Messrs. W. Gibson Cassels and A. H. Campbell were appointed Scrutineers.

The Secretary read the Report of the Directors to the Shareholders, and submitted the Annual Statement of the affairs of the Bank, which is as follows:—

To the Shareholders :

The Directors beg to present the following Statement of the result of the business of the Bank for the year ending 31st December, 1910:—

| Written off Bank Premises.....  | 170,000 00           |
| Balance of Profit and Loss carried forward.....   | \$ <u>305,067 56</u> |

Your Directors, in submitting the Annual Statement of the affairs of the Bank as on the 31st of December, 1910, with the result of the year's business, beg to report that there has been a general substantial growth in every direction. A considerable increase in the net profits will be noted owing to the satisfactory conditions which have prevailed throughout Canada, and the steady demand for banking accommodation from all districts where we are established.

For some time past the Board has had under serious consideration the necessity for the enlargement of our Head Office premises, which have become quite inadequate to meet the present needs of the Bank without having regard to the ordinary expansion of our business which may be expected in the future. Endeavours were made to secure adjoining lots, but without success. In 1910 an opportunity arose for the acquisition of the land and buildings at the north-east corner of King and Yonge Streets—81 feet on King Street by 112 feet on Yonge Street—and after due deliberation the purchase was completed. It is not the purpose to hold both properties any longer than is necessary, and when a policy for building is decided on, the Directors have every reason to believe that our present premises can be disposed of for an amount which will practically offset the recent outlay.

In addition, suitable buildings were erected last year for Edmonton, Moose Jaw and Notre Dame Avenue, Winnipeg, Branches.

These various disbursements have caused a considerable increase in Bank Premises Account, but following the usual policy, a substantial amount has been written off.

A lot was purchased at Saskatoon, and it is proposed to erect a building at this point, and at Calgary, during the current year. With the completion of these buildings your Directors are of the opinion that no further immediate expenditures for our Western Branches will be necessary.

It is the intention to erect offices this year in Toronto—at the corner of Dovercourt Road and Bloor Street, corner of Lee Avenue and Queen Street, corner of St. Clair Avenue and Vaughan Road, and the corner of Sherbourne and Bloor Streets—where we are already established in temporary premises.

A Branch of the Bank was opened in February last at the corner of St. Lawrence Boulevard and Prince Arthur Street, Montreal.

The offices opened in 1909 are making satisfactory progress, and already justify their establishment.

In accordance with the By-Law passed by the Shareholders at our Annual Meeting in January last, the par value of the shares of the Bank was on September the 1st, 1910, changed from \$50 to \$100.

The Directors, following their usual custom, have examined and verified the General Balance Sheet of the Bank as on the 31st of December, 1910, and have checked and found to be correct the cash assets, securities and investments shown therein. They have, in addition, given careful scrutiny to all borrowing accounts.

The Branches of the Bank have been inspected in the usual thorough manner during the year.

E. B. OSLER,  
*President.*

TORONTO, 25th January, 1911.

## GENERAL MANAGER'S REMARKS

After reading the Annual Report, the General Manager made the following comments :—

In the Annual Report of the Directors to the Shareholders, which I have just read and which will be supplemented by some remarks from the Vice-President, the important features of our Statement for 1910 will be explained to you very fully and I will only add a word or two.

As foreshadowed at our last Meeting, our earning power has been consistently well employed for the past twelve months, with a corresponding increase in the net profits for the year, and there is every indication that in 1911 there will be an excellent demand from the borrowing public of all classes.

Owing to the somewhat disturbed conditions which exist in the United States, and which may be reflected in a minor degree in Canada, it will be well for us to exercise discrimination in the placing of loans and to discourage undue expansion, particularly until we have some accurate knowledge of the size and quality of our Western grain crop, which in latter years has borne such an important part in the welfare of the country.

Probably the outstanding feature in the Statement is the unusual expenditure made in our Bank Premises account for a special purpose, and which has already been reported on. Speaking, perhaps, with a more accurate knowledge of the adverse conditions under which we are labouring in our present premises, I can assure you that a more commodious, modern and dignified building has become a necessity. Not only are we unable to offer the public those facilities for transacting their daily business which they should enjoy, but our own staff works continually under many disadvantages owing to lack of space and the proper arrangement of our various departments. The purchase of the new prop-

erty for the Head Office carried my very strong personal recommendation, and I am satisfied that the action that has been taken by your Directors will be amply justified in the future.

