

# THE BANK OF TORONTO.

## PROCEEDINGS OF THE THIRTY-SIXTH ANNUAL GENERAL MEETING WEDNESDAY, 15th JUNE. 1892.

The Annual General Meeting of The Bank of Toronto (being the Thirty-sixth since the commencement of business) was held, in pursuance of the terms of the Charter, at the Banking House of the Institution in Toronto, on June 15th, 1892.

On motion, George Gooderham, Esq., was called to the Chair, and Mr. Coulson was requested to act as Secretary.

Moved by HENRY COVERT, Esq., seconded by ALBERT E. GOODERHAM, Esq., and

*Resolved*,—That Messrs. Walter S. Lee and THOS. G. Blackstock be appointed Scrutineers of the election of Directors for the year, and that they report the result to the General Manager.

By request of the Chairman, the Secretary then read the following

### REPORT.

The Directors of the Bank of Toronto have pleasure in presenting to the Stockholders the Thirty-sixth Annual Report, together with a Statement of the Accounts, as on 31st May last.

The net profits realized compare favorably with former years, and the Bank continues to show an increase in all the departments of its business.

Your Directors are pleased to report that they have been able to place \$50,000 to the credit of Profit and Loss Account, representing amounts recovered from debts which had been written off in previous years.

The balance at credit of Profit and Loss, on 30th May, 1891, was .....	\$ 6,258 61
The Net Profits for the year, after making full provision for all losses and deducting expenses, interest accrued on deposits and rebate on current discounts, amount to the sum of.....	282,725 34
Amount recovered from debts written off in previous years .....	50,000 00
	\$338,983 95

This sum has been appropriated as follows :

Dividend No. 71, Five per cent .....	\$100,000 00	
Dividend No. 72, Five per cent .....	100,000 00	
		\$200,000 00
Added to Rest Account.....	100,000 00	
Carried forward to next year .....	38,983 95	
		138,983 95
		\$338,983 95

With the above mentioned addition of \$100,000 to the Rest that fund now amounts to \$1,700,000.

An office of the Bank has been recently opened in the Point St. Charles District, in the City of Montreal, and your Directors believe it will prove to be of service to the Bank.

The Directors have to refer with deep regret to the loss the Bank has sustained in the decease of their late colleague, Mr. John Leys. His tenure of office was a short one, but he rendered the Bank essential service and his counsels were highly valued. The vacancy thus caused was filled by the election of Mr. Robert Reford, of Montreal.

The Directors have pleasure in testifying to the satisfactory manner in which the Officers of the Bank have performed their respective duties.

The whole respectfully submitted.

(Signed)

GEORGE GOODERHAM,

*President.*

TORONTO, *May 31st, 1892.*

When the above had been read, the President, GEORGE GOODERHAM, ESQ., addressed the meeting as follows:—

GENTLEMEN,

In moving the adoption of the report which has just been read, I would take the opportunity of very briefly calling your attention to some of the subjects referred to therein.

Speaking of the past year generally, the most conspicuous feature in the financial situation throughout the world has been the continual accumulation of unemployed money, which has been accompanied by a state of heaviness in general business, and an absence of new outlets for capital. In the United States, the extraordinary production and export of breadstuffs, cotton and other products, together with the steadily increasing amount of silver notes issued against purchases of silver made by the Treasury under the Act of 1890, caused a plethora of available Bank funds in that country, while the steady decline in the gold surplus and the uncertainty as to the future effect of the silver laws, produced a state of inactivity and distrust.

Other causes into which it is not necessary for me to enter have affected other financial centres, and in this country the general features to which I have before referred have markedly characterized the business situation, producing a state of affairs which has not been favorable to Banking operations generally. Under these circumstances it is gratifying to be able to report that we do not show any decrease in our net profits.

