### AUDITORS' REPORT TO SHAREHOLDERS

We have compared the above Balance Sheet with the books and accounts at the Chief Office of The Dominion Bank, and the certified returns received from its Branches, and after checking the cash and verifying the securities at the Chief Office and certain of the principal Branches on December 30th, 1922, we certify that, in our opinion, such Balance Sheet exhibits a true and correct view of the state of the Bank's affairs, according to the best of our information, the explanations given to us and as shown by the books of the Bank.

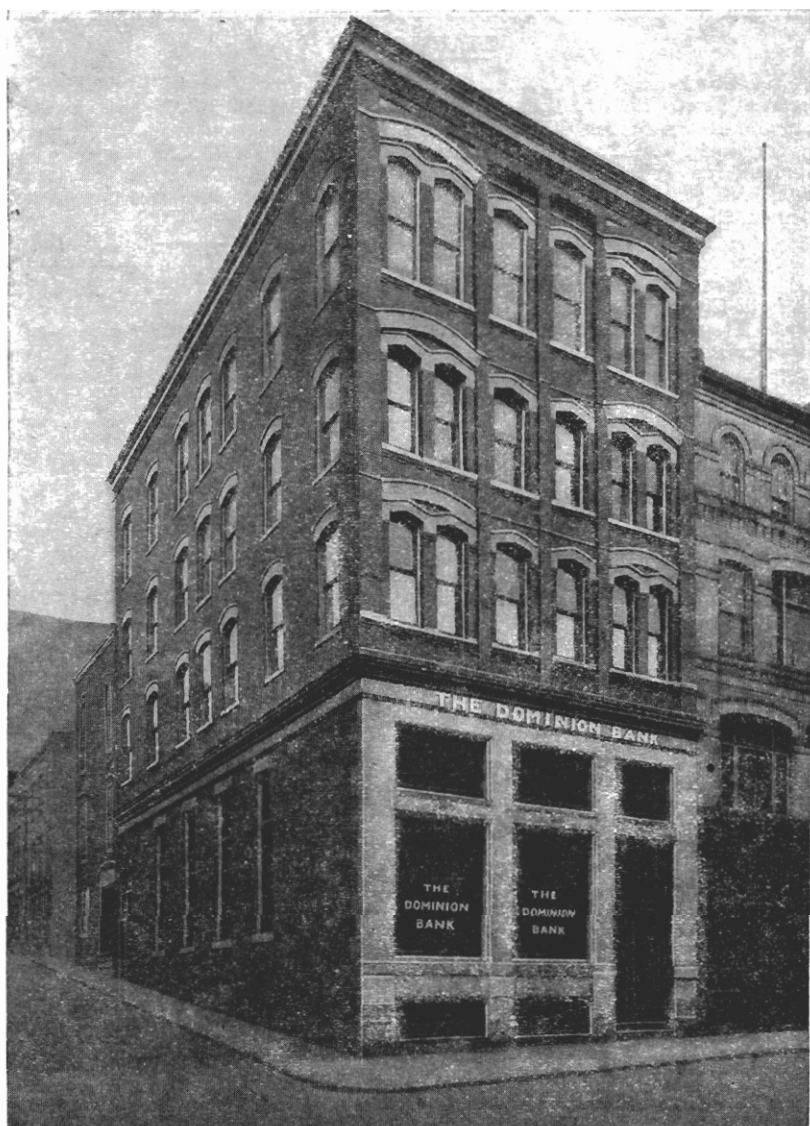

In addition to the examinations mentioned, the cash and securities at the Chief Office and certain of the principal Branches were checked and verified by us at another time during the year and found to be in accord with the books of the Bank.

All information and explanations required have been given to us and all transactions of the Bank which have come under our notice have, in our opinion, been within the powers of the Bank

Toronto, January 18th, 1923.

Gray, J. W. Spragge (Cobourg), R. S. McLaughlin (Oshawa), Charles A. Ross, Hon. Thomas Crawford, A. E. Gibson (Guelph), Arthur J. Hills.

Mr. C. A. Bogert:—"Gentlemen: Before proceedings commence I have been asked by your President, Sir Edmund Osler, to express his great regret that he is unable to be present on account of slight indisposition. He has had an attack of influenza and will have to remain at home for another day or two."

