### AUDITORS' REPORT TO SHAREHOLDERS

We have compared the above Balance Sheet with the books and accounts at the Chief Office of The Dominion Bank, and the certified returns received from its Branches, and after checking the cash and verifying the securities at the Chief Office and certain of the principal Branches on December 31st, 1920, we certify that, in our opinion, such Balance Sheet exhibits a true and correct view of the state of the Bank's affairs, according to the best of our information, the explanations given to us and as shown by the books of the Bank.

In addition to the examinations mentioned, the cash and securities at the Chief Office and certain of the principal Branches were checked and verified by us at another time during the year and found to be in accord with the books of the Bank.

All information and explanations required have been given to us and all transactions of the Bank which have come under our notice have, in our opinion, been within the powers of the Bank.

C. A. BOGERT,  
General Manager.

The financial year, which closed 31st December, 1920, was marked by a steady demand for credit, and our funds were in consequence continuously employed. We feel that the results, as reflected in the Annual Balance Sheet and Profit and Loss Statement, will be received by the Shareholders with satisfaction.

The Head Office and Branches have been regularly inspected by our Inspection staff during the past twelve months. The Bank's Auditors, Messrs. G. T. Clarkson and R. J. Dilworth, have made the usual examination of the Bank's affairs, and their certificate is appended to the Statement submitted herewith.

During 1920 seventeen Branches and three Sub-Branches were opened at points which promised, after careful investigation, that we were warranted in entering the territory: In ONTARIO—Ameliasburg (Sub to Belleville); Hamilton, Gage Ave. Branch, Homeside Branch; Kenilworth (Sub to Mount Forest); New Toronto; Roblin (Sub to Napanee); St. Thomas, East End Branch; Sarnia; Sprucedale; Timmins; Trenton. In MANITOBA—Dauphin; The Pas; Winnipeg, Portage Avenue and Kennedy Street Branch. In ALBERTA—Calgary, Alberta Stock Yards Branch; Edmonton, Edmonton Stock Yards Branch; Tofield. In SASKATCHEWAN—Canora; Yorkton. In BRITISH COLUMBIA—West Summerland. Two Branches were closed—Craven, Sub to Regina, and Petersfield, Sub to Selkirk, Man.

In order to provide for the increased business of some of our long established Branches, several new buildings were completed and occupied during the past twelve months. New quarters have been provided for our Branches at the corner of Queen and Bay Streets, the corner of Dupont and Christie Streets, and the corner of Yonge and Hayden Streets, Toronto, and at Orillia, Ont. In addition, suitable offices have been erected for Fairbank, New Toronto and Cherry and Commissioner Streets (Toronto) Branches. Your Directors, as is customary, have made a substantial appropriation for reduction in Bank Premises Account.

Owing to the continued expansion in the Bank's business, your Directors consider it expedient to request your authorization of an increase in the number of members on the Board from thirteen to sixteen members: the relative By-laws will be submitted for your approval.

E. B. OSLER, President.

Toronto, 26th January, 1921.

COMMENTS BY MR. C. A. BOGERT,  
GENERAL MANAGER

“Respecting the Statement for the year submitted for consideration to-day, expansion in the Bank’s business has been satisfactory and the results are encouraging.

The Net Profits are the highest yet recorded, and after providing for a distribution of 13% to the Shareholders, a contribution of \$35,000, to the Pension Fund Society and writing \$200,000 off Bank Premises Account, \$669,000 is carried forward—\$174,000 more than the year previous.

THE BANK’S PUBLIC LIABILITIES.

No change of moment has taken place in the Shareholders’ Liabilities. Respecting Public Liabilities, Notes in Circulation show little alteration. The amount due the Dominion Government on the 31st December, \$7,000,000, has been retired in full since that date. Deposits not bearing interest show a decrease of \$17,000,000, but this is almost entirely accounted for by the gradual withdrawal of Dominion Government deposits during the year. Deposits bearing Interest increased \$10,500,000 during the same period—a very satisfactory showing under the circumstances.

THE BANK’S ASSETS.

On the Assets side, actual Cash on hand, Gold, Dominion of Canada Notes and our deposit with the Central Gold Reserves amounted to over \$24,000,000. The Total Cash Assets, which include as well, Notes and Cheques of other Banks. Balances due by other Banks at Home and Abroad, amounted to nearly \$35,000,000—27.65% of the Bank’s liabilities to the public. Dominion and Provincial Government Securities are \$3,700,000 less than at the end of 1919—caused by repayments from the proceeds of the last Victory Loan of advances by the Bank to the Dominion Government during the War. Canadian Municipal Securities and British, Foreign and Colonial Public Securities have decreased by \$3,400,000 and this is occasioned by the retirement in part of our proportion of the loans made during

the War by the Canadian Banks to the British Government. A satisfactory arrangement was completed in 1920 under which full repayment of the balance of the whole \$200,000,000 will be made in monthly instalments ending in April, 1922. The balance of such loans is at date \$8,148,000. Railway and other Bonds, Debentures and Stocks, \$1,810,000, show little change. Call and Short Loans in Canada, \$7,646,000, have been reduced by \$1,700,000, and this was almost wholly accomplished by payments on account of loans made to original subscribers to the 1919 Victory Loan. Call and Short Loans outside of Canada, \$5,000,000, are somewhat larger than at the end of 1919. Total Immediately Available Assets, \$64,000,000, are 51.31% of the Bank's Public Liabilities.

Current Loans and Discounts in Canada at one time during 1920 reached an unusually high point—\$75,000,000—but towards the end of the year after the proceeds of our crops had been distributed, were satisfactorily reduced and on the last day of the year the total was \$66,217,000, as compared with \$65,400,000 on the same date in 1919. Overdue Debts, \$80,000, show a nominal figure.

