Warsaw, September 24th, 1934

Dear Dr. Penfield:-

In answer to your kind invitation to be present at the opening of the Montreal Neurological Institute on Thursday, September 27th, 1934 I am anxious to express my very deep regrets not to be able to attend this ceremony. The lack of time left to reach Montreal on the said date prevents me the honour and pleasure to participate in a ceremony which interests and rejoices the whole neurological World.

We all send you our very best wishes for a brilliant success in your enterprise from which we all expect great advantages for the benefit of Neurology.

Yours very sincerely