It is satisfactory to report a considerable increase in the Total Deposits of the Bank, evidencing, I think, that we enjoy the confidence of the public wherever we are established. The number of our Savings Depositors has increased largely during the year and there has been a corresponding expansion in our business accounts.

The Total Deposits on the 31st of December were something over \$49,000,000, against \$34,000,000 five years ago and \$16,000,000 ten years ago, an increase in the past decade of \$33,000,000.

Proportionate to the expansion in Liabilities to the Public it is our policy to maintain a large percentage of the assets in liquid and easy-realizable form. Of the \$22,000,000 held in this way on the 31st of December, \$11,000,000 is in actual cash or the equivalent and the balance in securities that could be converted into cash at very short notice.

Our current Loans have increased during the year by about \$3,100,000, indicating that we are doing our fair share towards meeting the legitimate needs of the country for Banking accommodation. This increase in advances has been general at, practically, all of our branches.

Following our usual custom, these current loans and discounts, aside from the daily supervision that they receive from our Managers and from the Officials at Head Office, have been carefully revised twice during the year and ample provision made, not only for all accounts that require appropriations, but those that are in any sense of a doubtful nature.

An important feature of our Current Loans is the fact that of the total, \$37,920,000, more than \$8,000,000 is represented by advances against grain and other products which can always be liquidated at short notice if necessary.

## RE BANK INSPECTION

The question of the revision of the Canadian Banking Act is, as you know, now before the House of Commons, and is the subject of much discussion by the public and press.

It is not opportune just at this time to criticize the nature of the proposed amendments, the chief feature of which is outside inspection; of this, however, you may be sure, the well-conducted Banks do not object to such inspection beyond feeling that no proper system of so doing has yet been suggested, involving as it would enormous labour and the employment of a specially trained and very large staff. Inspection, lacking thoroughness or efficiency, would be worse than none—it would create a false sense of security in our financial Institutions—although it is probable that it would act as a deterrent influence against the dishonest individual.

Of this fact, however, I am confident, that no matter what the nature of the Act may be that is finally passed, the welfare of our Banks, and the safe-guarding of the interests of shareholders, depositors and other creditors will always depend on the personnel of the gentlemen who compose the Directorates, and the integrity and judgment of those who are in turn selected by them to look after the active management.

## ADDRESS BY THE VICE-PRESIDENT

In moving the adoption of the Report, the Vice-President, Mr. W. D. Matthews, addressed the Shareholders as follows :—

I regret that the President, Mr. Osler, is not with us to-day, but he felt the need of a holiday and his departure was regulated by the sailing of his vessel. Before he left, however, he went over very carefully with the rest of the Directors the various assets and liabilities as shown in the Balance Sheet, with the result that he felt very much pleased with the Statement that has been submitted to you.

The Report, as pointed out by the General Manager very fully, is a satisfactory one—the assets and liabilities have reached a very considerable amount—\$62,000,000 is a large sum of money to handle intelligently and carefully, but the results, as presented in our Profit and Loss Statement, show that your affairs have been well administered during 1910.

The year just closed has been a prosperous and satisfactory one—there have been no clouds to darken the horizon—nothing has occurred in so far as this Bank is concerned to cause any anxiety, and I think that the outlook for 1911 is bright. It is quite true that there has been a little uneasiness in the United States, but it has not, up to the present time, affected this country. The year 1907, if you recollect, was a very critical one for our neighbours to the south, and the Canadian Banks found it necessary to exercise the greatest caution in conducting their business. After the panic was over in the United States, much criticism of their banking methods arose, and it was universally acknowledged that in Canada we have a system that is a credit to any country.

As Mr. Bogert has mentioned, the main question agitating our Banks at the present time is the renewal of their charters at Ottawa. These expire every ten years, and as the time for renewal comes round it is necessary to either extend them for a further period without amendment, or to renew them with such changes as may be decided on. Unfortunately, circumstances have lately arisen which have caused more or less criticism by the public and press of the operating and management of our financial institutions—this is not to be wondered at from the exposures that have been made—notwithstanding which, much of the criticism has come from those who are not best qualified to pass judgment on these matters, with the result that unreasonable prejudice has been created. This has reacted, in a measure, upon the older and stronger Banks, who are to-day on a safe and

sound footing and have stood the test for years of all the difficulties that the new Banks have to pass through. I do not think it is proper for any individual Bank to propose remedies for weaknesses in our Banking Act—action regarding outside inspection should be taken by the Canadian Bankers' Association collectively. As a matter of fact, the whole system of our Banking is based on a series of inspections—the local manager of every Branch is inspecting his office daily; his work is supervised by the Head Office Inspectors, who in turn examine every account and detail and report to the General Manager and Board of Directors.

