THE BANK OF TORONTO

PROCEEDINGS OF THE

FIFTY-FIFTH ANNUAL GENERAL MEETING

WEDNESDAY, 11TH JANUARY, 1911

The Annual General Meeting of the Stockholders of The Bank (being the Fifty-fifth since the commencement of business) was held, pursuant to the terms of the Charter, at their Banking House on Wellington Street East, Toronto, on Wednesday, 11th January, 1911.

Mr. W. G. Gooderham, the Vice-President, was called to the Chair, and Mr. Thos. F. How, the General Manager, was requested to act as Secretary.

Moved by MR. NICHOLAS BAWLF, Seconded by Dr. LE M. GRASETT and

Resolved—That Messrs. George R. Hargraff and E. M. Chadwick be appointed Scrutineers, and that after the balloting they report to the Chairman.

The Secretary of the Meeting then read the Report as follows:—

The Directors of The Bank of Toronto beg to present their Report for the year ending 30th November, 1910, accompanied by a Statement of the affairs of the Bank on that date.

PROFIT AND LOSS ACCOUNT

The Balance at credit of Profit and Loss, on 30th November, 1909, was.....	\$68,871 49
The Net Profits for the year, after making full provision for all bad and doubtful debts, and deducting expenses, interest accrued on deposits and rebate on current discounts, amounted to the sum of.....	589,656 96
	<u>\$658,528 45</u>

THE BANK OF TORONTO

This sum has been appropriated as follows :

Dividend No. 114, Two and one-half per cent.....	\$100,000 00	
Dividend No. 115, Two and one-half per cent.....	100,000 00	
Dividend No. 116, Two and one-half per cent.....	100,000 00	
Dividend No. 117, Two and one-half per cent.....	100,000 00	
		\$400,000 00

		63,751 36
Carried forward to next year.....	194,777 09	
		<u>\$658,528 45</u>

The country has continued to make rapid progress, its population has largely increased, new sections have been developed, and general business conditions have been favorable.

The Bank has shared in the prosperity consequent thereon, and has added to its active business as well as to its resources.

Eight new Branches have been opened during the year, making the total number eighty-five.

The new offices are at Bredenburg, Churchbridge, Glenavon, Kipling, Montmartre and Vibank, in the Province of Saskatchewan, and at Porcupine, and the corner of Dundas and Talbot Streets, London, in the Province of Ontario.

The Head Office of the Bank has occupied its present premises for fifty years, and during these years the business has largely outgrown the available accommodation. The Board has, therefore, had plans prepared for the erection of new offices at an advantageous site on King and Bay Streets, and building operations are about to be commenced.

Mr. W. H. Beatty, the President of the Bank, having intimated to the Directors a desire to be relieved of the duties and responsibilities of his position as President, the Directors, with regret, complied with his request. Mr. Beatty has been a member of the Board for twenty-nine years, during twenty-four of which he served as Vice-President and five as President. Throughout those years he has been unremitting in active and faithful service to promote and safeguard the interests of the Bank. The Directors have pleasure in stating that he will continue to be a member of the Board.

To occupy the Presidency thus vacated the Board elected Mr. Coulson, who now retires from the position of General Manager. Mr. Coulson has served the Bank for the long period of fifty-four years, during the last thirty-four years of which he has, with singular ability and fidelity, performed the duties of General Manager. As President he will still be influential in directing the affairs of the Bank, and continue services which the Board regard as invaluable.

THE BANK OF TORONTO

Mr. Henderson, also, after forty-two years' service in the Bank, is retiring from the position of Assistant General Manager, and the Directors purpose at this meeting to ask the Shareholders to elect him to a seat on the Board, where, as a member of its executive his services to the Bank will be retained.

To fill the position of General Manager the Board selected Mr. Thomas F. How, Manager of the Montreal Branch, and he has entered upon the duties of his office.

Your Directors believe that these changes will result in great advantage to the Bank.

The Head Office and Branches of the Bank have undergone the usual careful inspection.

In accordance with the regular practice in this Bank, a Committee of three Directors have inspected the Cash, Securities and Loans at the Head Office, and have verified the figures of the statement presented to you. As a result of this examination they reported their belief that the accompanying statement truly represents the position of the Bank.

All of which is respectfully submitted.

W. G. GOODERHAM,

Vice-President.

D. COULSON,
General Manager.

The Vice-President, Mr. W. G. Gooderham, in moving the adoption of the Report said :—

GENTLEMEN :—Before moving the adoption of the Report which has just been presented, I desire to make a few remarks on some of the matters referred to therein.

