Dr. Wilder Penfield,
Montreal Neurological Hospital,
3801 University St.,
Montreal, Quebec.

Dear Doctor Penfield:

With further reference to our conversation re the small account of funds placed in my hands for regimental benefits, I have delayed transferring the balance to the general account in the Bank of Montreal at Montreal.

I have waited as further small calls have come in and to avoid the nuisance to you have drawn upon same.

As you advised Lieut. O.W. Stewart that his advances to the men under instruction at different times at the Institute could be repaid from the fund, I have re-imbursed him from the account here. I also have purchased baseball and soccer ball outfits by drafts from the fund.

I have now a balance of \$67.50. When I do turn over any balance to you--before leaving--I will render an account in detail and attach all cancelled cheques.

I regret having missed your recent visit to Ottawa. I learned of your presence here through Miss Flanagan at the M.N.I. when inquiring for you while there last Friday.

With my best respects to Mrs. Penfield.

Sincerely yours,