In the report of the Directors to the Shareholders mention is made of the opening of a number of new branches in 1920 and these in some cases necessitated outlays for land and buildings.

During the year the following offices were either wholly constructed or completed when construction had commenced the previous year:

- Cherry and Commissioner Streets, Toronto.
- Dupont and Christie Streets, Toronto.
- Queen and Bay Streets, Toronto.
- Yonge and Hayden Streets, Toronto.
- Brantford, Ontario.
- Fairbank, Ontario.
- New Toronto, Ontario.
- Orillia, Ontario.
- Teulon, Manitoba.

Premises at Guelph, Ont., and Huntsville, Ont., which the Bank had occupied as tenants for some years past, were purchased on advantageous terms.

Land was also acquired at the following points and buildings will be erected when justified:

Danforth Ave. and Danforth Rd., Toronto.

Long Branch, Ontario.

Hamilton—Gage Ave.

Fort Frances.

Mount Forest.

Oshawa (additional purchased).

Winnipeg—Main and Higgins Ave.

Winnipeg—Portage Ave. and Kennedy St.

Bank Premises Account, on the other hand, was reduced through the disposal of a property in Vancouver purchased some years ago and not now required for our purposes, at a price of \$200,000 and was further reduced by writing off \$200,000 from Profit and Loss Account, after which our total Bank Premises Account stood at \$5,631,000, against \$5,407,000 at the end of 1919.

An exhaustive and accurate valuation of all the Bank's premises, land, buildings and equipment has recently been completed by a competent, independent Appraisal Company, and the Shareholders will doubtless learn with satisfaction that they are entered on the Statement on the most conservative basis—as they should be.

#### GENERAL REMARKS.

It is idle now to comment on advice unheeded or lessons that have been learned, but by referring to the proceedings, the Shareholders will observe that at the last two Annual Meetings frequent reference was made to the expected period of deflation that would inevitably follow the conclusion of the War. We may assume that a very large percentage of Canadian business people were convinced that a marked decrease in commodity values would take place, but, unfortunately, just as large a percentage were unprepared for the situation when the very sudden drop in prices of practically all classes of merchandise took place in 1920. Fortunately, in almost every line of business substantial profits had been made during the past three or four years, otherwise the situation would have been far more serious. As it is, in many cases profits will disappear and inroads will be made on capital. In view of all these conditions, the inspection and valuation of the Bank's Assets by its officers and

Auditors, has been more than usually thorough and drastic. So far as it is possible to do so, every provision was made for business of a doubtful character before the final figures in the Annual Statement were compiled. That the present year will bring many further commercial complications is obvious, but insofar as the commercial loans of The Dominion Bank are concerned, we feel that they are, on the whole, of an exceptionally good class and that the great majority of borrowers are in a position to stand any reverses that may arise through shrinkages in values of commodities or other business contingencies which are sure to occur at such a time as this.

During the past few weeks we have had a plethora of comments and views from financial and commercial authorities and from the press, on the unusual features of finance and commerce that have arisen during the past twelve months. All these matters have been exhaustively and intelligently dealt with by many competent authorities. There are two or three questions, however, that might be referred to with advantage.

With the cessation of the activities of the Canadian Wheat Board in the closing months of 1920 the last form of Government control instituted during the War period has ceased, and business people can without hindrance complete their own definite plans for the conducting of their own affairs. The effect of this was evidenced by the ability of our exporters to successfully dispose of such portions of our products as were offered for sale. Had it not been for the unfortunate attitude of some producers, who failed to take advantage of the excellent prices which prevailed in the Autumn of 1920, the greater portion of Canada's products would now have been marketed, with a further general decrease in individual debts and a strengthening of the country's financial position.

At a time when Canadians are seeking in every way to strengthen their foreign trade and to increase exports, it is vexatious and disturbing to find that, largely from political causes, embargoes against shipments of live stock and certain products to the United States are threatened. Such a policy from our neighbors to the South appears ill-advised and can only result in a heavy

decrease in our own purchases in the United States. Another cause of general irritation amongst the Canadian business public, and perhaps more justified, is the continuance of Great Britain's embargo against the importation of Canadian cattle, notwithstanding an intimation from the British authorities that it would be discontinued when the War was over. It is admitted on the other side that the danger from disease has practically disappeared and we are surely entitled to reasonable consideration from the mother country in this matter, failing which and in view of the threatened action of the United States, a serious blow will be dealt at the whole Canadian cattle industry. Strong pressure has been brought to bear from many quarters for the removal of the embargo but so far without success.

The functions and activities of the Canadian Banks are still the subject of comment and some criticism from various sections of the community, but the fact remains that they have handled the financial affairs of this country, and are still continuing to do so, through a most trying period with practically no serious disturbances. The outcry for small local Western Banks, and Provincially-owned Banks, still continues but those who promulgate such measures would do well to take a lesson from the conditions which have arisen in some of the border States; Bank failures have been numerous and it has been clearly demonstrated that institutions with small capital and operating in restricted areas, cannot successfully carry on during times of stress when by reason of territorial restrictions, they are forced to employ their earning power in the same districts in which it is obtained.

