

NOTICE

On April 4th 1935, the one hundredth anniversary of the birth of John Hughlings Jackson, the Staff of the Montreal Neurological Institute will meet in the Library of the Institute at 8.30 p.m. The following papers, not exceeding ten minutes in length, will be read dealing with different contributions of Jackson to Neurology.

- C. Russel: Jacksoniana.  
R. Fleming: Jackson's views of Mental Disorders after Epilepsy.  
H. Keith: Jackson's conception of an Epileptic Discharge.  
N. Petersen: Jacksonian Observations on Aphasia.  
F. Mackay: Jacksonian Psychology of Joking.  
I. Tarlov: Jackson and Tumour of the Brain.

---

Refreshments will be served followed by an entertainment featuring local talent.

---

It is hoped that all members of the staff will make a special effort to attend this meeting.