It was moved by Mr. A. T. Reid, seconded by Mr. R. Y. Eaton, that Mr. A. W. Austin do take the chair, and that Mr. W. K. Pearce do act as Secretary.

Messrs. E. H. Baines and R. M. Gray were appointed Scrutineers.

The Secretary read the Report of the Directors to the Shareholders and submitted the Annual Statement of the affairs of the Bank.

## TO THE SHAREHOLDERS:

The Directors beg to present the following Statement of the result of the business of the Bank for the year ended 30th December, 1922:

Balance of Profit and Loss Account, 31st December, 1921 .....	\$ 715,480.59
Profits for the year, after deducting charges of management and making full provision for bad and doubtful debts .....	1,175,478.27
	<u>\$1,890,958.86</u>

Which amount has been disposed of as follows:

Dividends (quarterly) at Twelve per cent. per annum .....	\$720,000.00
Bonus, one per cent .....	60,000.00
	<u>780,000.00</u>
Total distribution to Shareholders of Thirteen per cent for the year ..	45,000.00
Contribution to Officers' Pension Fund ..	157,795.48
Dominion and Provincial Government Taxation ..	150,000.00
Written off Bank Premises .....	1,132,795.48
	<u>758,163.38</u>
Balance of Profit and loss Account carried forward .....	<u>\$1,890,958.86</u>

E. B. OSLER,  
President.

C. A. BOGERT,  
General Manager.

The Head Office and Branches have been inspected during the year by qualified officials of the Bank, and at the Head Office the usual verification of cash and securities has been made by the members of the Board.

The Auditors appointed by the Shareholders, Messrs. G. T. Clarkson and R. J. Dilworth, have investigated the Bank's affairs and their report is attached to the Balance Sheet.

During 1922 Branches of the Bank were opened at Dundas Street West and Runnymede Road, Toronto, and at St. John, N.B. The Shareholders will note with

interest that this is the first Branch of the Bank to be established in the Maritime Provinces.

The following Branches were closed:

*In Ontario:* Union Stock Yards, West Toronto;  
Trenton.

*In Quebec:* Westmount.

*In Manitoba:* Dauphin; Teulon; Norwood, St. Boniface; Portage Ave. and Kennedy St.,  
Winnipeg.

*In Saskatchewan:* Yorkton.

*In Alberta:* Seven Persons; Edmonton Stock Yards,  
Edmonton.

It is with great regret that your Directors have to record the death of Sir John C. Eaton, which took place on the 30th March last. He had been a Director since 1907, and his loss is keenly felt by the Bank and by the community at large. Mr. R. Y. Eaton was elected to fill the vacancy on the Board.

E. B. OSLER, President.

COMMENTS BY MR. C. A. BOGERT,  
GENERAL MANAGER.

“Consideration of the statement presented indicates that the business transacted has been of a satisfactory nature and the strong position of the Bank has been maintained. You will observe that after deducting the usual charges for operating, and making ample provision for accounts of a doubtful character the net profits amount to \$1,175,478.27, as compared with \$1,125,181.64 for the previous twelve months, an increase of \$50,300. To Net Profits is added the balance of Profit and Loss Account carried forward, making a total of \$1,890,958.86 to be disposed of. Your Directors were able to distribute dividends at the rate of 12% per annum, and a bonus of 1% to the Shareholders—a total of \$780,000; \$45,000 was contributed to the Officers’ Pension Fund; \$157,795 was required for

Dominion and Provincial taxation; \$150,000 was written off Bank Premises Account—the same amount as in the previous year—after which a balance of \$758,163.38 was carried forward to Profit and Loss Account, an increase of \$42,682.79. The increase in profits shewn is accounted for by greater activity in nearly all departments and our ability to keep the funds of the Bank well employed.

During a year when the Deposits and Note Circulation of the Canadian Banks have shewn a shrinkage of \$50,000,000, it is interesting to report that there is comparatively little change in our figures under those headings. Our Note Circulation, after declining during the earlier months, expanded towards the close of the year while crops were being marketed and on the 30th of December was \$7,571,461, \$250,000 higher. The total Deposits of the Bank on December 30th were \$98,353,000, as against \$98,804,000 at the end of 1921, a net decrease of \$450,000, or approximately  $\frac{1}{2}$  of 1%. Non-interest bearing deposits increased \$2,000,000, and interest bearing deposits decreased \$2,500,000. The net decrease in deposits of all Canadian Banks for the same period was \$42,000,000. The amount due to the Dominion Government was less by \$4,000,000 when the books were closed because during 1922 we were in a better position to supply the needs of our commercial customers from our ordinary resources than during the previous year. Respecting the Banks' Assets, our ratio of cash reserves, or the equivalent, to public liabilities was well maintained, the total on the 30th of December being \$29,224,112.62 or 25.18% of the Bank's Public Liabilities.

