Dear Dr. Penfield.

Just a true blessing
you and yours are all well
as this leaves the boys of no. 1.
Neurological. We are having a
lot of English weather here
which as you know calls
for umbrellas and raincoats;
it is very damp and chilly
at night, and yet the sun
seems so warm when it does
put in its appearance.

I saw Mr. Cone a short time ago he looked very well. We expect to move into our new place very soon now. I will be so glad when we get to work without wishing any one the misfortune of getting wounded. It is very hard to get away from the routine of 2801. I guess all the boys feel the drag also. Capt. Hanson, Capt. Humphreys, Capt. Childs also Capt. Stewart are well

KINDLY WRITE ON BOTH SIDES OF PAPER