The Federal Reserve Board of the United States was recently called upon to furnish a statement of all the agricultural loans made during the past year and the report was startling. It showed that the Reserve Banks in 1919 had loaned \$713,000,000 on agricultural and live stock paper, but that during the first eleven months of 1920 they had loaned the huge sum of \$1,980,000,000. This was an increase from \$102,000,000 to \$325,000,000 at Richmond, Va., from \$75,000,000 to \$225,000,000 at Minneapolis—where the financing of most of the small Banks in Minnesota and the Dakotas is arranged—and

from \$220,000,000 to \$665,000,000 in St. Louis. This enormous expansion was largely caused by the disinclination of farmers and dealers in live stock to sell on falling markets and without the assistance and facilities of the Federal Reserve Bank wide financial disaster would inevitably have taken place. To a lesser degree, the same conditions prevailed in Western Canada, but we find that notwithstanding the scarcity of money, advances by the Canadian Banks to borrowers in the Provinces of Manitoba, Alberta and Saskatchewan alone increased by \$90,000,000 in 1920 as compared with the previous year. This is a striking illustration of the soundness and elasticity of the Canadian banking system under which the Banks successfully dealt with a situation which could not possibly have been handled by small local banking corporations.

Last Autumn a number of your Directors—with the General Manager and other Officials—made an extensive trip through Western Canada, visiting every branch of importance and conferring with our representatives in these districts. I am sure that such trips of inspection, at reasonable periods, are of great value to the institution, enabling your Directors—and through them the Shareholders—to become more closely informed on the Bank's business, to more clearly understand conditions in the various districts in which the Bank is established and to better deal with the different questions which are submitted for their consideration from time to time.

The Meeting of the Shareholders of The Dominion Bank to-day is of more than usual interest and importance. On the 31st of January the Bank will complete its Fiftieth year, and it is opportune, therefore, that the remarks of those who address you should be largely of a reminiscent character, dealing with the men who were responsible for the founding of the Bank, its activities and development during the half century drawing to a close, some reference to those who have represented the Shareholders on the Directorate during that period and those who have been the Executive heads of the institution.

A history of the Bank is now being prepared and will shortly be issued to the Shareholders—an interesting book which we think will be well worthy of perusal

and preservation. This will deal more fully, and in an interesting form, with the founding of the Bank and its activities for the past fifty years.

After the necessary negotiations and the securing of the required legislation, which extended over a period of nearly two years, business was commenced on February 1st, 1871, on the North side of King Street East, near Toronto Street, in what was then known as the Harris shop. The provisional Directors of the Bank were Messrs. John Worthington, James Crowther, John Crawford, M.P., Hon. J. C. Aikens, Walter Sutherland Lee, Joseph Gould, Hon. John Ross, James Holden, Aaron Ross.

Of the original shareholders, 250 in number, 3 are still living—Sir Edmund B. Osler, Sir William Mulock and Mr. A. R. Boswell—and 2 are present at this Meeting.

We find by our records that Sir William Mulock, who at the time of the Bank's incorporation was a member of the firm of Ross, Lauder & Mulock, the Bank's first Solicitors, took an active part in securing the necessary legislation and was for a long time engaged in other matters appertaining to the Bank's earlier development. From that time on he has never failed to take a warm interest in the Bank's affairs and progress.

The first Board of Directors elected by the Shareholders was as follows: Messrs. James Austin, James Crowther, James Holden, Peleg Howland, J. H. Mead, Frank Smith (afterwards Sir), John Worthington. The minutes of the preliminary meetings of the Provisional Directors show that great care was taken in the selection of the first General Manager of the Bank—or, as he was styled in those days—the Cashier, and they were fortunate in securing the services of the late R. H. Bethune, who was at that time Manager of the Quebec Bank in Toronto, with 18 years' previous banking experience. A great measure of credit must be given to him for his successful management of the Bank's affairs for a period of 24 years.

The first report to the Shareholders was presented on May 1st, 1872, and, notwithstanding a period of dullness, net profits of \$107,488 were reported, and this initial Profit and Loss Statement is most interesting

by comparison with the reports that are presented to Shareholders during the present period of expansion. larger earnings and increased distribution to Shareholders.

During the first year the Bank opened Agencies at Whitby, Oshawa, Orillia and Uxbridge and on Queen Street West, Toronto, all of which offices are at present in existence and show very substantial growth. Whitby was the first office of the Bank to be opened outside of Toronto, and the Branch at Queen Street West, Toronto, was the first City branch to be opened by any Bank in Canada.

During the first ten years moderate, but satisfactory development took place and even during the depression which occurred in the years 1876-1879 there was only a slight falling off in the net profits of the Bank. In 1873 Mr. John Worthington died and was succeeded on the Board by Mr. John Severn. In 1879 Mr. J. H. Mead died and his place was filled by Mr. Edward Leadlay. During that year the Bank acquired property at the South-west corner of King and Yonge Streets and erected what was considered in those days, and was indeed, a pretentious and striking edifice. In 1880 Mr. Severn passed away and was succeeded on the Board by Mr. James Scott. During this period very few Agencies were opened—Cobourg, Napanee, Belleville and Lindsay being the chief ones. The progress of the Bank during that decade was as follows:

Year	Total Deposits	Net Profits	Total Assets
1871	\$1,057,150	\$107,488	\$2,541,583
1881	3,380,554	143,930	5,939,422

In the year 1882 a notable appointment was made to the Board in the election of Edmund B. Osler to the place of the late James B. Holden. At the Annual Meeting in 1882 the Capital Stock was increased by \$500,000, and at the succeeding meeting, in May, 1883, the Hon. (afterwards Sir) Frank Smith was elected Vice-President in succession to the late Peleg Howland. The late W. D. Matthews was also added to the Board and the dividend was increased to 10%. In 1884 Mr. Crowther retired from the Board and Mr. William Ince became a Director. That year an additional frontage on Yonge Street was purchased and building improvements

made. During the second ten year period the progress of the Bank was steady and its Total Assets doubled:

Year	Total Deposits	Net Profits	Total Assets
1881	\$3,380,554	\$143,930	\$5,939,422
1891	8,576,955	220,423	12,731,841

It is interesting to note that the total amount written off Bank Premises Account for the first twenty years of its existence was \$45,000, as against \$200,000 in 1920.

