OFFICE OF THE AUDITOR GENERAL

AUDITOR'S REPORT

To the Board of Directors of the
Alberta Opportunity Company

I have examined the balance sheet of the Alberta Opportunity Company as at March 31, 1980 and the statements of income and expenses and source and application of funds for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Company as at March 31, 1980, the results of its operations and the source and application of its funds for the year then ended in accordance with generally accepted accounting principles which, except for the change in recording accrued vacation entitlements as referred to in Note 3 to the financial statements, have been applied on a basis consistent with that of the preceding year.

ALBERTA OPPORTUNITY COMPANY

NOTES TO THE FINANCIAL STATEMENTS MARCH 31, 1980

Note 1 Authority
The Alberta Opportunity Company operates under the authority of The Alberta Opportunity Fund Act, Chapter 11, Statutes of Alberta 1972.

Note 2 Significant Accounting Policies
Allowance for doubtful accounts:
The Company has adopted the policy of providing for loss on specific accounts known to be in difficulty, as well as providing for loss on other accounts which can reasonably be expected to encounter problems.

Depreciation and amortization:
Furnishings and equipment owned by the Company are depreciated on a diminishing balance basis at 20% per annum. Leasehold improvements are amortized over the remaining term of each lease.

Interest expense:
Interest expense reflects cost of borrowing on long term debt less interest revenue received on the deposits in trust with the Province of Alberta.

The issue at March 31, 1979 of the \$50,000,000 Series A, 9.9%, debenture due March 31, 1989, as shown in Note 8, repaid the Province of Alberta's equity investment in the Company which had been by way of a non-interest bearing advance from the General Revenue Fund. The annual interest charge on this debenture of \$4,950,000 has been assumed by the Department of Tourism and Small Business and therefore is not reflected in these financial statements.

Note 3 Change in Accounting Principles
The Company has adopted the policy of accruing vacation entitlements earned but not taken. As at March 31, 1980, salaries and pension plan expenses have been increased by \$101,453 and \$6,855 respectively to reflect this change and previous years figures have not been adjusted.

Note 4 Allowance for Doubtful Accounts
An analysis of the account is as follows

	1980	1979
Balance, beginning of year	\$6,573,743	\$5,886,373
Accounts written off	(1,091,096)	(1,436,453)
Provision	2,524,389	2,123,823
Transfer from industrial incentive loans (Note 5)	184,713	—
Balance, end of year	\$8,191,749	\$6,573,743

Note 5 Industrial Incentive Loans
These loans were made under authority of The Industrial Development Incentives Act which provided that, with the approval of the Lieutenant Governor in Council, repayment of the loans may be forgiven in whole or in part, providing that no loan may be wholly forgiven before the expiration of five years from the date money was first advanced under the loan. During the five year period, no interest is charged on a loan and no repayment of principal is required providing a borrower continues in operation and meets certain other conditions.

In the year ended March 31, 1980 one of these borrowers ceased operations, thus breaching one of the conditions required for forgiveness. This loan of \$184,713 became collectible, and was transferred to Loans Receivable

During the year ended March 31, 1980 the Lieutenant Governor in Council forgave 2 loans totalling \$220,000 and also forgave the indebtedness assumed by the Company to the Provincial Treasurer. The forgiven loan amount thus recovered by Alberta Opportunity Company is shown as extraordinary income.

Note 6 Property Held for Resale
On land leased from the Province of Alberta at the Slave Lake airport the Company constructed a 21,360 sq. ft. commercial aircraft hangar. The hangar was initially intended to be leased or sold to a client. However, this client subsequently declared bankruptcy and rental operations of the premises will be conducted until the property is sold. For the year ended March 31, 1980 total income from the facility amounted to \$25,853 (\$14,936 - 1979) and during the same period \$60,253 (\$52,002 - 1979) of expenses were incurred resulting in an operating loss for the year of \$34,400 (\$37,066 - 1979)

Note 7 Miscellaneous Assets
From time to time the Company may acquire certain assets of its borrowers whose businesses have failed. During the time these assets are held they are stated collectively at a nominal amount of \$1

Note 8 Long Term Debt
The following debentures issued to the Province of Alberta are held by the Alberta Heritage Savings Trust Fund
