

August 1st., 1946.

Dr. Miller Fisher,
Montreal Neurological Institute.

Dear Fisher:-

I am enclosing the file in regard to the payment by the Canadian Red Cross of the cost of lights in the operating room. The bill from the Royal Victoria Hospital is for \$640. I think the thing to do is to forward it for payment, referring to the letter to me from Leggatt, of August 31st., 1945. That would seem to leave a balance of about \$760. I wonder whether Miss Flanagan used up the whole of the \$2300 in the furnishing division. If not, we ought to take steps to use what is left over in both of these grants for some useful purpose. I think it would be a good idea to let me have the full file back when you have made a note of it and discussed it with Miss Flanagan.

The Kodatron light is the one for the two operating rooms and has, I believe, been ordered but I am not quite clear who has the it in hand, or what prospect there is of receiving it.

Yours,