The earnings were well maintained until the depression of 1893 caused a slight reduction but not sufficient to affect the dividend which was paid at the rate of 10% from 1883 to 1887; at 10% with a bonus of 1% additional, from 1888 to 1894, and at 12%, payable quarterly, from 1895 to 1900.

The Rest Account was slowly increased until in 1894 it reached the goal which all well conducted banking institutions aim for—the Rest Account equalled the Paid-up Capital. In 1895 Mr. Bethune's death took place and we find a resolution at the Annual General Meeting referring to the event with great regret, and making reference to his outstanding ability, energy and careful management. The Bank, which had started under his supervision in 1871, and the first year had Total Assets of \$2,500,000, at the time of his death had Assets of \$14,000,000. R. D. Gamble, who had served in the Bank since its inception, was then promoted from the Management of the Main Office in Toronto to succeed Mr. Bethune. He conducted the Bank's affairs through a difficult period with marked ability and judgment until the time of his death in 1899. During his period of Management the Assets of the Bank grew from \$14,289,165 to \$19,956,529.

In 1896 the late W. R. Brock succeeded the late James Scott on the Board. In February, 1897, the Bank suffered a great loss in the death of its founder and first President, James Austin. Sir Frank Smith then became President and E. B. Osler, Vice-President. Mr. A. W. Austin at the same time succeeded his father on the Directorate.

Branch extension by Canadian Banks all this time was at a very moderate pace. To 15 branches in 1888 The Dominion Bank only added 5 in the following ten years, when a notable expansion was made by the open-

ing of the first branch in the Canadian Northwest, at Winnipeg, Man., in 1897, and in the East at Montreal, Que., in 1898. Owing to the gratifying increase in business at Winnipeg, a large and more suitable building was erected in 1899.

Mr. Gamble had been succeeded by the late T. G. Brough, formerly Manager of the Toronto Main Office, and during a time of great national prosperity and expansion, the Bank entered a period of even greater progress than in the past. At the Annual Meeting in 1900 it was decided to double the Capital Stock by issuing \$1,500,000 additional, at a premium of 100%, and at the same meeting the late Timothy Eaton was elected a Director in the place of the late Edward Leadlay. In 1901 Hon. Sir Frank Smith died, and Mr. (now Sir) Edmund B. Osler was elected President and Mr. W. D. Matthews, Vice-President, and the late J. J. Foy, K.C., M.L.A., filled the vacancy on the Board.

During this period the progress of the Bank was as follows:

Year	Total Deposits	Net Profits	Total Assets
1891	\$ 8,576,955	\$220,423	\$12,731,841
1901	18,577,617	275,192	25,623,245

It is worthy of note that from 1903 to 1912, following the general development of the country, a number of branches were established; in 1903 London and Madoc, Ont., Boissevain, Brandon, Deloraine and Selkirk, Man., and Grenfell, in the North-west Territories, were opened. In 1904 Fort William and St. Thomas Branches were opened. In 1905 the late William Ince passed away and was replaced by Mr. R. J. Christie. Mr. Brough died suddenly in May, 1906, after most successfully conducting the Bank's affairs for the brief period of seven years, and his place was filled by the present General Manager, who for eight years previously had been the Bank's Manager at Montreal. In 1906, Chatham, Dresden, Peterborough, Tilbury, Windsor and two Toronto branches were opened in Ontario, and in the West at Calgary, Edmonton and Regina. Mr. James Carruthers of Montreal, and Mr. A. M. Nanton, of Winnipeg, were added to the Board in 1907. Mr. Eaton died in 1907 and his son—now Sir John C. Eaton—took his place. During that year branches were opened at Ottawa, Hamilton

and Kitchener and additional offices at Toronto, Montreal, Strathcona, Alta., and Vancouver, B.C. In 1908 six Ontario branches of the Sovereign Bank were taken over, two others were opened in Ontario and one in Wawota, Sask. On July 1st, 1911, London, Eng., Branch was opened with Mr. E. W. Hamber, now a Director of the Bank, as Manager. The number of branches of the Bank increased in this particular period from 33 to 86. Comparative statement of assets for this period is as follows:

Year	Total Deposits	Net Profits	Total Assets
1901	\$18,577,617	\$275,192	\$25,623,245
1911	53,547,865	704,045	70,179,552

During the past ten years the Bank has continued to show steady growth in all departments and many Branches have been opened, notwithstanding the fact that during the last two years of the War period no special efforts were made for unusual branch extension by reason of staff conditions and other adverse circumstances. An important move was made in 1919 when an Agency of the Bank was opened in New York—our first office in the United States—completing the chain of International communication between Canada, the United States and Great Britain.

The comparative figures for the past decade are interesting and are as follows:

Year	Total Deposits	Net Profits	Total Assets
1911	\$ 53,547,865	\$ 704,045	\$ 70,179,552
1920	104,941,256	1,188,511	139,263,093

A notable event in the history of the Bank took place in November, 1914, shortly after the opening of hostilities, when the present *Head Office Building*, which had been in course of construction for more than two years, was finished and occupied, providing accommodation for the Head Office staff and the Toronto Main Office business, which should be adequate for many years to come. It was a fortuitous circumstance that the building was erected during a period when labour and material were cheaper than for many previous years. Had the erection of a building been delayed for another year or two the cost would have been almost prohibitive. Our building stands on what is probably the busiest and most important corner in British North America, and

on looking over some historical records of the City of Toronto, it is of great interest to find that the land now occupied by your Head Office building was in 1826 described as "a meadow" with a very offensive pool of water thereon, and was sold in that year for £750.

