Dear Mr. Penfield:

Here is another outline of what has been a rather sterile month for the unit.

There is much planning - mangled tape and mostly official indifference and casualness in the officials. We would have been able to move to our objective this or last week.

Providentially, Heine has not!!! or we would probably be - planté là - with no transport to get to our station + clogged roads to navigate. Then we would assuredly be broken up into fragments - one team to Rt - one to left and med. officers scattered.

I have tried all means to crystallize what looks to be a solution, - by getting mimed.

ately to the grounds - which are
spacious and Canadian in reality;
- but am fâed to wait - a little

I trust you are well. I hear
you have travelled lately;
to California and points further
and further. Give our very
sincere respects to Mrs Perfield,
from all of us. also earnest
remembrances to Miss Hanagan
and the conferees at M.N.I.
Ever sincerely
