

22nd August 1930.

-S-

Mr. Louis Ehret,  
C/o Mr. William Ottmann, Jr.,  
Hotel Ambassador, 320 Park Avenue  
NEW YORK CITY.

Dear Mr. Ehret,  
Not knowing your address I have forwarded your letter  
care of William and hope that it reaches you safely.

I thought that you might be interested to know of a  
move that we are planning to make at McGill. I have wanted  
very much to express somehow the gratitude which I feel to the  
memory of Mrs. Ottmann. For her generosity has made it possi-  
ble for me to push ahead a great deal of research which other-  
wise would have been seriously handicapped.

We have created a fellowship of twenty-four hundred  
dollars yearly, to be taken from the money which she left, and  
to be used by a man who is working on one of the problems which  
lies before us in epilepsy. The fellowship will be called "The  
Madeleine Ehret Ottmann Memorial Fellowship in Neurosurgery."  
It will appear in the University Calendar and in any publication  
which the Fellow may make he will sign himself "Madeleine Ehret  
Ottmann Research Fellow."

The first fellow will be Dr. J.N. Petersen who was about  
to leave us and go to Hartford where they had made him an attrac-  
tive offer in their hospital. He will put in half of his time  
working on certain problems in the ever increasing number of pa-  
tients who come to us with this terrible complaint.

I wish that I could make some more eloquent gesture in  
appreciation of your sister's attitude, but I thought I would like  
to have you know that we have done this. This year there will be  
four younger men who have come here to work upon some aspects of  
our problem, who are being helped by smaller fellowships which are  
simply called "Neurosurgical Research Fellowships" but which also  
will be drawn from the money she gave us and from the money she be-  
queathed us when it shall be available.

22nd August 1930.

-2-

Mr. Louis Ehret,  
C/o Mr. William Ottmann, 17,  
Mannings Road, London, N.W. 2.  
I do not think I have met a woman in my practice  
with a stronger, finer character than that of Mrs. Ottmann.  
I would like to think that I could go through the terrible  
experiences which she faced with the same quiet courage that  
she showed.

Dear Mr. Ehret,  
I am sure that your sisters,  
not knowing your address I have forwarded your letter  
to the address I hope that it reaches you safely.  
Very sincerely,  
Mrs. Ottmann

I thought that you might be interested to know of a  
move that we are planning to make at McGill. I have wanted  
very much to express somehow the gratitude which I feel to the  
memory of Mrs. Ottmann. For her generosity has made it possi-  
ble for me to push ahead a great deal of research which other-  
wise would have been seriously handicapped.

We have created a fellowship of twenty-four hundred  
dollars yearly, to be taken from the money which she left, and  
to be used by a man who is working on one of the problems which  
lies before us in epilepsy. The fellowship will be called "The  
Madeline Ehret Ottmann Memorial Fellowship in Neurophysiology."  
It will appear in the University Calendar and in any publication  
which the Fellow may make he will sign himself "Madeline Ehret  
Ottmann Research Fellow."

The first fellow will be Dr. J.N. Petersen who was about  
to leave us and go to Hartford where they had made him an attrac-  
tive offer in their hospital. He will put in half of his time  
working on certain problems in the ever increasing number of pa-  
tients who come to us with this terrible complaint.

I wish that I could make some more eloquent gesture in  
appreciation of your sister's attitude, but I thought I would like  
to have you know that we have done this. This year there will be  
four younger men who have come here to work upon some aspects of  
our problem, who are being helped by smaller fellowships which are  
simply called "Neurological Research Fellowships" but which also  
will be drawn from the money she gave us and from the money she be-  
queathed us when it shall be available.
