## ANGLO-CANADIAN TELEPHONE COMPANY

231 St. James Street, West

MONTREAL

22nd March, 1949.

### TO THE SHAREHOLDERS:

There is submitted herewith on behalf of the Board of Directors, the Fourteenth Annual Report of the Anglo-Canadian Telephone Company, covering the calendar year 1948.

During the past year the Company sold an additional 15,000 shares of 4½% Cumulative Preferred Stock, the proceeds amounting to \$750,000. A large part of the proceeds, together with advances previously made to the British Columbia Telephone Company totaling \$1,300,000, were used to subscribe to an additional 15,000 shares of Ordinary Stock of the British Columbia Telephone Company, which stock was issued at a price of \$125 per share. The greater part of the remaining proceeds were advanced to other wholly owned subsidiaries to be used in connection with their expansion programs.

As explained in reports for prior years, this Company, together with a subsidiary, owns a substantial interest in the Philippine Long Distance Telephone Company. Since the issuance of this Company's report for last year, there have been no further developments relative to the claim filed with the U.S.—Philippine War Damage Commission for loss or damage incurred to the property during the war. At December 31, 1948 the Philippine Long Distance Telephone Company had approximately 11,000 stations back in service, an increase of approximately 4,400 stations since December 31, 1947, and additional stations are being restored to service as rapidly as the needed material and equipment can be obtained for reconstruction work.

As in the past, and because of our substantial interest in the British Columbia Telephone Company, we are enclosing their Annual Report for the year 1948, which should be of interest to the Shareholders.

For the Board of Directors,

F. S. SPRING,  
President.

TO THE SHAREHOLDERS,

ANGLO-CANADIAN TELEPHONE COMPANY:

We have made an examination of the Balance Sheet as at 31st December, 1948, of Anglo-Canadian Telephone Company. In connection therewith, while we did not make a detailed audit of the transactions, we examined or tested accounting records of the Company and other supporting evidence and also made a general review of its accounting methods for the year ended 31st December, 1948.

We have not examined the accounts of all of the Company's subsidiary companies but have received and examined reports rendered by other independent auditors on the accounts of such companies not examined by us for the year ended 31st December, 1948.

The Company owns, or controls through its subsidiary, 24,019 shares of 100 Pesos each of Philippine Long Distance Telephone Company (Incorporated in the Philippine Islands) out of a total issued capital of 70,571 shares. The physical assets of Philippine Long Distance Telephone Company are situated in the Philippine Islands. War damage claims have been filed by that Company with the United States Philippine War Damage Commission pursuant to the Philippine Rehabilitation Act of 1946. The amount which may eventually be recovered on war damage claims cannot be definitely ascertained at this time. No provision has been made for possible capital losses in connection with the foregoing.

Subject to the above, we report that we have obtained all the information and explanations we have required and that, in our opinion, based upon the examination referred to above and reports of subsidiary companies rendered by other independent auditors, the accompanying Balance Sheet as at 31st December, 1948 is drawn up so as to exhibit a true and correct view of the state of the Company's affairs according to the best of our information and the explanations given to us and as shown by the books of the Company.

RIDDELL, STEAD, GRAHAM & HUTCHISON,  
Auditors.

MONTREAL, 28TH FEBRUARY, 1949.
