed much to the satisfactory results which have been achieved. We are particularly appreciative of the loyal and devoted service of the more than 100 men and women in our 25 Year Club.

Respectfully submitted on behalf of the Board of Directors,

JOHN J. FITZGIBBONS,
President and Managing Director.

Toronto, Ontario, March 27th, 1950.

PRICE, WATERHOUSE & CO.

ROYAL BANK BUILDING
TORONTO

March 24, 1950.

To the Shareholders of

FAMOUS PLAYERS CANADIAN CORPORATION LIMITED:

We have examined the consolidated balance sheet of Famous Players Canadian Corporation Limited and subsidiary companies as at December 31, 1949, and the related consolidated statements of profit and loss and earned surplus for the fiscal year ended on that date and have obtained all the information and explanations which we required. Our examination included such tests of the accounting records and other supporting evidence and such other procedures as we considered appropriate in the circumstances.

Pursuant to Section 114 of the Companies Act, 1934, we report that the earnings of subsidiary companies not consolidated are taken into the company's accounts only to the extent of dividends received and, in our opinion, the company's share of the net earnings for the fiscal year of all such subsidiary companies was in the aggregate approximately \$1,700 greater than the dividends so received and in the case of affiliated companies (50% or less owned) approximately \$346,000 greater than the dividends received.

In our opinion, the accompanying consolidated balance sheet and related consolidated statements of profit and loss and earned surplus are properly drawn up so as to exhibit a true and correct view of the state of the affairs of the companies as at December 31, 1949, and the results of operations for the fiscal year ended on that date according to the best of our information and the explanations given to us and as shown by the books of the companies.

PRICE, WATERHOUSE & CO.,
Auditors.

BUILDING A REPUTATION TAKES TIME ... AND LEADERSHIP

For the past thirty years Famous Players and associated theatres have been building a reputation for bringing the finest in entertainment to Canadian theatre-goers.

Among the Company's important assets can be listed those men who, by their experience and loyalty, have helped guide the destinies of Famous Players. These men efficiently supervise and service our theatres in every Province. Their knowledge of theatre operation in all its branches has been gained in the practical school of experience. Many of them have been associated with Famous Players for thirty years.

Listed under each name is the length of service each Executive and Department Head has had with Famous Players. Many of them, in addition, brought with them the benefit of their experiences in other organizations.
