COPY FOR DR. PENFIELD.

Dr. C. F. Martin,
Dean of Faculty of Medicine,
Medical Building.

31st
July,
1933.

Dear Dr. Martin,

I wish to advise you that I received today from Mr. A.A. Hodgson the following cheques:-

Jean Reford	\$10,000.00
Mary F. Hodgson ...	10,000.00
A.A. Hodgson	5,000.00

Mr. Hodgson states that these cheques are sent in fulfilment of a promise made to you, and that, as far as the public is concerned, these gifts are strictly anonymous, and to be used for the Department of Neurology. Might I ask if these gifts are to be considered as an endowment, or if the capital sum is to be spent for purposes of the maintenance of the Department of Neurology.

Yours very truly,

Comptroller.