It can truthfully be stated that The Dominion Bank has always been a *strong and successful institution*, and, with equal truth, it can be said that these circumstances can largely be attributed to the integrity, intelligence and business acumen of that small group of men, headed by James Austin, who started the Bank on its career and directed its policy for the first years of its existence. Their policy has been continued, with some periodical changes, to meet the country's expansion, but it is obvious that your Directors have always selected men of the highest standing and integrity for their associates on the Board. It has been said that that country is happy that has no history, and looking through the story of Canadian banking, may we not add that fortunate is the Bank that has been in existence for fifty years without a reverse of some character.

I think that the Shareholders of the Bank may join with the Directors and Officials in a feeling of pride that during the fifty years of the Bank's career—

It has never had a really serious reverse from the day it opened, even during the many periods of unsettlement and depression through which it has passed;

The capital has never been reduced;

It has never failed to make regular and substantial distributions to the Shareholders;

Its assets and resources have reached the present figures through steady and natural expansion;

The totals have never been swelled by amalgamations with other institutions.

On the 1st of February next The Dominion Bank will start the second long period of its history. In the ordinary course of events, changes in your Directorate and in the personnel of the executive heads of the Bank, are sure to take place during the next few years, but let us hope that those who are in charge of the Bank's affairs, whether on the Board or the Executive, will con-

tinue the supervision of the Shareholders' interests on the lines that have been successful in the past. It should be a source of gratification to the Shareholders of The Dominion Bank—as it is to the Directors and its Officials—to feel that it is beginning a new era with a well established and profitable business, in a strong position and enjoying the confidence of the Canadian public.

#### ADDRESS BY THE PRESIDENT.

In moving the adoption of the Report, the President, Sir Edmund B. Osler, addressed the Shareholders as follows:

“Gentlemen, you have heard the report read by the General Manager and you have listened to his very able and exhaustive remarks in connection with the matters referred to, so that it falls upon me to say very little. The Bank has been exceedingly prosperous; it has had the loyal support of its staff in the very fullest degree, and the hearty co-operation of all concerned. The number of shareholders when the Bank opened was 250; in 1872 they numbered 340 and to-day 1,923, showing a steadily widening demand for investment in Dominion Bank stock. Of the original 250 shareholders, there are three alive to-day. Two are at this meeting—Sir William Mulock and myself—the other, Mr. A. R. Boswell, who has acted as Scrutineer for many years, is in the South for the Winter. There has, therefore, been a great weeding out of the original shareholders. The Bank, I think, has paid proportionately larger dividends than any other Bank in Canada for the past fifty years, in that it has paid them continuously. As the General Manager remarked, there has never been a serious reverse in the history of the Bank from the day it opened. Its assets and resources have been, I think, as carefully scrutinized by the Board of Directors as is possible, and they have written off and made provision, as far as in their judgment is necessary, for any possible loss. He would be a bold man who would not anticipate considerable losses here and there during the next two or three years, and we must expect to take our share of them.

Three years ago I gave you an extract from Poor Richard's Almanac. I was reading it to-day and his advice is so much more valuable now than it was then

that I thought I would read an extract or two. The old gentleman was addressing an audience that had come to an auction sale of all sorts of things and they were asking his advice. He was evidently the oracle and adviser of the community and this is what he said: "Friends," said he, "the taxes are indeed very heavy, and if those laid on by the Government were the only ones we had to pay, we might more easily discharge them, but we have many others and much more grievous to some of us. We are taxed twice as much by our idleness, three times as much by our pride, and four times as much by our folly, and from these taxes the commissioners cannot ease or deliver us by allowing an abatement. However, let us hearken to good advice and something may be done for us; God helps them that help themselves."...."If we are industrious we shall never starve for at the working man's house hunger looks in but dares not enter. Nor will the bailiff nor the constable enter, for industry pays debts, while despair increaseth them. What though you have found no treasure, nor has any rich relation left you a legacy. Diligence is the mother of good luck, and God gives all things to industry. Then plough deep while sluggards sleep, and you shall have corn to sell and to keep.".... "Buy what thou hast no need of, and ere long thou shalt sell thy necessaries.".... Thus the old gentleman ended his harangue. The people heard it and approved the doctrine, and immediately practised the contrary, just as if it had been a common sermon; for the auction opened, and they began to buy extravagantly.

I think that is a very good description of what has happened in this country for the last three or four years. We have all talked about extravagance. Every institution at its Annual Meeting has talked against extravagance and all have gone way as if they had been listening to a "common sermon."

#### REMARKS BY VICE-PRESIDENT MR. A. W. AUSTIN

"We have listened with much interest to the statement regarding the position of the Bank after half a century of endeavour, and I think you will agree with me, that it is most satisfactory, considering the "after-the-war" conditions. Keeping bank funds properly em-

ployed during the past year, especially with many declining values, has been a great anxiety to the officers. The coming year is likely to be less trying, in that business is becoming more settled, and that there seems to be quite a movement from the cities back to the land, as the Ontario Government is giving more attention to good roads and is assisting the farmer in many other ways, more than ever before, the life should become more attractive. The greater use of machinery and electricity makes farm work less laborious than it was a few years ago. It is also reassuring to know that the local Government is interesting itself in the better marketing of crops; the Minister of Agriculture is doing excellent work in making provision for the shipping to Great Britain, in cold storage, of our fruits, and there has lately been found a new market for our grapes in the United States for the manufacture of native wines and for other uses, whereby prices for grapes will be greatly increased—several hundred tons were sold to that country in the past year. The prospects for our fall wheat are, thus far, very encouraging, but should this crop not be all we expect, the farm products of Ontario are so varied that the farmers seldom experience a total loss.

