To the Shareholders of

DOMINION BRIDGE COMPANY, LIMITED

Your Directors submit the Annual Report of the Company, together with Balance Sheet as at 31st October, 1945, and Profit and Loss Account for the year ended that date.

The result of the year's operations shows a net profit of \$829,712.23 after making provision for Depreciation to the extent of \$493,852.57 and providing for Income and Excess Profits Tax payable, for which there has been reserved the sum of \$2,595,045.76 of which approximately \$336,000.00 is refundable.

Working Capital as of 31st October, 1945 stands at \$11,097,000.00 in round figures, as compared with \$10,851,000.00 at the end of the previous year, an increase of \$246,000.00.

Additions to Fixed Assets during the year amounted to \$203,000.00.

You will note that a further substantial instalment has been paid on the cost of Past Service income credits under the Pension Plan.

It is estimated that considerably more than fifty percent of the total cost of these Past Service benefits has now been discharged, and, as mentioned in last year's report, these payments are allowable as deductions from taxable income over a period of years.

In 1931 your Company acquired a seventy-five percent interest in the Standard Iron Works Limited, Edmonton.

That Company has now become a wholly owned subsidiary by the purchase of the balance of the outstanding shares, and its assets and liabilities have, therefore, been incorporated in the consolidated Balance Sheet now before you.

The overall renegotiation of profits on war contracts which were completed up to the 31st October, 1944 was concluded during the year. This resulted in a reduction of the refundable portion of Excess Profits Tax amounting to approximately \$850,000.00 before the addition of this year's portion.

A further effect of the renegotiation may be noted in the adjustment of the Company's surplus.

Stocks of raw material and manufacturing supplies are well assorted and saleable and inventories have been taken at conservative prices.

At the close of hostilities all orders for munitions and war materials were cancelled. This entailed a considerable reduction

DOMINION BRIDGE COMPANY LIMITED

in personnel, but every effort is being made to retain as many of our staff as possible.

Those of our employees who have returned to us from the Armed Services have been re-absorbed into the organization.

Work at the United Shipyards Limited ceased with the cancellation of all outstanding orders and the Yard has now been handed over to the War Assets Corporation.

During the period in which the Yard was operating, forty-five 10,000-ton cargo ships were delivered.

In addition to the above, six Transport Ferries were laid down, three of which were launched with outfitting partially completed, the other three being scrapped after the hull construction was well advanced. Also, extensive alterations to two large passenger ships were carried out.

Orders and enquiries for commercial products of your Company are gratifying and all of your major plants are well provided with work and we look forward to a busy year.

On May 22nd last, Mr. A. A. Hodgson, who had been a member of the Board for many years, decided to retire and your Directors accepted his resignation with regret.

Mr. R. E. Stavert, President of The Consolidated Mining & Smelting Company of Canada Limited, was appointed a Director in his place.

Your Directors have declared quarterly dividends of 30c per share, a total of \$1.20 for the year.

Your Directors wish to record their appreciation of the loyalty and efficiency of the staff and employees throughout the Company's entire organization.

Meetings of your Board of Directors have been held regularly, the books of your Company have been audited and the certificate of your Auditors appears on the Financial Statement herewith submitted.

By Order of the Board of Directors,

W. F. ANGUS,
President.

The *Inventories of Stock on Hand*, as certified by responsible officials of the various companies, have been valued on a conservative basis.

The Investments in which your Company is interested have been verified by actual inspection of the Securities or by certificate from the Depositaries in the cases where the Securities are deposited for safe custody or as security.

In accordance with Section 114 of the Dominion Companies' Act we report that dividends received from partly owned subsidiaries, and included in these accounts are so far as they concern this Company in excess of the aggregate profits less losses of these subsidiaries for the year by \$28,895.84 and to that extent have been paid from Surplus.

We report that we have obtained all the information and explanations we have required and, in our opinion, the accompanying Balance Sheet as at 31st October, 1945, is properly drawn up so as to exhibit a true and correct view of the state of the combined companies' affairs, according to the best of our information and the explanations given to us and as shown by the Books of the Companies.