As regards the progress of the Bank, you may remember that last year I presented to you some figures showing the increase in the business of the Bank, taken from our reports at intervals of ten years. A comparison of the figures of this year will show that we have again to report an advance in every department, our circulation having reached a point

within \$60,000 of the maximum permitted under our charter, while the volume of our transactions has been greatly in excess of anything we have as yet experienced. The competition which now prevails affects both the rate paid for deposits and the rates obtained upon loans, rendering it difficult to increase the earnings, and it is largely on account of increased business that we have been enabled to maintain our profits.

Referring to other items in the report, I have to call your attention to the sum recovered from debts that had been written off as bad and doubtful. We have always tried to act on the safe side in estimating the results of our yearly business, and in cases where we have felt uncertain as to the future of any of our loans, have sought to make ample provision, but we by no means lose sight of anything we write off, and care is taken to nurse these debts back into strength, and to avail ourselves of every opportunity to make the best of them. These old matters are kept constantly before us, and we have the pleasure of placing back amongst our assets proceeds of such debts when realized. From this source we have this year given our Profit and Loss Account credit for \$50,000, which, together with the surplus profits, after payment of \$200,000 in dividends, has enabled us to add \$100,000 to our Rest, and to bring forward the substantial balance of \$38,983.95 to next year.

The Rest now amounts to \$1,700,000, and it is customary to compare the proportion this fund bears in relation to the capital. Upon this basis our proportion is 85 per cent. I prefer, however, to call your attention to the proportion which our Rest bears to our loans and discounts, since it is as a provision against possible losses arising from that source that a Rest should be maintained. Based, therefore, upon nearly \$11,000,000 outstanding in loans, we have a Rest fund of 15½ per cent. Viewed in this way the margin provided as a reserve is by no means too large, and I consider that this fund should continue to maintain a reasonable ratio to our increase in business. I feel that I have but to call your attention to this view of the Rest to secure your approval of our action in strengthening it, and I have to say further that the Shareholders are now reaping great benefit from the policy which has been pursued in the past with regard to this fund.

A Branch of the Bank at Point St. Charles, in the City of Montreal, was opened very recently, and we have reason to believe it will prove to be of advantage to many of our customers and lead to increased business for the Bank.

The report refers to the loss the Bank has sustained in the death of our late colleague, Mr. John Leys. He had been a member of the board for a short time only, but rendered valued assistance and gave promise of being a very useful Director. To fill the vacancy thus caused, the Directors, acting under the powers conferred upon them, elected Mr. Robert Reford, of Montreal, a well-known and highly valued customer of the Bank, it being deemed desirable to have on the Board a representative from that commercial centre, where the Bank's interests are steadily increasing in importance.

I have again pleasure in bearing testimony to the zeal and efficiency with which the General Manager and the other members of the staff continue to discharge their respective duties.

With these remarks, Gentlemen, I beg leave to move, seconded by the Vice-President,

That the report now read be received and adopted.

In seconding the adoption of the Report the Vice-President, W. H. BEATTY, Esq., referred to the change that had taken place at the Head Office, Mr. Coulson being made General Manager of the Bank, and Mr. Wadsworth, formerly Manager at London, Ont., being placed in charge of the business of the Toronto Branch. The change had become necessary owing to the increase of business of the Bank which, during the past ten years since the time when Mr. Gooderham became President and he Vice-President, had more than doubled. He concluded with a very feeling reference to the present severe illness of Mr. Fulton, an esteemed Director of the Bank.

The report was adopted.

It was then moved by WALTER S. LEE, Esq., seconded by ALFRED GOODERHAM, Esq., and

*Resolved*,—That the thanks of the Stockholders are due and are hereby tendered to the President, Vice-President and Directors for the care and attention they have bestowed upon the interests of the Bank during the year.

Moved by ROBERT REFORD, Esq., seconded by THOS. G. BLACKSTOCK, Esq., and

*Resolved*,—That polling do now commence and be closed at two o'clock this day, but if at any time five minutes shall have elapsed without a vote being tendered, the ballot may be closed by the Scrutineers
