To the Shareholders:

YOUR Directors submit herewith their Annual Report covering the operations of your Company and its Subsidiaries for the year ended March 31st, 1940, accompanied by a Consolidated Statement of Assets and Liabilities, Capital Deficit Account and Statement of Deficit from Operations, duly certified by the Company's auditors.

The net results from operations for the year and, for the previous fiscal year ended March 31st, 1939, are as follows:

year ended March 31st, 1939	, are as ion	ows.		
		1940		1939
Operating Profit	\$379,840.62	\$207,165.79		
Less:				
Bond Interest	\$154,091.11		\$157,783.89	
Premium paid on foreign funds for Bond Interest	15,684.26	169,775.37	1,995.60	159,779.49
Profit before Depreciation		210,065.25		47,386.30
Depreciation		222,669.05		236,744.47
Net Loss		\$ 12,603.80		\$189,358.17

It will be noticed that the expense incurred through having to pay interest on your Company's Bonds in United States funds increased by \$13,688.66 over the previous year. The net result for the year after providing interest and premium on your Company's Bonds and Depreciation shows an improvement of \$176,754.37.

The plant and equipment of all companies has been maintained in excellent condition and the Reserve for Depreciation which was credited with \$222,669.05, is considered adequate.

The Balance Sheet shows a substantial improvement in the Company's current position. Bank Loan of \$54,500.00 compares with loans of \$139,000.00 as at March 31st, 1939, and represents an advance to your Company's Subsidiary in the City of Winnipeg.

During the year your Company purchased and delivered to the Montreal Trust Company, Trustee, for cancellation, \$83,000.00 of your Company's 6% Twenty Year Collateral Trust Bonds due May 1st, 1949, in accordance with the terms of the Trust Deed.

Negotiations conducted during the year resulted in an offer being received by Acme Farmers Dairy, Limited, for its assets in the City of Hamilton which it was considered advisable to accept. Operations in that City have not been on a profitable basis and the disposal of that portion of your Subsidiary's business should have a favourable effect on its operations for the current year.

The continuous and particular effort directed towards improving sales, has again resulted in an increase in the volume of milk and cream sold.

EASTERN DAIRIES. LIMITED

The higher prices obtaining for butter throughout a greater part of the year, as compared with the previous fiscal year, had a favourable effect on the earnings from that department of your Company. This increase in the market value of butter had the effect of increasing the cost of milk purchased for the supply of ice cream and fluid cream, which offset to quite a degree the improved earnings from the sale of butter.

During the first half of the fiscal year under review, the domestic market for milk powder and other by-products was unsettled and prices obtainable were low. The export market during the same period was weak and sales made in this market were at very low levels. This condition resulted in decreased earnings from by-products as compared with the previous year. Towards the close of the fiscal year the markets for these products strengthened somewhat and sales are now on a more satisfactory basis.

The management of your Company continually endeavours to improve efficiency and effect economies in operations. The effort in this direction resulted in a decrease in operating expenses in spite of the fact that during seven months of the year an increase in the cost of supplies was experienced, due to war conditions.

Reference is again made in the Balance Sheet to the Contingent Liability in respect of additional Income Taxes for the years from 1928 onward. The Income Tax Department is making a study of the records and it is expected the amount claimed by them will shortly be known.

It is impossible under present conditions to attempt to anticipate what the result of operations will be for the coming year. Your Directors wish to assure you, however, that no effort will be spared to overcome any difficulties with which they may have to contend and, to effect an improvement in the position of your Company.

The officers and staff of your Company have rendered loyal and efficient service, for which your Directors wish to express their appreciation.

Submitted on behalf of the Board.

W. R. AIRD, President.