While I am on the subject, I wish to state, in view of what we have heard of late regarding the responsibilities of Directors of Banks, that in so far as the members of the Board of this Bank are concerned they are thoroughly familiar with its affairs, and take an active interest in the Institution and the duties which devolve upon them. They are well aware of what is going on, and there are no investments, no credits, or anything of importance that does not come before our notice. Your Directors are doing their part, yet much rests upon the staff of the Bank as to the real growth and prosperity of the Institution. In this respect I cannot express too high an opinion of the Officers of this Bank—they are painstaking and interested, and when you get the interested officer working for an institution, excellent results will be shown.

The growth of the Bank during 1910 is in keeping with the steady development that has taken place since its incorporation.

It was with some reluctance that your Directors were compelled to admit that our Head Office premises have become quite inadequate for the proper handling of our business; and, while alterations might have been made that would be satisfactory for a year or two, we felt that such a policy should not be decided on—therefore, other premises, which have been described, were acquired close at hand, in

our own neighbourhood, as a measure of protection. I have no doubt that, if we decide to dispose of our present property, a substantial sum can be realized which would compensate us for our recent purchase on the opposite corner.

It has been contrary to the usual custom for the President of this Bank to make any lengthy reference to trade conditions—much has been said in this respect from other sources—but I wish to state that in my opinion the prosperity we enjoyed in 1910 will follow us through the present year. Rates of interest for money are likely to remain favourable and there is every indication of continued large immigration. Our Dominion and Provincial Governments are making heavy expenditures to carry on important public works, and, as the three great transcontinental Railways have under way the building of many new lines, good general business conditions should result. Last Autumn the farmers were able to prepare their land for Spring seeding under very favourable circumstances and a largely increased acreage is assured. This is, at least, the foundation for a greater yield than last year; and, altogether, 1911 opens with much promise for the Dominion of Canada.

I now have pleasure in moving the adoption of the Report.

The Resolution was seconded by Mr. W. R. Brock, and unanimously carried.

It was moved by Hon. J. J. Foy, seconded by Mr. A. W. Austin, and Resolved—That By-Law No. 16 be and it is hereby repealed, and that the following By-Law be and it is hereby enacted in its stead:—

“That the dividends that shall from time to time hereafter be declared and become payable shall be paid to the parties who, at the close of business on a day to be named by the Directors preceding the day fixed for the payment of each dividend, are, according to the books of the Bank, the Shareholders thereof.”

It was moved by Mr. William Ross, seconded by Mr. J. H. Patterson, and Resolved—That the thanks of this

meeting be given to the President, Vice-President and Directors for their services during the year.

It was moved by Mr. William Crocker, seconded by Mr. Thomas Walmsley, and Resolved—That the thanks of this meeting be given to the General Manager and other Officers of the Bank for the efficient performance of their respective duties.

Mr. Bogert replied as follows:—

The Resolution just carried, and which you have been considerate enough to pass in each preceding year, will, I am sure, be appreciated by the staff of the Bank who have laboured continually and faithfully for the advancement and welfare of the Institution. I have pleasure in thanking you on their behalf and for myself.

We are steadily increasing the number of our Officers, and on the 31st December we had 606 in our service as against 175 ten years ago.

A Resolution was introduced by Mr. John T. Small, relating to the proposed changes in the Canadian Banking Act: but, after some discussion it was decided to leave the matter to be dealt with by the Board of Directors.

It was moved by Mr. Cawthra Mulock, seconded by Mr. Richard Brown, and Resolved—That the poll be now opened for the election of nine Directors, and that the same be closed at two o'clock in the afternoon, or so soon before that hour as five minutes shall elapse without any vote being polled, and that the Scrutineers, on the close of the poll, do hand to the Chairman a Certificate of the result of the poll.

The Scrutineers declared the following gentlemen duly elected Directors for the ensuing year:—Messrs. A. W. Austin, W. R. Brock, James Carruthers, R. J. Christie, J. C. Eaton, J. J. Foy, K.C., M.L.A., W. D. Matthews, A. M. Nanton and E. B. Osler, M.P.

At a subsequent meeting of the Directors, Mr. E. B. Osler, M.P., was elected President, and Mr. W. D. Matthews, Vice-President, for the ensuing term.