Of other liquid assets, the total of Dominion and Provincial Securities decreased \$1,500,000, almost entirely caused by payments on account of Dominion Government obligations incurred during the War period. In the case of The Dominion Bank, of total advances of \$40,157,500 for War purposes, a balance of \$4,075,160 only is still due. Canadian Municipal Securities and British, Foreign and Colonial Public Securities are less by \$2,300,000 which, is chiefly

accounted for by the final payment in April, 1922, of the amount due by the British Government to the Canadian Banks, of which our original proportion was \$12,370,000. Railway and other Bonds, Debentures and Stocks shew little change. Call and Short Loans in Canada were reduced by \$700,000, and our Call and Short Loans elsewhere than in Canada increased \$2,625,000. The total of Immediately Available Assets, \$57,000,000, is 49.15% of the Bank's Public Liabilities, a slightly lower ratio than a year ago, but if the loans against quickly realizable products, including grain and flour only, shewn with "Other Current Loans and Discounts" are included—as they quite properly should be—the Bank's Immediately Available Assets would be 65% of the total liabilities to the public.

During the period when deflation continued, commercial loans in Canada shew a slight increase, wholly caused by our usual participation in the marketing of Canadian products. I desire to repeat and emphasize what I have stated to the Shareholders at other meetings—that this portion of the assets where the greatest danger of shrinkage in values lies, has only been entered on the Balance Sheet after the most careful scrutiny by the Officials of the Bank, and, in the case of every important account, by the Auditors. The total shewn is compiled after making provision for every possible ascertainable loss, also accounts of a doubtful character, in many of which partial recovery at least is quite probable.

Other items in the Assets shew no change of importance with the exception of Bank Premises Account, the total of which has increased by \$320,000 during the year. The most important expenditure was caused by the acquisition, early in 1922, of a property at the corner of Bleury and St. Catherine Street, Montreal, which the Bank had occupied under lease for fifteen years, and where we have a valuable and steadily increasing business. It is considered that the outlay was fully justified and for the information of those Shareholders who are not familiar with the particular locality in Montreal, I may state that it is a very active

district and fairly comparable to Yonge and College Street or Yonge and Bloor Streets, Toronto. Reference has been made to the opening of a Branch at St. John, N.B., where we were able to acquire a modern, well equipped building with all fixtures, formerly occupied by the Merchants Bank of Canada, at a price less than one half of the original investment. Outside of these two outlays, no others of importance were made and no expenditures of moment during 1923 are at present contemplated. With the yearly appropriations that have been made from Profit and Loss Account, including \$150,000 applied on the 30th of December last, it is considered that the land and buildings owned by the Bank are entered on the Balance Sheet at a reasonable, conservative total. While their replacement value would be much greater, it must be borne in mind that Bank Buildings are largely suitable for one purpose only, and experiences of other institutions shew that it is prudent to carry these assets as nearly as possible at a realizable figure.

The Total Assets of the Bank on the 30th of December amounted to approximately \$130,000,000, a decrease of slightly over \$1,000,000 during the year. The total assets of all Canadian Banks decreased \$128,000,000 during the same period.

#### TAXATION.

You doubtless follow from year to year the steadily increasing amount that is set aside from profits for Dominion and Provincial Government taxation. During the year 1922 the total amount of Federal, Provincial and Municipal taxes paid by The Dominion Bank, and not including those which we paid on the Bank's business transacted in London, Eng., and New York, amounted to \$375,610 or 6.26% on your capital investment. In 1913 the total taxes were \$83,467, or 1.39% on your capital at that time. In 1913 the total taxes were 8% of the net earnings of the Bank, while in 1922 they were 27% of the net earnings. The average rate of taxation on Banks by Provincial Governments has increased 50% during the past four years,

and in some cases they have become active competitors of the Banks for public deposits. Municipal taxation during the same period has very largely increased—the average increase being about 50%, and, in some cases, it is 100%. I am sure that the Shareholders of all Canadian Banks have a full realization of the necessity for fair Federal taxation with interest on a huge debt to meet—no complaint, therefore, can be made if all classes of the people bear their fair proportion, and if the measures employed are free from methods that are involved and irritating to the public, without adequate results. The Banks can, however, fairly take exception to excessive Provincial and Municipal taxation resulting from extravagant capital ventures of an uneconomic or unsound character.