Who is not proud of Canada with its three Transcontinental railways; its new naval unit; its merchant marine giving an impetus to foreign trade; its incomparable sea and lake fisheries; its renowned wheat belt, as well as pulpwood, minerals and other natural resources. Indeed, we have a great heritage.

As you remember, the position of Vice-President was divided about a year ago, and as most of you live in Ontario, you know what is going on here but not so much about the West and my colleague, Sir Augustus Nanton, I know will feel jealous if I should uphold Ontario more than the West; in fact, I am sure that if he had his way he would like to move the Head Office out to the "Bull's Eye" of the Dominion, which is Winnipeg.

It is with great pleasure that we have listened to the words of our worthy President. We are all delighted to know that he is able to be with us to-day on this Fiftieth Anniversary. I started in the Bank as

a junior so many years ago I feel that if we had not his company to-day it would not have appeared the same to me—I know it would not seem the same to you.

I know that my friend, Sir Augustus Nanton, wants to tell you how much better the West is than the East so I will not detain you with any further remarks. I have very great pleasure in seconding the motion for the adoption of the report.

On a vote being taken, the motion was declared carried.

It was moved by Mr. J. H. Paterson, seconded by Mr. W. C. Crowther, and unanimously resolved, "that Mr. Geoffrey T. Clarkson and Mr. Robert J. Dilworth, the retiring Auditors, be and they are hereby appointed Auditors to hold office until the next Annual General Meeting, and that their remuneration be fixed at a sum not to exceed \$6,000."

Sir William Mulock—"Mr. President and gentlemen, I have been asked to present to you the following resolution, that the thanks of this meeting be given to the President, Vice-Presidents and Directors for their services during the year. I have much pleasure in moving this resolution. The most interesting address read to us a short time ago by the General Manager, Mr. Bogert, reminds us that now some fifty years have rolled by since this Bank opened its doors for business and many congratulatory remarks have been made with regard to the financial success of the institution. I share in those congratulations, both because of the great prosperity that has come to the institution and also because that prosperity testifies to what may be accomplished. It is a splendid object lesson to show to the public what may be attained when fidelity and efficiency of Directors and officers, employers and employees, unite for the attainment of some great and common purpose.

The chairman suggested, as did also Mr. Austin, that some of us who knew of the past should indulge in some reminiscences and I am sorry to say that I am about the oldest man in this room, having less than a week ago, reached my 77th year. Nevertheless I claim to be going strong yet, and I do not despair of moving a resolution like this at the next jubilee.

I am reminded that I was their original legal adviser and they came to me and asked me to prepare the heading for the subscriptions to be signed by the shareholders. I did so, and if it is not too late, I would remind you, Mr. General Manager, that that bill for fifty cents is still unpaid. Allusion has been made to the opening of the agencies. I recall the first rural agency of this Bank and I also recall the report made to me by the inspector of his first inspection of that branch. The Agent was province bred, he was the son of a Quaker, and had been brought up on the farm. The Inspector when visiting the branch found that business being rather slack, the Agent thought he could very much better use the private office assigned to him for his own use and so when the inspector went in to see him he found instead of the Agent some twenty-five chickens. He called the agent to account and said 'what are these doing here?' The agent replied—well, there is no need of the office and it ought to be utilized. The Inspector told him that could not be. Well, said the Agent, you have to choose either to let me keep the chickens or give me an increase in salary. I do not know how that trouble ended.

I am not going to trespass upon your time but when I see the portrait of the first President hanging before me it does remind me of something. It reminds me of the time he became President and how he came to be President of this Bank. He had been a Director of the Bank of Commerce. Mr. James Holden, of Whitby, who was a friend of Mr. Austin's and a friend of mine, had, with me, for a couple of years been trying to get stock subscribed for this Bank but it was heavy going, in fact it did not go at all. At last a bit of good fortune happened. For some reason of a personal nature, Mr. Austin withdrew from the Bank of Commerce. That was the psychological moment. Mr. Holden, a very shrewd man, seized upon it and went to Mr. Austin and asked him to join the Board. Mr. Austin was not anxious to go into banking again, but there was a little of the old Irishman in him and he was good for a fight. From that time things went ahead. The stock list closed the next day—perhaps Sir Edmund Osler does not remember it but I do—and the moment

the stock books closed, when a little over half a million dollars was subscribed, the stock rose to a premium of nine and never went below that figure.

The Bank was fortunate in the personnel of its first Board. They were men of business acumen and great personal probity and they carried those qualities into the affairs of the Bank—when a vacancy occurred they took care to fill it with a man like the man who had gone, and so it has continued from the beginning until now. The same characteristics have persisted and have guided the affairs of this Bank from the commencement to the present time and while, therefore, congratulating the Shareholders upon the Board of to-day, we must bear in mind that they are representative in their character, their integrity, their business acumen and skill, of this whole ancestry of Directors who have preceeded them in these responsible positions. I have very great pleasure in moving this resolution.”

Honourable Thomas Crawford—“I rise to second this resolution, so very ably and eloquently moved by Sir William Mulock. I think that the Shareholders of this Bank have more reasons than one for rejoicing to-day. The history of this Bank, as given to us by the General Manager, is one, I am sure, that interests every Shareholder and gives us an idea of the class of men who have had to do with the institution from its inception. Fortunately, or otherwise, though not then a Shareholder, I am among the few who remember the opening of The Dominion Bank in the King Street office some fifty years ago. Although as I say, I was not a Shareholder, the very same year or the following year, I happened to be one of the individuals who opened an account in the first City branch of the Bank to be established, at what is now the corner of Queen Street and Augusta Avenue. I have the good luck to still have an account in that branch. The gentleman who had to do with the laying of the foundation and the establishment of business principles in connection with The Dominion Bank, the late Mr. Bethune, was then the General Manager and he always treated me—as I have always been treated when doing business in this institution—with the utmost confidence.

