CANADIAN LOCOMOTIVE COMPANY LIMITED

PRESIDENT'S REPORT TO SHAREHOLDERS

TO THE SHAREHOLDERS:

Your Directors are pleased to submit herewith the Annual Report of your Company for the year ended December 31st, 1948, with the Balance Sheet and Profit and Loss Account and Auditors' Report on same.

During the year we delivered 71 steam locomotives, 23 spare locomotive boilers and one diesel-electric locomotive, also a substantial volume of miscellaneous equipment for industry. We carried over into 1949 unfilled orders for 99 steam locomotives and 19 spare locomotive boilers and have since received an order for 10 steam locomotives and an increase in industrial work is indicated for the coming year. The sale of 18 of the diesel-electric locomotives referred to in last year's report of the President has been delayed due to necessary modifications in specifications and design. A reserve of \$507,448 has been deducted from the work in process which is ample to cover any possible loss in this connection. It is hoped, however, that a considerable portion of this reserve may be recovered.

The Reserve for Contingencies, in amount \$500,000.00, has been re-designated as a Reserve for Diesel Development.

Employees' welfare and security payments cost the Company \$183,300.00 in 1948, or approximately \$1.15 per share of outstanding capital stock. These costs covered group insurance, pension plan, unemployment insurance, compensation insurance, statutory holidays and vacations with pay.

At their meeting January 27th, 1949, your Directors declared the regular \$1.00 dividend per share, plus an extra of \$1.75, or \$2.75 per share in all, out of the profits for the year.

It is with deepest regret that we record the death on July 15th, 1948, of Mr. William Casey, President of the Company, and associated with it for 47 years. He entered the employ of the Company in 1901, first serving as machinist apprentice, after which promotion came rapidly. He became successively draftsman, shop foreman, then Manager, and in 1920 Vice-President and General Manager. In 1932 he became President and while holding that position, he was influential in the rise of the Company from a small industry to a major Canadian one. His passing was a heavy loss to the Company and to all his friends and associates.

The Board of Directors wish to express their warm appreciation to the General Manager, and all other Officers and employees of the Company, for their co-operation and loyalty, which resulted in the splendid year's achievement.

Yours faithfully,

W. J. Langston,

President.

Kingston, Ontario, March 10th, 1949.
