HERBERT S. HOLT.
MONTREAL.
CABLE ADDRESS, HERBHOLT.

31st July 1934

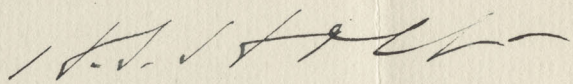

Dear Dr Penfield,

On receipt of your letter I called a special meeting of the House Committee of the Hospital and laid your letter before them. They unanimously came to the conclusion that it was out of the question to destroy the Children's Ward by putting^a a passageway through it, and decided that it would be better to try out the present elevator arrangement for a year or two, when, if it is not found satisfactory, the matter will be taken up again and some solution found.

I am very sorry that you are not satisfied with the present arrangement, but think if you will give it a trial you will find it work out satisfactorily.

With kind regards,

Yours sincerely,

Dr Wilder Penfield,
4302 Montrose Avenue,
Westmount, Que.