Let me say just this regarding the chapter that has been added to the history of this Bank—I am sure that I am only voicing the sentiment of every Shareholder when I say that the resolution moved by Sir William Mulock in reference to the thanks of the Shareholders assembled being given to the President, Vice-Presidents and Directors of this Bank, should meet with hearty approval. The history of the past warrants us in thinking that they are deserved. Those Presidents who have passed away are deserving of every consideration, but in no case can we say that the present occupant of that chair is not one of the men who by his integrity, his straightforwardness and his ability has distinguished himself as one of the greatest citizens that Canada has produced, and I think that we, as Shareholders, cannot help but endorse to the fullest extent the work that he has done and the service he has rendered to this institution. I would like also to say that the President, Vice-Presidents and Directors have been guided wisely by suggestions of the sanest and best plans from a most able General Manager and body of co-workers—from men who have filled and are filling responsible positions in the branches of this Bank throughout the Dominion of Canada, and may we not say in all fairness and truthfulness to the Shareholders, your investment is a good one, the past record is a noble one and the present gentlemen are capable of carrying it on and results will follow. I have much pleasure in seconding the motion.

On a vote being taken, the motion was declared carried.

Sir Augustus Nanton—Gentlemen, on behalf of the President, Vice-Presidents and Directors, I beg to thank you for the resolution just passed and we especially desire to thank the mover and seconder for their extremely kind remarks. I cannot go back to the beginning of The Dominion Bank but my first connection with this institution dates back almost forty-eight years when I carried messages to and from the first Cashier. Later on, however, I became more closely connected with the Bank, having entered the service of your President over forty-five years ago. I feel that I have been specially honoured and privileged by the fact

that in my early life I had the benefit of the advice and guidance of those connected with The Dominion Bank. I happen to have kept in the early days the personal accounts of the first President of The Dominion Bank, Mr. Austin. I, therefore, knew all or nearly all his private affairs, and with Sir Edmund, as I said, I have been for more than forty-five years. Most people put Sir Edmund down as being connected with the Bank since 1882, but I know from personal knowledge, although not on the Board, his advice was sought and given from the very beginning of the Bank.

Now, I am not going to make any extended remarks but Mr. Austin has referred to the fact that the interests of the Bank are large in the West. When I left Toronto I felt that I was going to a place without a branch of The Dominion Bank and I was somewhat lost. For many years I advocated—both by letter and by verbal argument—that The Dominion Bank should open a branch in Winnipeg. At last I succeeded in getting the Directors to view the matter from my point of view and they not only opened the branch, but they appointed the Manager whom I had strongly recommended. The position of the Bank to-day is, that all we have to do is to open one more branch in the city of Winnipeg and we will then have in greater Winnipeg as many branches as the whole Dominion Bank had when I left Toronto. I again thank you, on behalf of the President, Vice-Presidents and Directors, for the resolution just passed.

Mr. A. Monro Grier, K.C.—Gentlemen, it is now my honour to propose a vote of thanks, but before doing so I should like to say that when I was asked to propose the vote it was intimated that this was the fiftieth anniversary of the Bank, and although that seems to be rather an argument against myself, rather than in my favour, I consented to propose the vote of thanks and I now have the honour of proposing that the thanks of this meeting be given to the General Manager and other Officers of the Bank for the efficient performance of their respective duties.

We have been told something of the growth of the Bank and I shall only refer to the personnel. For instance in 1871 the total membership of the staff was,

I think, six. The membership to-day, I am informed, is over twelve hundred. The original membership, I believe, included one single woman and to-day there are three hundred and thirty. I should like to say this, if I may, that I am in accord and agreement with those who have spoken of the way in which the Bank has progressed by reason largely of the loyalty of those who have served. May I make this point, that in my judgment you can only get loyalty from below if you get loyalty extending downwards from above. I feel that it is of the utmost importance that we should always bear this quality in mind, not only by reason of the beauty of the quality itself, but because in all human judgment it is one of the greatest commercial assets you can possibly have in any institution whatever. I venture to remind all of us that right at the top of the Bank is that loyalty which radiates all through the institution and I do wish, if I may, to suggest to you, as well as to myself, that we who have the good fortune to be here at this delightful gathering should perhaps bear in mind those who by reason of their distance from us, or possibly by reason of their position, are not with us to-day. What is the value of a gathering such as this? It is largely commercial, I admit, and properly so, but there is a value quite outside of that. If you ask me my individual judgment it is the opportunity of getting together, the opportunity of men who usually are removed from each other to actually get together and to meet, in order to realize that they are serving together in loyalty in one institution, and to clasp hand with hand. In my judgment I say, that is perhaps the greatest benefit that is derived from these *gatherings*. We have heard of the great things done since 1871 and I should like to remind you as we are being reminiscent, of a saying by Carlyle—"How have these things been done?" This quotation from a great writer and thinker will not be misunderstood, when I say that there is a vast truth in this fact, that we have arrived where we have arrived to-day because those in 1871, no matter how great their vision may have been of the future, did a great deal of the work which had to be done. I, therefore, give you the sentiment expressed in the lines, "Our main business undoubtedly

is not to see the things dimly which lie far away, but to see clearly and do the things which are close at hand." The work has been done faithfully by all concerned from the top to the bottom of this institution and I am of the view, as doubtless we all are, it will go on from greater to greater times.

