DIRECTORS' REPORT

TO THE SHAREHOLDERS:

Your Directors submit herewith their Fifth Annual Report, which covers the operations of the Company for the fiscal year ended June 30th, 1933.

The figures for the year under review indicate that slow but steady progress has been made by your Company, notwithstanding the decline in commodity prices which continued for the greater part of the year.

The net loss for the year, after providing for bond interest (payment of which has been deferred) and all expenses and bad debts, but before depreciation, amounts to \$117,944.03, against a net loss of \$179,471.93 for the previous year.

The various plants of your Company have been maintained in an excellent state of repair, and such capital expenditures as were required to ensure efficiency of operation have been made.

For the greater portion of the year being reviewed, the depreciated value of the pound sterling permitted the importation of large quantities of goods that otherwise would have been made in the mills of your Company.

Your Directors are satisfied, however, that your Company has obtained its fair proportion of the business secured by the Canadian mills.

It will undoubtedly interest you to know:

That your Company gave regular employment to some 1,300 men and women during the year.

That they expended in Canada for wages, taxes, freight, insurance, and for wool and other purchases of a miscellaneous character \$1,975,627.81

And in Great Britain and other Empire countries, for machinery, raw wool, and semi-manufactured wool products, and other miscellaneous purchases......

544,142.02

The "Compromise or Arrangement" as passed at the special meeting of the shareholders held on December 19, 1932, duly approved at a subsequent meeting of bondholders and confirmed by Supplementary Letters Patent of the Dominion of Canada under date of February 10, 1933, has been given effect to as at June 30, 1933, and the Property and Capital Accounts adjusted as shown on the attached statement.

Your Directors wish to thank the staff and employees for the enthusiastic and efficient services rendered during the year.

It is with the deepest regret that we have to record the death of Mr. W. A. Mackenzie, a director of your company since inception, and a valued colleague who was untiring in his efforts to further its interests.

The vacancies on the Board have been filled by the appointment of Mr. G. B. Woods and Mr. E. M. Saunders, both of Toronto.

The Profit and Loss Account, together with the Balance Sheet, herewith submitted, provides full information regarding the year's operations of your Company.

The books and accounts of the Company have been duly audited, and the auditors' report is submitted herewith.

Respectfully submitted,

A. O. DAWSON, President.