#### OPENING AT ST. JOHN, N.B.

An important event of the year, which has already been referred to, was the opening of a Branch of the Bank at St. John, N.B., on December 1st—the first office of The Dominion Bank to be established in the Maritime Provinces. It can now truly be said that The Dominion Bank is established “from ocean to ocean,” fulfilling the hope expressed by Vice-President A. W. Austin at a former meeting of Shareholders. For some years it has been the policy of your Directors to establish Branches of the Bank at leading centres in Canada, including the Maritime Provinces, when the interests of the Bank warranted it and opportunities arose, but conditions have not been favourable for Branch extension, except in a moderate way, for the past two or three years; in fact, the Canadian Banks have at last come to a realization that the opening of Branch Banks in Canada has been greatly overdone. During 1922 70 branches were opened by Canadian Banks and 284 were closed, a net decrease of 214.

#### INCREASE IN NUMBER OF SHAREHOLDERS.

It is gratifying to record that the number of Shareholders of the Bank—2,049—is steadily increasing, and during 1922 68 additional names were entered on our

Stock Register. This may be taken as an indication that the investing public are appreciative of the standing of the Bank and its increasing influence.

#### REVISION OF THE BANK ACT.

The decennial revision of the Bank Act is approaching and is the subject of much comment, both from sections of the public who are qualified to express opinions on this important matter and from a great many people who are not. It is quite probable that the Canadian Banking Act as it stands, with slight modification, is as good as any that can be devised to suit the requirements of this country. No legislation that can be enacted will prevent occasional disaster to any kind of business, even a Bank. The Canadian Banks, in their own interests alone, would welcome the introduction of any new clauses in the Banking Act, or changes in any of the old ones, that would improve or strengthen the Act and give greater protection both to the public and the Banks themselves. Those members of the community who are urging drastic and impracticable measures should consider well what the result will be if restrictions are put upon the Canadian Banks that will prevent them functioning properly and taking care of the needs of the commercial community. It may be safely assumed, however, that there are enough well-informed and thoughtful legislators to prevent the passing of any Act that will restrict ordinary banking facilities—such a course would discourage enterprise and would be detrimental to the interests of this country.

#### GENERAL REMARKS.

Respecting general conditions, 1922 might well be described as a debt-paying period. We are fortunate in harvesting an enormous crop in Canada, the total products being valued at over \$900,000,000, and while only moderate prices were realized and the farming community made little money, we commence the New Year with a great liquidation of indebtedness accomplished. Furthermore, it is estimated that in Western

Canada alone there are more than 100,000,000 bushels of wheat in the farmers' hands still unsold, which will bring further relief. It is also reported that favourable weather conditions enabled the Western Farmers to prepare an increased acreage for cultivation in 1923. As last year drew to a close it could reasonably be said that the favourable developments of twelve months surpassed those of unfavourable character; surplus stocks of goods which were controlling the markets, had been reduced; International trade had revived to some extent; prices of raw materials, which quickly register any changes in the activities of industry, are undoubtedly higher than a year ago, and much progress had been made in the liquidation of slow credits. The feeling in business circles was decidedly more hopeful than in 1921, and it was felt that a further improvement would take place if International disputes were settled.

We are told that failures in Canada during the year 1921 were the highest of any one year recorded in the history of business in this country, and that in 1922 there was a further increase of 35%, which is the highest percentage of increase of any territory on the North American Continent. While these figures reflect the inflation and over-extension that took place immediately following the War, the fact that deflation has been accomplished with comparatively few serious financial or commercial reverses is striking evidence of the wonderful recuperative powers of this country, of the energy of the people and their ability to correct mistakes. Of the unfavourable features, immigration returns are most disappointing and, so far, it appears that no sound measures have been devised by Governments, or others, that will bring any improvement. The many attractive features that Canada has to offer to settlers have been more than offset by the poor results that farming operations have shewn in the past two or three years. Excessive taxation is a great detriment, and there can be no relief while Provincial Governments and Municipalities so freely spend money which they obtain from the public with astonishing ease.

