

McGILL UNIVERSITY
MONTREAL

FACULTY OF MEDICINE
OFFICE OF THE DEAN

20th February, 1928.

Dr. Wilder Penfield,
970, Park Avenue,
New York City.

My dear Penfield,

You may be quite assured of an equipment fund of \$5,000.00 for your laboratory and for one year's payment of a technician; I do not think we shall have any trouble at all on that score. You were officially appointed last Friday at the Annual Meeting of the Governors of the Royal Victoria Hospital as Clinical Professor of Neurological Surgery.

I sincerely hope that you are going to get what you want from the Foundation, and just as soon as you are decided on your trip to Germany, let me know. Please let me know also at what time you would like to have the further funds that McGill will be able to supply.

I am leaving here on March 1st for a month, so please let me know before that.

Very cordially yours,

C. J. Martin
