

26th June 1934.

Dr. and Mrs. Lewis Reford,
3501 Drummond Street,
Montreal.

Dear Dr. and Mrs. Reford,

I have just received word that a salmon is waiting for me in the store-room of the Hospital. This news fills me with pleasure and with rather exciting reminiscence. I hope the river is as lovely as it was last year, and that there were no fires or wrecks to break in on the fishing.

The statue is almost ready to place on its pedestal. We are planning to put a small brass plate on the base with the following engraving:

The gift of
MR. & MRS. A. HODGSON
and
DR. & MRS. LEWIS REFORD
to the
MONTREAL NEUROLOGICAL INSTITUTE.

Please let me know if this meets with your approval. As soon as the statue is in place I will let you know and I hope that you will be able to come to see it as the Entrance Hall decoration is nearing completion now. I think it is working out very well.

With best regards,
Yours sincerely,

WGP/HL.