Mention is made of the continued progress that is taking place in Canada. It is not my purpose to weary you with statistics, and I will confine myself to one or two references of a somewhat general character.

Immigration for the year has been estimated at 300,000 persons. What this means may be better realized if we say that it would equal 60 towns of 5,000 persons each. These immigrants are generally of a high class, and will become valuable citizens. A large number of them have taken up land, and the result is seen in the amount of new territory that is being developed. The acreage of land under production is steadily growing. In Manitoba alone nearly 300,000 acres of land have been newly broken up this year, and the other Western Provinces show proportionate increases.

In wealth and productiveness the Province of Ontario still leads the way. The farmers of the Province have never had a more prosperous year, and the value of its agricultural products this year amounts to \$250,000,000, a total more than that of all the Western Provinces combined. While the season has been unfavourable in some parts of the newer Provinces, yet even there the results as a whole have been satisfactory. Although the total production in those Provinces did not amount to as much as it did a year ago, yet it was sufficient to add very materially to the wealth of its people.

Mining development has progressed steadily in both the Atlantic and Pacific Provinces, as well as in the mineralized regions of Northern Ontario.

Railway building still continues, and the projected operations for next year call for about 1600 miles of new track to be added to the mileage.

Manufacturing and importing interests have also shared in the increased activity, and have had a prosperous year.

We can, therefore, look forward with confidence to the future and the development of the country appears to be only beginning.

That the Bank has shared in the general prosperity is evidenced by the Statement presented. The circulation of our notes at its highest point amounted to \$4,477,700, having availed ourselves of the privilege under the special provision of the Bank Act which permits a chartered Bank to issue circulation in excess of its paid-up capital during some months of the year. The total circulation of all the Banks in Canada reached higher figures than ever before, amounting to \$90,490,000.

The fact that we have been obliged to avail ourselves of the emergency circulation to a large amount this year, the rate at which our current loans are constantly increasing and the applications that we receive in connection with new business, have suggested to your Directors that it may be necessary in the near future to consider the question of again increasing the capital stock of the Bank. As the necessity for increasing banking capital arises, in consequence of the development of the country, it seems desirable that existing institutions should endeavour to provide the amounts required, and having been granted a franchise under the Banking Act, we realize that certain obligations have been imposed upon us to aid in this development.

DEPOSITS.—The Deposits of the Bank show an increase of \$2,400,000. This increase is largely due to a steady growth in what are known as Savings Deposits. Such deposits are increasing at every Branch of the Bank and give evidence of the extent to which the general prosperity is affecting all

classes of the community. Included in the total deposits are some amounts of a special character which helped to swell the total, but which cannot be regarded as permanent.

BANK PREMISES.—Our Bank Premises account is, of necessity, steadily growing. In the newer parts of the country it is difficult, if not impossible, to obtain suitable premises, and we are, therefore, compelled to purchase properties and erect buildings. In places also where Branches have been long established and where the growth of the locality has been fairly well determined we find it is an advantage to have a building of our own. The value of the properties owned by us is largely in excess of the amount at which they stand in our books. Of the amount expended this year in this connection we have written off the sum of \$48,751.36, and during the last eight years we have expended in the building and equipment of new offices \$600,000, in excess of the amounts which are now included under the heading of Bank Premises.

We are also commencing the erection of our new Head Office building. The necessity for a better situation and larger premises in this city is apparent to every one. We have now been nearly fifty years in our present building and have outgrown all the accommodation the building affords. When preparing the plans we had to look forward to expansion in the future and sought to make provision for years of rapid growth. We have secured one of the best situations in the city, and we believe that our new building will, when completed, be an ornament to the city, a credit to the Bank and an important factor in increasing its business.

I have now to refer to matters of a more personal character. I am sure, gentlemen, you will all regret the fact that Mr. Beatty has felt impelled to lay down the duties of President of this Bank. In the Report reference is made to the many years in which he has been connected with the Institution and of the thorough way in which he discharged his duties, both as Vice-President and President. It is not necessary to say to those of you who know Mr. Beatty that he was very thorough in performing every duty which devolved upon him. He gave very close attention to all matters that came before him and made use of his wide business experience and professional training in fulfilling the duties of the offices he filled. It was with great regret that the Directors accepted his resignation, but you will be glad to learn that he remains a member of the Board. We hope that in a short time he will be again amongst us and give us the benefit of his counsel and experience.