The Western cattle industry is still in an unsatisfactory condition, although the removal of the British cattle embargo should bring a broader market and

probably better prices. Should there be a modification of the *Fordney-McCumber* Tariff Bill during the next year or two—which is not unlikely—another channel for our exports of live stock would be opened. In the meantime Western ranching interests have suffered a great shrinkage in values.

During the closing months of 1922 indications were very favorable to the solution of many of the European complications; there was a greater stability in Exchanges and profitable International trading was increasing. The events of the past few weeks have, however, had a most disturbing effect and already much of what had been accomplished has been undone. We in Canada are a long way from the troubled districts of the World, and while the results of any impending disturbances may not directly affect us, we cannot escape their influence in some degree.

Respecting the Bank's general business, we consider that it is in a healthy condition. As far as can be ascertained, most of our commercial customers have passed safely through the readjustment period and are in a better position to make future plans and to formulate new policies than they were a year ago. Although the indications are that the profitable employment of banking funds may be somewhat difficult during 1923, we can reasonably look to a satisfactory year, with no serious complications confronting us."

ADDRESS BY VICE-PRESIDENT MR. A. W.  
AUSTIN.

In moving the adoption of the Report, Vice-President Mr. A. W. Austin made the following remarks:

"Gentlemen: I am sure you share my regret that the President is unable to take his usual place at our Annual Meeting; I think it is the first one he has missed since becoming President in 1901.

Before proceeding further I regret to say that since our last Annual Meeting we have had to record the death of Sir John Eaton, who was one of our Directors. By his death we lost an honoured and important member of our Board. His exceptional business connection

was of great service to the Bank. His memory still lives in the hearts of his business associates and the thousands of employees and friends who were fortunate enough to know him and come under his beneficent influence.

We were able to secure the services of Mr. R. Y. Eaton, now the President of The T. Eaton Company, Limited, to fill the vacancy on our Board caused by the death of Sir John Eaton.

At our last Annual Meeting it was the general opinion that extra care should be given to the business of 1922. The statement just submitted by our General Manager shews that this care has been exercised and the result is better than we expected, and with increased reserves. Our deposits have held up remarkably well considering present conditions, and our funds have been well employed throughout the entire year.

We have been helped materially by the good crops throughout the country even if prices have not been all that could be desired. The country's adverse trade balance of 1921 has been converted into a favourable one of substantial proportions, and our Canadian money holds an enviable position in purchasing power throughout the world. The recent ready sale of Ontario bonds at higher prices demonstrates the great improvement in the credit of the Province. Among exporting countries Canada now ranks fourth, and as a wheat exporting country, first. We are also likely to lead the world in gold production.

Conditions in Eastern Canada on the whole have been very satisfactory. Ontario has enjoyed all-round crops, well above the average. In manufacturing, however, the year has been somewhat disappointing, but there are now definite signs of improvement. In Quebec, hay and cereal crops have been above the average, and the volume of dairy products well maintained. The catch of fish in the Maritime Provinces during the past year was large, and prices fair. Crops there—cereal, root and fruit—with the exception of potatoes, have been large. Although the apple crop was slightly less than last year, the quality is said to have been better.

The removal of the British embargo on Canadian cattle should encourage our farmers who raise cattle suitable for export. In addition to raising the cattle for this purpose, this country should finish them, say, at the port of export, and use our own food, our own capital and labour, to convert them into beef, retaining the by-products for the benefit of Canadian agriculture. Moreover shipping frozen beef would obviate the objectionable quarantine of cattle abroad.

Our Provincial Government is making special efforts to secure immigrants for Ontario. In past years more have gone to the West. Certain classes of immigrants are better suited for the East, and our Ontario farmers do need more help and are frequently able to give employment for the whole year. But so long as labour gets double the reward for the same effort in cities and towns the farm must suffer.

The canning industry needs more attention than has been given to it in the past. Last season there was an abundant crop of fruit and vegetables, but often there was no market for them, so that much was wasted. There is a great deal of canned fruit from foreign countries sold here, and this market should be kept for our own goods.

I desire to emphasize the statement made by the President at the last Annual Meeting: that the Directors of The Dominion Bank are constantly in touch with its affairs and are thoroughly conversant with them.