I suggest that we to-day should evidence our interest, not alone in those who are near and in the very centre of this institution, but in those who are in the far outlying parts and who, therefore, have not the opportunities that we have of gathering together. We, as Shareholders, should indicate to them as they have been loyal to us so we should display our loyalty to them, and, therefore, it is with absolute sincerity and with a feeling of real affection that I move this resolution that the thanks of this meeting be given to the General Manager and other Officers of the Bank for the efficient performance of their respective duties.

Mr. P. Leadlay—I take pleasure in seconding this resolution.

The motion was declared carried.

Mr. C. A. Bogert—Last night in this room 155 senior representatives of the Bank gathered to celebrate the Bank's Fiftieth Anniversary, and I think it is a sufficient reply to the very eloquent remarks of Mr. Grier to tell you that the remarks made by the members of the staff who addressed us were so expressive of loyalty to your interests, and pride in the achievements of the institution that no other response is required from me. I want to assure Mr. Grier for myself, and for all the members of the staff, that we thoroughly appreciate what he has said to-day, at the commencement of the second long period of the Bank's history, and to further assure you of our renewed and, if possible, greater efforts on behalf of the Shareholders.

Mr. Bogert then asked Mr. W. K. Pearce, the Assistant General Manager at Toronto, and Mr. F. L. Patton, the Assistant General Manager at Winnipeg, to reply to the resolution.

Mr. Pearce—Speaking for the General Manager, Officials and members of the staff, I can assure you that your vote of thanks is received with keen appreciation. Last night we had a gathering here of a great many

of our Western Managers and a larger number of our Eastern Managers. It was a very delightful reunion. The Dominion Bank, whose service I joined in 1885, has always been particularly fortunate, I think, in having a staff that was most loyal and most faithful at all times, and the staff of to-day is just as loyal and enthusiastic in the Bank's service and as faithful to its interests as any staff it has had in the past. The past year has presented new problems and increasing business has made additional demands upon the judgment of the Bank's Officers and the ability and industry of the staff. We have met those conditions as well as we could, but it would have been impossible for the Head Office Officials to carry on as we have carried on without the efficiency and loyalty and, as I said before, the faithfulness of the staff. I thank you very much on their behalf for your kind expressions.

Mr. Patton—Mr. Chairman, I feel a particular sense of honour in being asked to reply on behalf of the staff of the Bank because after all the best interests of all Banks are more or less controlled by its Managers and its staff. Although in our grand old institution we have Directors that cannot be beaten and a General Manager who cannot be surpassed, I want to say the staff also should be considered. After having had the pleasure of attending the meeting last night in this large room—which I certainly didn't recognize as the same when I came in—and after looking at the 150 faces of the Managers from the East and the West, I have no hesitation in saying, and I say it boldly, there is no institution in Canada with a body of such high class and high grade personality as was here last night. As time is going on, I just want to express on behalf of the staff the deep appreciation we felt in the presentation of a Christmas gift of a very handsome bonus; we are glad to know that the Board of Directors have formed the habit. I simply want to say that in these times of high cost of living, anything in the way of a bonus is very greatly appreciated, and I am sure that if possible it will add to the loyalty and devotion of the staff.

It was moved by Mr. James Ince, seconded by Mr. L. H. Baldwin, and resolved: "That whereas it is deemed

expedient to increase the number of Directors from thirteen to sixteen;

"Be it therefore enacted by the Shareholders of The Dominion Bank assembled in Annual General Meeting, that By-law No. 4 of the Shareholders' By-laws be, and the same is hereby repealed, and that By-law No. 3 of the Shareholders' By-laws be, and the same is hereby amended, by striking out the word "thirteen" where it occurs in the said By-law, and by substituting therefor the word "sixteen," and also by adding thereto the following sub-section, and that as amended the said By-law shall read as follows:—

1. The number of the Directors of the Bank shall be sixteen, of whom three shall form a quorum.

2. The Board of Directors at any duly called meeting may fill vacancies if and when in the opinion of the Directors present at the meeting it shall be in the best interests of the Bank that any vacancy shall be filled, provided that vacancies caused by the death or resignation of any Director elected at any Annual Meeting of Shareholders shall be filled by the Directors without unnecessary delay."

It was moved by Mr. Graham Campbell, seconded by Mr. William Ross, and resolved: "That By-law No. 6 of the Shareholders' By-laws be and the same is hereby amended by striking out the amount "Twenty-two thousand Dollars (\$22,000)" where it occurs in the said By-law, and by substituting therefor "Twenty-five thousand Dollars (\$25,000)," and that as amended the said By-law shall read as follows:—

"The remuneration of the President, Vice-Presidents and Directors of the Bank is hereby fixed at the total amount of Twenty-five Thousand Dollars (\$25,000) per annum."

It was moved by Mr. James Scott, seconded by Mr. Leighton McCarthy, K.C., and resolved: "That the poll be now opened for the election of thirteen Directors, and that the same be closed at two o'clock in the afternoon, or so soon before that hour as five minutes shall elapse without any vote being polled, and that the Scrutineers, on the close of the poll, do hand to the Chairman a certificate of the result of the poll."

The Scrutineers declared the following gentlemen duly elected Directors for the ensuing year: Messrs. A. W. Austin, James Carruthers, R. J. Christie, Sir John C. Eaton, E. W. Hamber, H. W. Hutchinson, W. L. Matthews, R. S. McLaughlin, Sir Augustus M. Nanton, W. W. Near, Sir Edmund B. Osler, A. T. Reid and H. H. Williams.

At a subsequent meeting of the Directors Sir Edmund B. Osler was elected President and Mr. A. W. Austin and Sir Augustus M. Nanton, Vice-Presidents, for the ensuing term.
