Toronto, Ontario, May 13, 1947.

DIRECTORS' REPORT

TO THE SHAREHOLDERS:

The Eighteenth Annual Report for the year ended December 31, 1946 is submitted herewith.

During the year your Company's operations were devoted entirely to the production of civilian goods and both physical and dollar volume were 5% higher than the previous year, when a large portion of our production was for the armed forces.

Increases in raw material prices and increased prices for all supplies we consume, as well as higher wages and inadequate ceiling prices, have resulted in a decline of net profits from \$219,424 in 1945 to \$101,149 in 1946.

A much overdue recognition of the inadequate ceiling prices resulted in the granting of higher ceiling prices as from February 17th, 1947, followed shortly afterwards by the discontinuance of all price controls applicable to your Company's products.

With the return to normal cost-price relationship, the earnings of your Company will be considerably higher than those for the period under review.

For the first four months of 1947, production both in physical quantity and dollar value was at considerably higher levels than for the same period last year.

Wages which represent an important percentage of operating costs have increased very substantially during the past year. Your Company's wage rates compare favourably with the highest paid in the wool textile industry.

Net current assets as at December 31, 1946, amounted to \$1,485,114 and compare with \$1,720,529 as at December 31, 1945. The reduction is largely accounted for by expenditures on capital replacements, which during the year amounted to \$221,000. It should be pointed out that the prices of new equipment are almost double those of pre-war years, so that this amount in terms of similar expenditures made at pre-war prices could not be considered abnormal.

Inventories are carried at levels which, in view of present conditions, are considered sound. The difficulty in obtaining suitable supplies, when and as they are needed, combined with the requirements arising from wool top making operations, have necessitated the maintenance of larger inventories. The costs of such inventories are at levels considerably below present replacement costs.

The renegotiation proceedings with the Department of Reconstruction and Supply have been concluded for the principal war years 1940 to 1944 inclusive, and the refundable portion of the Excess Profits Taxes is included in the attached statements as an asset. The resulting adjustments made very little change in the earned surplus account.

The provision for Dominion Income and Excess Profits Taxes is considered adequate, although the taxes in respect of 1940 and subsequent years have not been finally determined.

The books and accounts of your Company have been examined and the auditors report is submitted herewith.

Respectfully submitted,

JOHN W. Hobbs,

Chairman of the Board.

STATEMENT

of

DOMINION WOOLLENS & WORSTEDS, LIMITED, Toronto, Ontario.

We have examined the above Balance Sheet of Dominion Woollens & Worsteds, Limited, as at 31st December, 1946, and the related Statements of Earned Surplus and of Income and Expenditure for the year ended on that date. In connection therewith we made a general review of the accounting methods of the company and examined or tested accounting records and other supporting evidence to the extent that we deemed appropriate without making a detailed audit of the transactions. We have received all of the information and explanations we have required.

The Board of Directors by resolution has made provision for depreciation in the amount of \$77,700.00 for the year under review.

In accordance with section 114 of The Dominion Companies Act, we report that there was no net profit or loss of the subsidiary company for the period ended 31st December, 1946 to be dealt with or provided for in the accounts of the holding company, Dominion Woollens & Worsteds, Limited.

Subject to the foregoing, in our opinion the above Balance Sheet and related Statements of Earned Surplus and of Income and Expenditure are properly drawn up so as to exhibit a true and correct view of the affairs of the company as at 31st December, 1946, and the result of its operations for the year ended on that date, according to the best of our information and explanations given to us and as shown by the books of the company.

P. S. ROSS & SONS, Chartered Accountants.

TORONTO, ONT., 21st April, 1947.