We have with us to-day my colleague, Sir Augustus Nanton, who has resided for about forty years in Western Canada. I am sure he will have something of interest to tell us respecting conditions there, and I have pleasure in calling upon him to address you."

#### REMARKS BY VICE-PRESIDENT SIR AUGUSTUS M. NANTON.

"I would like to make a few remarks as to business conditions in Western Canada as they are to-day.

If the farmers succeed on the Prairies we are successful; if the farmer does not do well the whole

business of the West is stayed. For a few years the Western farmer, at least, has had a particularly hard time, not on account of the shortness of crops or difficulties in connection with raising live stock, but the cost of labour. The margin between the cost of production and the returns received has been so close that our farmers have made little or nothing. This last year we had one of the best crops that we have had in the West, and I think we can safely say that our farmers to-day, although they have not wiped off their debts, are in a far better position than they were a year ago. If it had not been for some unforeseen circumstances I think they would be in a still better position than they are to-day.

We always hear it said that for a hundred years we have got on with our friends to the south without fortification of any kind extending along the boundary, but within the last year they have put up a formidable trade barrier. Anything we have to sell to the States is subject to a very heavy duty. For instance, formerly the principal market for our cattle was Chicago, and it is now practically prohibitive to export there. The result is that Great Britain is our best customer. During the last 12 months Canada has sold more to Great Britain than to the States, and it seems to me that it is the duty of all of us, if for no other reason than self interest, to strengthen our ties with and try to do more business with the Old Country than we have done in the past. We cannot be successful unless we export, and Great Britain cannot buy from us unless we buy from her.

Speaking especially regarding Western conditions I can endorse the remarks of the General Manager regarding the West; that is, I think, conditions there are improving.

I will not keep you any longer except to say that I think there are three essential things required before conditions in Canada will become normal; that is, more hard work, more economy, and more population.

I have great pleasure in seconding the motion for the adoption of the report."

On a vote being taken the motion was declared carried.

It was moved by Mr. C. P. Stuart, seconded by Mr. Arthur C. Paull, and unanimously resolved, "That Mr. Geoffrey T. Clarkson and Mr. Robert J. Dilworth, the retiring Auditors, be and they are hereby appointed Auditors to hold office until the next Annual General Meeting, and that their remuneration be fixed at a sum not to exceed \$10,000."

Mr. Walter J. Barr—"Mr. Chairman and gentlemen: The important motion which I have the privilege to present, reads as follows—'That the thanks of this meeting be given to the President and Vice-Presidents and Directors for their services during the year.' I am sure that we must appreciate that, during the past two years particularly, those in charge of financial institutions have been faced with difficulties and problems of an unusually severe character. The extending of credit, the valuing of investments, the supervision of and disposal of large funds was something that called for unusual care and discrimination. The splendid report that is before us to-day indicates to the Shareholders that The Dominion Bank has been particularly well served by its President and Directors and it is evident they have given close attention to its affairs. It has been said more in jest than in earnest—perhaps occasionally it might be properly applied—that there are Directors who do not direct. I think that criticism cannot be made of The Dominion Bank Directors. Their close application to the affairs of the Bank is a matter of common knowledge and the success of the Bank is an indication that the policy has been well mapped out and properly supervised. We know from the commercial crisis through which we are passing that the policy of the Canadian Banks has been one of great consideration towards manufacturers and wholesale merchants and others who have been beset with problems new to many of them and who have required sympathetic treatment from their creditors. I know the customers of The Dominion Bank have been singularly cared for and they appreciate in no small degree the attention they have received.

May I express the regret we all feel at the absence of our esteemed President, whose annual address is full

of timely advice, and we hope he will soon be restored to his normal health again. I also wish to express appreciation of the splendid character of the Historical volume recently issued by the Bank. It establishes a high record in composition and in information, and its compilation must have necessitated a large amount of research work and very careful survey. It is a book we will prize and maintain in our home as a valuable contribution on the subject of Banking affairs. I have much pleasure in asking you to accept this motion."

Mr. James Scott seconded the motion, which was carried unanimously.

Mr. A. W. Austin—"Gentlemen: On behalf of the President, Vice-Presidents and Directors, I beg to thank you for the resolution just passed and especially desire to thank the mover and seconder for their kind remarks. I will ask Mr. E. W. Hamber, one of our Western Directors, to say a few words with regard to British Columbia."

