Commercial Alcohols Limited

TWENTY-NINTH ANNUAL REPORT

To the Shareholders:

Your Directors have pleasure in submitting herewith your Company's Twenty-ninth Annual Report together with the Consolidated Balance Sheet as at 31st March, 1952 of Commercial Alcohols Limited and its subsidiary Eastern Distilleries Limited, as well as the Consolidated General Statement of Income and Expenditure and the Consolidated Statement of Deficit for the year ended 31st March, 1952.

These statements reflect the improvement in your Company's earnings and show a net operating profit after depreciation, interest on Funded Debt and all other charges of \$346,989.84 compared to a loss for the previous year of \$338,453.26.

Your Directors have decided that depreciation for the year ended 31st March, 1952 should be provided at the maximum normal rates presently allowed for Federal Income Tax purposes, and to defer taking double depreciation. Your Company has a substantial loss from previous years that can be partially used to offset the profit for the year thereby eliminating the payment of any Federal Income Tax. The decrease in depreciation taken this year, compared to the previous year, is made up of \$246,653.52 double depreciation and the normal reduction due to the regulations of the Federal Income Tax Department in basing depreciation on a declining basis.

The working capital of your Company, after reclassification of the amount due on capital cost of liquor recovery equipment, shows an improvement for the year of \$480,253.72 and you will note from the balance sheet that the Funded Debt and Deferred Liability have been reduced by \$286,500.00.

No dividends on either the Preferred or Common Shares of the Company have been paid and during the year the holders of 1,675 Preferred shares have exercised their option to convert the said shares into 2,010 Common shares.

Directors' fees have been paid during the current year in accordance with the by-laws of the Company. For the previous two years your Directors have voluntarily refused to accept any remuneration for their services in order to assist the Company.

The Bondholders have been most cooperative and have agreed to defer the \$300,000 past due First Mortgage Bonds in order to strengthen

the Company's cash position for future operations.

As at 1st April, 1952 your Company has purchased the Anti-freeze Department of Standard Chemical Company Limited, Division of Dominion Tar and Chemical Company Limited, as a going concern and formed a new Automotive Division. This new division will sell and distribute throughout Canada such items as Super Pyro Anti-freeze, Solo Glycol (Permanent Type) Anti-freeze, and Rid-Ice Gasoline Conditioner. The sales to date of this Division are very satisfactory and the profits of this Department should add materially to the earnings of your Company in the coming year.

The Magnesia plant at Gatineau has been operating at full capacity and producing a product superior to any other magnesia insulation product in Canada. The total output of this plant is contracted for for

approximately the next eight years.

The Alcohol plant situated at Gatineau has also been operating to capacity and producing a superior Ethyl alcohol. While there was a minor price adjustment in March, 1952, it is estimated that your Company's earnings from the sale of alcohol during the coming year will be maintained at a satisfactory level.

The Shellac Bleaching and Refining plant at Montreal has also been operating to capacity and sales have been maintained at a uniformly

high level.

The loyal and efficient services rendered by the employees of the Company during the past year are acknowledged and sincerely appreciated by the Directors and Officers of the Company.

Submitted on behalf of the Board,
C. G. KERTLAND,
President.

NOTES:
(1) Following standard practice in the trade, containers in
hands of customers may be returned for credit within
ninety days of shipping date.
(2) By agreement with the holder of the first mortgage bonds,
instalments of \$100,000 each due 31st December 1950,
30th June 1951 and 31st December 1951 have been de-
ferred to 30th June 1952.
(3) Depreciation for the year ended 31st March 1952 has been
provided at the maximum rates presently allowed for Fed-
eral income tax purposes, excluding double depreciation.
(4) This item was shown as a deferred liability in the previous
year but has been reclassified above for purposes of
comparison.

Auditors' Report

TO THE SHAREHOLDERS

We have examined the consolidated balance sheet of Commercial Alcohols Limited and its wholly owned subsidiary company as at 31st March 1952, and the consolidated general statement of income and expenditure and consolidated statement of deficit for the year ended on that date and have obtained all the information and explanations we have required. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, the accompanying consolidated balance sheet and consolidated general statement of income and expenditure and consolidated statement of deficit are properly drawn up so as to exhibit a true and correct view of the state of the affairs of the companies as at 31st March 1952, and the combined results of their operations for the year ended on that date, according to the best of our information and the explanations given to us and as shown by the books of the companies.
