

November 27th, 1945.

Eastman Kodak Co.
Rochester,
N. Y.

Dear Sir:

I am writing to obtain information regarding
^{TRON}~~Kodachrome~~ Lights for our Operating Room. We would
like if possible, to purchase two. Our Military
Annex has been completed, and we are making every
effort to adequately equip the Operating Room.

The type of photographic work here is on
brain cases during operations. It is done with a
telephoto lens, and requires adequate lighting, and
the pictures must be taken rapidly. Any help or
information that you could give us would be greatly
appreciated.

Yours truly

J. Preston Robb, M.D.,
Secretary-Registrar.