The Directors have selected Mr. Coulson to fill the position of President, and he will retire from the position of General Manager, which he has occupied for thirty-four years. Mr. Coulson first entered the Bank early in 1857, and his connection with it has extended over fifty-four years. For ten years he was Manager of the important Branch at Montreal, and as before stated, has been for thirty-four years the General Manager.

I think it is desirable that we should look back and see the changes that have taken place in connection with the figures of the Bank under his management. The first Annual Report which was presented by Mr. Coulson as General Manager was read to the Shareholders in 1877. At that time the deposits of the Bank amounted to \$2,462,836.45. In the Statement which has just been presented to you for this year they amount to \$36,985,719.31. Loans and Securities in 1877 were \$5,417,163.51. This year they are \$40,605,531.31. The total Assets of the Bank in 1877 amounted to \$6,419,938.01. To-day they are \$50,314,397.47.

During those years the Shareholders were paid dividends averaging 10% per annum, and received valuable rights in connection with issues of new stock.

These brief references to the growth of the Bank during the time that Mr. Coulson has been the General Manager, will suggest to you the amount of care and hard work that he has given in connection with its affairs. Through good years and bad years he protected and increased the property of the Shareholders. We believe that in his new position, relieved of the details which have occupied so much of his valuable time, he will be more influential in directing affairs and able to obtain even better results in the future.

I desire also to refer to the suggestion made by the Directors in their Report with the view of strengthening the Executive of the Board. The responsibilities of a Director of a Bank, are not by any means, of a merely nominal character, and amendments to the Bank Act which are being submitted to Parliament are in the direction of increasing these responsibilities. So far as these requirements are reasonable, the Directors of this Bank are prepared to accept them, but they think it will be to the advantage of the Bank that another member be added to the Board, who will be able to give time to keep in close touch with its affairs, and who by virtue of his training, will be able to do so effectively. The Directors, therefore, will propose to you to increase the number of Directors, in order that there may be an additional Vice-President, and will submit the name of Mr. Henderson. He has grown up with the Bank, having been over forty-two years connected with it. He has an intimate knowledge of its affairs, and by electing him to this new position, the benefits of his experience will be retained for the Bank.

To fill the position of General Manager the Board selected Mr. Thomas F. How, formerly Manager at Montreal. Mr. How entered the Bank thirty-five years ago, has occupied important positions at various offices of the Bank, and for the past sixteen years has, with great success, managed the Branch in Montreal. He is still young and full of energy and has a great capacity for work. We believe that the changes that are being thus effected will be of great advantage to the Bank and will meet with the general approval of the Shareholders, as also of the general public.

The Head Office and Branches of the Bank have been examined by the Inspectors during the year and their reports have been regularly brought before the Board and have received their attention.

The Cash, Securities and Loans at the Head Office have been, as usual, examined by three Directors. They have also verified the figures in the Statement which has been presented to you and compared the same with the books of the Bank. We can assure you that the examination that has been made by the Directors has been of a very thorough character.

A statement showing the market value of the Securities owned by the Bank on the 30th November shows that such value is in excess of the amount at which they stand in the books of the Bank. Reports have been regularly obtained upon all the loans made at the Branches. These reports have been carefully gone over by the Inspectors and by the Head Office officials. Every loan that has in any way been regarded as doubtful has been carefully considered and full provision made for any probable loss. The loans of the Bank are now becoming of such magnitude that, in addition to any debts known or suspected to be doubtful, the Board has for years past made it their practice to reserve an additional sum to provide for any contingency that might unexpectedly arise.

I believe, therefore, gentlemen, I am justified in saying that the Surplus of the Bank, as set out in the Statement presented to you, is estimated upon such a conservative basis as to be under, rather than over, the actual amount.

I have now pleasure, gentlemen, in moving that the Report of the Directors be adopted.

The motion was seconded by Mr. Robert Meighen and carried. The motion also included the usual request that printed copies of the Report be distributed to the Stockholders.

On Motion adopted, By-laws Nos. 42, 43 and 44 were passed, increasing the number of Directors by one, authorizing the election by the Board of a Second Vice-President, and the granting of suitable remuneration to the President and Second Vice-President.

Moved by MR. JOHN W. LANGMUIR, seconded by MR. W. D. BEARDMORE, and

Resolved—That the President, Vice-President and Directors be tendered the hearty thanks of the Stockholders of the Bank for their management of its affairs during the year.

The balloting for Directors for the ensuing year was then proceeded with, and the Scrutineers reported to the Chairman as follows:—
