EATON GROWTH FUND LTD.

# annual report

december 31st, 1975

HOWARD ROSS LIBRARY OF MANAGEMENT

APR 12 1976

McGILL UNIVERSITY

ONE PLACE FOR ALL YOUR TOMORROWS

### To the Shareholders:

The Board is pleased to present the 1975 Annual Report of Eaton Growth Fund Ltd.

There was a significant recovery on world stock markets in 1975 as the contraction in economic activity in most industrial countries came to an end and economies began to recover. The rise in the Toronto Stock Exchange Industrial Index of 9.9% was below average compared to most markets. In New York the Dow Jones Industrial Index rose 38.3%, while the Tokyo Dow Jones rose 14.2%. The net asset value per share of your Fund increased 34.1%, including the dividend paid in December.

The weaker performance of the Canadian market likely reflects the fact that Canada faces the severe problem of a rate of inflation higher than that of the U.S. and some other major markets and competitors. The very high labour settlements and demands, especially in the public sector, which appeared to be accelerating over the year as various groups attempted to maintain and increase their real incomes, led to the federal government introducing an Anti-Inflation Program in October to limit increases in prices and wages. It remains to be seen whether the federal government will take the necessary steps to reduce the rate of increase in its spending and in the growth of the money supply, which are necessary to make the Program truly successful.

It is likely that the world-wide reduction in inflation rates, which appears to be taking place, will reduce the rate of inflation in Canada modestly this year even without help from the Anti-Inflation Program. This, together with the economic expansion taking place and the fact that Canadian equities are now lower priced in terms of earnings and dividend yield than U.S. equities, will likely result in a better performance for Canadian equities compared to U.S. equities than was experienced last year.

Your Fund is well diversified on a geographic basis to benefit as world economies and trade continue to recover. In the U.S. especially, we look for a lower rate of inflation and higher corporate profits to result in another good year for common stock shareholders.

On Behalf of the Board,

Chairman

President

asivean

## auditors' report

To the Shareholders of Eaton Growth Fund Ltd.:

We have examined the statement of financial position and the schedule of investments and other net assets of Eaton Growth Fund Ltd. as at December 31, 1975 and the statements of earnings, surplus and changes in net assets for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion these financial statements present fairly the financial position of the company as at December 31, 1975 and the results of its operations and changes in net assets for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Toronto, Canada, March 8, 1976 Clarkson, Gordon & Co. Chartered Accountants

### notes to financial statements

December 31, 1975

#### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investments are recorded in the accounts at their quoted value at the close of each business day, with the difference between this amount and average cost being shown as unrealized appreciation (depreciation) of investments.

The quoted value of foreign investments is translated to Canadian dollars at exchange rates prevailing at the close of each business day.

Purchases and sales of foreign securities and the related income are translated to Canadian dollars at the rates of exchange prevailing on the respective dates of such transactions.

Average cost is used to determine the gain or loss on sales of securities.

The accrual method of recording income and expenses is followed by the company with dividends being recorded on their ex-dividend date.

For each mutual fund share sold the company receives an amount equal to the net asset value per share at the date of sale. Of this amount the par value of \$1.00 is allocated to capital stock and the remainder to contributed surplus. The mutual fund shares are redeemable at the option of the shareholder at their net asset value

and for each share redeemed a corresponding allocation of the net asset value is made.

#### 2. CAPITAL STOCK TRANSACTIONS

Capital stock transactions during the year were as follows:

	1975		1974	
	Shares	Amount	Shares	Amount
Subscriptions	160,381	\$1,291,845	213,753	\$1,595,806
Redemptions	454,587	\$3,697,233	722,361	\$5,512,742

In addition, 64,844 mutual fund shares (1974 — 88,439 shares) were issued at their net asset value in settlement of stock dividends as follows:

	1975		1974	
	Per share	Amount	Per	Amount
Out of net earnings	17.5¢	\$546,440	16.5¢	\$549,625
Out of net gain on sales of				
securities	_	_	.5¢	16,655
	17.5¢	\$546,440	17.0¢	\$566,280

#### 3. INCOME TAXES

The company qualifies as a mutual fund corporation for income tax purposes. Federal income taxes payable on taxable capital gains and dividends received from taxable Canadian corporations are refundable and accordingly are shown as an asset and not deducted in arriving at the net earnings for the year. The provision for income taxes on the statement of earnings includes all taxes on interest income and dividends from foreign corporations.

#### 4. MANAGEMENT FEE

Under the terms of an agreement between the company and Eaton Fund Management Limited, all expenses incurred in the ordinary course of business, including remuneration of directors and officers, other than brokerage fees and all taxes, are paid by Eaton Fund Management Limited. In return for this and other investment management and administrative services, Eaton Fund Management Limited receives a management fee based on the average net assets of the company.

#### 5. DIRECTORS AND OFFICERS

During the year the company had seventeen directors and seven officers. Three of the officers also served as directors.