Mr. E. W. Hamber—"Gentlemen: There is no better trade barometer as to general conditions in British Columbia than the lumbering and associated industries of the Province. When you consider that directly or indirectly nearly half the trade and commerce of British Columbia is dependent on the forests, that some 65 million dollars worth of products was produced in 1921, and an even greater quantity in 1922, that some 30 to 40 per cent. of the total industrial wage is derived from these associated industries, and that approximately one quarter of the total of the Provincial revenue is derived from the forests of British Columbia you will understand the importance of this industry to the prosperity of British Columbia.

What is the condition at the present time? The increase in lumber, pulp and paper and associated industries is steadily going up. Some two billions of feet is the production for 1922. You will, no doubt, be gratified to know that a large part of the increase comes from our overseas trade, with China, Japan, Australia, New Zealand and India,—in 1914 the exports overseas amounted to some 47 million feet of lumber, in 1918

some 100 millions and in 1922 some 200 millions, a steady persistent increase. You will, no doubt, be further gratified to learn that a large percentage of this increase has been business taken from our competitors in Washington and Oregon. All this, too, without preferential arrangement. We in British Columbia are very strong for preference with our Overseas Dominions and we sincerely trust that the recent visit of Honourable Mr. Robb, Minister of Trade and Commerce, to Australia, will result in some preferential arrangement, especially in regard to the forest products of British Columbia and our trade with that country will then be further increased.

One of the most important reasons for the increase in our lumber exports, from our standpoint, has been the advent of the Canadian Government Merchant Marine, and we can speak only in the highest terms of the service that they have rendered in assisting to extend our foreign markets. Heretofore British Columbia was to a large extent shut out of those markets, ships being principally controlled by American shipping interests in San Francisco. I understand, and have it on good authority, that the Canadian Government Merchant Marine, operating out of Vancouver, have in the last year paid their operating charges, and from the present outlook of the increase in trade, as far as the Pacific Coast is concerned, they should in the near future give adequate returns on the investment,—this more especially if preferential tariff on lumber products and other things is negotiated with Australia and New Zealand.

I may say, therefore, that as far as the basic industry of British Columbia is concerned, the outlook for 1923 is exceedingly bright, and the year has started out with a large demand for our products, especially from overseas and from the Atlantic seaboard.

I will not go into details with regard to our mining and fishing except to say that the outlook in both, the first of which in 1921 produced some 28 million dollars and the latter some 22 million dollars, is encouraging, and a better year is looked for in 1923.

Few people, I think, fully realize in the Eastern part of this Continent the almost revolutionary effect on

trade and commerce that the Panama Canal is having on the Pacific Coast. Shipload after shipload, carrying millions of feet of lumber, is now going from the Pacific to the Atlantic seaboard by the Panama Canal, this in competition with and replacing to a large extent in the Atlantic markets southern pine. Such business heretofore was not possible by rail. Further and more important still to British Columbia and Western Canada, grain from Alberta and the Western part of Saskatchewan is being shipped via the Panama Canal to Europe and to the markets of the Orient, at a considerable advantage to the farmers in those districts over rail shipments to Eastern ports. Figures shew that in the face of a marked discrimination against rail rates West as compared with rail rates East, grain can be shipped via Vancouver to Liverpool more profitably to the farmers of Alberta and Western Saskatchewan. Eliminate this rail discrimination, which we in British Columbia feel is unjust, and given grain elevator facilities in Vancouver, which we want and require at once, then large volumes of grain will pass through the Port of Vancouver via the Panama Canal to Europe,—not six or seven months of the year, but all the year round. In 1920-21 the movement of grain through that Port was approximately one million bushels; in 1921-22 six and a half million bushels, and I have it on good authority that the 1922-23 crop should shew a movement of nearly twenty to twenty-five million bushels through the Port of Vancouver,—in face of the fact that our elevator accommodation remains the same as in 1915.

