

26th September 1929.

Professor J. Simpson,
McGill University,
MONTREAL.

Dear Professor Simpson,

At the end of four months, since Mrs. Ottmann's grant was made for our research, we have not yet received the book of requisition sheets which Dr. Martin promised to have drawn up. Can you see to it that we receive it at once or, if the University is unable to do this, let us know and we will have it made outside.

I have decided to award to Dr. Joseph P. Evans a research fellowship for the study of epilepsy which will be drawn also from the above fund, at the rate of one thousand dollars a year. This is to be paid to Dr. Evans in monthly installments beginning with the month of July 1929. Will you tell me what steps to take in order to make this grant operative? I should like to have the back payments made at once and the rest to be paid monthly.

Yours very sincerely,

WGP/HL.

MADELEINE OTTMANN FUND FOR RESEARCH IN EPILEPSY.
