DIRECTORS' REPORT

TO THE SHAREHOLDERS:

The Board of Directors submits herewith its Annual Report of the Company for the year ended December 31st, 1933, including a Statement of Surplus and a Balance Sheet certified by your Auditors, showing the condition of the Company at that date.

Income Account—Total Sales and Other Income amounted to \$16,804,793.82. Net Operating Loss for the year was \$1,174,991.73, offset in part by Dividends received from Affiliated Companies amounting to \$554,291.02.

Output—The output for the year, including sales to Affiliated Companies was 26,398 units.

Cash—Balance on hand and in banks was \$6,273,951.94 which is a considerable increase over last year due largely to payments made by Affiliated Companies on merchandise accounts.

Bonds—A sufficient amount has been included in Reserve for Investments to provide for full depreciation in value of Bonds from cost to prices current at December 31st, 1933.

Advances to Affiliated Companies—A decrease from the previous year amounting to \$4,282,187.38 is reflected in this item. During the year Affiliated Companies were able to make remittances at greatly improved exchange rates, with the result that their indebtedness was all liquidated with the exception of current shipments.

Inventories—Are valued at not more than cost or market value and the increase of \$676,469.06 over last year was in anticipation of increased demand in 1934.

Capital Stock of Affiliated Companies—Cost of Capital Stock (fully paid) in Affiliated Companies located in Australia, South Africa, India and Malaya.

Plant Accounts—Increased during the year by \$262,290.66.

Reserves—Provision for depreciation of plant and equipment has been made at the customary rates, which are considered adequate.

Last year a reserve of \$4,250,000.00 was required as provision for Depreciation in Market Value of Bonds, Impairment of Capital of Affiliated Companies, and Depreciation in Foreign Exchange. During the year there was a substantial improvement in foreign exchange rates so that at December 31, 1933, no reserve on account of this item was required. There was still some Impairment of Capital of Affiliated Companies and Depreciation in Market Value of Bonds. The amount of Reserve for Investments, namely \$1,000,000.00, is sufficient to provide for these items.

The board has considered it advisable to transfer to General Reserve the unrequired portion of last year's reserve, namely \$3,250,000.00. For some years past there has appeared on the Balance Sheet a Reserve for Contingencies. This is now replaced by General Reserve in the amount stated.

Dividends—A dividend of \$1.00 per share was paid on December 21st, 1933 to shareholders of record December 4th, 1933. This disbursement, while not merited by earnings from the year's operations, was nevertheless considered justified by the Company's strong surplus and cash position.

For the Directors,

W. R. CAMPBELL

PRESIDENT

East Windsor, Ontario,

April 5th, 1934.