Regarding the Port of Vancouver I might give the following comparisons with the Port of Montreal, not presuming, of course, that we are at present of the same importance either in volume or value of trade. These figures have been supplied to me and are, I believe, substantially correct. In 1921 the gross tonnage of vessels in and out of the Port of Vancouver was 10,204,401, as compared with the total tonnage in and out of the Port of Montreal 9,735,451. The total number of vessels in and out of the Port of Vancouver in 1921 was 11,779 and from the Port of Montreal 5,541. The number of deep sea-going vessels out of the Port of

Vancouver was 779, and out of the Port of Montreal 964. Some 45 steamship lines ply in and out of the harbour of Vancouver. Note also that the Port of Vancouver is open all the year round, and the foregoing includes passenger steamships, coastwise and trans-Pacific.

Western farmers are united with Vancouver in their requests that the Dominion Government provide increased facilities at the Port of Vancouver immediately. Increased facilities have been made at other points throughout Canada by the Government for the handling of grain. There is no reason why they should not immediately be made at the Port of Vancouver—they will be beneficial not only to British Columbia and the Western farmers, but to the trade and commerce of Canada as a whole.”

Mr. G. R. Geary, K.C.—“Gentlemen: As Shareholders of the Bank we are perhaps more likely to give consideration to the financial statement than to the Officials and Staff of the Bank of all ranks who, by their courtesy and efficiency, create the business, keep it and increase it. From the General Manager down, including all members of the Head Office Staff and those who are stationed throughout the Branches, we have, I am quite sure, men and women who carry out their duties with energy, loyalty and esprit de corps—we certainly owe them our thanks and I feel, Mr. Chairman, that it is an honour to propose this resolution, ‘That the thanks of this meeting be given to the General Manager and other officers of the Bank for the efficient performance of their respective duties.’”

Mr. F. H. Gooch—“It affords me very much pleasure to second the motion.”

The motion was declared carried.

Mr. C. A. Bogert—“Mr. Chairman and gentlemen: This is the sixteenth occasion on which I have listened to a resolution of this nature and I want to assure the Shareholders of the Bank on my behalf, and on behalf of the other members of the staff, that we do not look on the words of Mr. Geary as of a perfunctory char-

acter. It must be obvious to you that the past year or two have been trying ones, entailing a great deal of unusual labour and responsibility on the staff of this Bank, particularly the chief officers, and for that reason we doubly appreciate the kind words of Mr. Geary and Mr. Gooch.

I am going to ask two of the Senior Officials of the Bank to assist me in responding to this motion, Mr. Howard of New York, and Mr. Dawson of Vancouver. As you know we have established an Agency in New York which has been functioning for nearly four years and I may tell the Shareholders it has been successful beyond our expectations. Mr. Dawson, Manager of the Vancouver Branch, takes charge of your interests in British Columbia."

Mr. C. S. Howard—"The resolution with reference to the staff makes very good hearing to me. I believe the staff of this institution is animated with a sense of loyalty as high, and with enthusiasm as warm, as is to be found anywhere. It is, therefore, with great satisfaction that I come to this meeting and hear official recognition made to their zeal and efficiency and I thank you very much on their behalf."

Mr. Dudley Dawson—"During the twenty-five years that I have spent in the service of the Bank I have been stationed at or inspected most of its Branches and I therefore can attest to the loyalty and enthusiasm of the staff, and I thank you on their behalf for this resolution."

Mr. A. J. Hills—"I beg to submit the following resolution 'That the poll be now opened for the election of fourteen Directors, and that the same be closed at two o'clock in the afternoon, or so soon before that hour as five minutes shall elapse without any vote being polled, and that the Scrutineers, on the close of the poll, do hand to the Chairman a certificate of the result of the poll.'"

Mr. W. S. Kerman—"I have much pleasure in seconding the motion."

Carried.

The Scrutineers declared the following gentlemen duly elected Directors for the ensuing year: Messrs. A. W. Austin, C. S. Blackwell, James Carruthers, R. J. Christie, R. Y. Eaton, E. W. Hamber, H. W. Hutchinson, W. L. Matthews, R. S. McLaughlin, Sir Augustus M. Nanton, W. W. Near, Sir Edmund B. Osler, A. T. Reid, and H. H. Williams.

At a subsequent meeting of the Directors, Sir Edmund B. Osler was elected President, and Mr. A. W. Austin and Sir Augustus M. Nanton, Vice-Presidents, for the ensuing year.

---

The General Statement with copy of the Profit and Loss Account, and of the Minutes of the Annual Meeting, are sent to the Shareholders in accordance with the provisions of Section 54 of the Bank Act.
