AUDITORS' REPORT TO THE SHAREHOLDERS

To the Shareholders of The Bank of Toronto:

We have examined the books and accounts of The Bank of Toronto at its Head Office and have been furnished with certified returns from the branches, and certify that the above statement of liabilities and assets as at 30th November, 1926 is in accordance therewith and in our opinion discloses the true condition of the Bank. The Bank's investments and the securities and cash on hand at the Head Office and at the Toronto and Montreal Branches were verified by us as at 30th November, 1926. We have received all the information and explanations we have required, and all transactions of the Bank which have come under our notice have in our opinion been within the powers of the Bank.

PRESIDENT'S ADDRESS

The Report which the Directors have pleasure in placing before you today is again of a satisfactory character.

There has been a fair increase in our volume of business. The gain in interest-bearing deposits of over 5 millions, following an increase of approximately the same amount a year ago, is very satisfactory. Profits are naturally somewhat better, and on the whole we can congratulate ourselves upon another good year's business.

It is the usual practice to address a few remarks to the shareholders at this time, but I shall avoid taking up your time with a repetition of figures relating to our trade and commerce, which at this season of the year are so ably presented through the press by our financial writers, and will confine myself to a few general remarks.

The resources of Canada are being steadily and energetically developed. In fact, ever since the close of the war the development of our resources has been forging ahead more rapidly than we sometimes realize. It is true we have been passing through probably the most serious period of deflation and readjustment in our domestic trade that we have ever known, but at the same time underneath it all there has been a steady expansion in our basic industries, agriculture, mining, fishing, pulp and paper, Hydro power and other industries which contribute so much to our foreign trade. Evidence of all this is in the fact that we are today one of the leading nations in foreign trade, and last year reached a per capita production of \$250. against \$150. in the United Kingdom and \$100. in the United States.

It is of great satisfaction to those who study the varying phases of Canadian development, to feel that we have safely passed through our recent difficulties and that the pathway to our continued prosperity is comparatively clear of serious obstacles.

Agricultural production, which for many years to come must be our main source of wealth, has reached very large figures. Good harvests have again contributed a well-deserved measure of prosperity to those engaged upon the land.

Mineral production in British Columbia, Manitoba, Northern Ontario and Quebec, with its accompanying development of electric power, smelting and refining processes, cannot be passed over without special mention.

Our country is rapidly coming to the fore as one of the most prominent mineral producing countries of the world. The addition to our annual income from this source is already very substantial and is rapidly increasing. It is to be hoped that this development will not be accompanied by undue and indiscriminate speculation in mining shares, signs of which are even now beginning to appear.

The production of pulp and paper has increased so rapidly in recent years that our annual output is now the largest of any country in the world, and with the operation of new plants now being installed we shall no doubt maintain our position. Unfortunately this immense production and export of news-print which is such a factor in our favorable balance of trade each year, is diminishing the forest areas of our country more rapidly than they can be replaced through natural growth. Our forest wealth is not inexhaustible, and if we are to maintain this profitable branch of our export trade, a more extensive programme of re-forestation than has yet been undertaken is urgently necessary.

In any discussion of the industrial position of our country, our exceptional position in respect of hydro electric development comes immediately to our minds. Rapid strides in this field of activity are being made. Over 4½ million horse power is in use, and there remains 27½ million undeveloped power yet unharnessed. In total development Canada stands second among the nations, and the same in proportion to population. We may consider ourselves particularly fortunate in possessing this natural and inexhaustible heritage, which has much to do with our growth as a manufacturing country, and which promises to be an even greater aid to our industrial progress in the future.

The frequent reference to the importance of increasing population becomes almost monotonous but is justified by the fundamental need. Some progress appears, but the movement is still slow. We believe that an earnest effort is being put forth to develop a broader and more comprehensive policy towards immigration in order that our country may give an open door to all desirable people able and willing to work. Any effort to attract new population as well as to maintain what we have must, however, include most careful consideration of all public expenditures in order that taxation may be kept at the lowest level consistent with efficiency and a reasonable standard of comfort. We are an extravagant people in our national and municipal as well as in our personal affairs. We must have the best of everything, and at once. Our operating costs and overhead are high in consequence, and the result is seen in our tax bills. We can fairly claim to have a highly productive country. To the extent that we also show a moderate cost of living, we shall appeal both to new people and new capital.

As to the near future and speaking in a general way, I at present see no obstacles to another satisfactory year, and look forward to further expansion in our own business and profits.

The Directors have to report, with sincere regret, the removal by death of two valued members of the Board:

Mr. Joseph Henderson, who after service in the Bank from the year 1869 in the capacity of Manager, Chief Inspector and Assistant General Manager, was appointed Vice-President in 1911, retaining this position

THE BANK OF TORONTO

until the time of his death, which occurred in March last. Mr. Henderson, through his sound judgment and ability as a Banker, contributed much towards the success of the Bank in his time.

Mr. John Macdonald, whose death occurred on the 15th December last, was elected a Director in 1905, and leaves behind him a record of splendid devotion to the affairs of the Bank, in which he always took the keenest interest.

Before moving the adoption of the Report, you will be glad, I know, to hear a few remarks from the General Manager, who will deal more particularly with the progress we have made during the past year.

GENERAL MANAGER'S ADDRESS:

The improvement in general business, to which reference was made at our last meeting, has continued to gain momentum and is reflected in the figures now submitted for your consideration.

CIRCULATION:

The average amount of our notes in the hands of the public shows a small but steady increase.

DEPOSITS:

Deposits at interest show a satisfactory increase of over five and half millions. Total deposits have gained 4.59% for the year, compared with a loss of 2.32% in the Canadian deposits of all the Banks.

LIQUID ASSETS:

Cash, securities, call loans and other readily convertible assets stand at over \$55,000,000., 53.29% of total liabilities to the public.

SECURITIES:

Our investments in securities total over \$27,000,000., approximately \$3,000,000. less than last year. These investments continue to be of the highest grade and readily marketable.

COMMERCIAL LOANS:

Other current loans and discounts in Canada at \$55,000,000., show an increase of slightly over \$8,000,000., or 17%. This increase contains nothing large, but is represented by well-secured advances of moderate size.

All our assets have undergone the usual careful scrutiny by our own officials and by our auditors, and are conservatively valued in our statements.

BANK PREMISES:

This account is practically unchanged and continues to be maintained at a very conservative figure considering the value of the assets under this heading.

THE BANK OF TORONTO

PROFIT AND LOSS:

Profits again show a moderate gain, derived from our increased volume of business. After providing for all charges, including the usual depreciation on bank premises, and dividends, we have added \$158,000., or slightly over 3% on our capital, to Surplus Account.

This prompts me to say something to you in regard to our dividend policy. We are still adhering to a disbursement of 3% quarterly, although our earnings in recent years would have permitted of something additional being paid. We believe, however, that in conserving profits and building up our reserves, the stronger and better policy has been followed. Large reserves give additional protection to our depositors and to yourselves, as well as directly and indirectly assisting our earnings.

In the meantime we have felt that 12% is a very fair dividend, and that in maintaining this rate and at the same time steadily improving the equity behind your shares, we should merit the approval of both shareholders and depositors. Anything which we are able to put back into the business belongs, of course, to the shareholders, and the full benefit will accrue to them in due time.

Turning now from our own immediate affairs to matters of more general interest:

We are pleased to be able to say that in our opinion the confidence which we have at different times expressed to you has been justified. No boom exists in any direction, but in a general way it can be said that the exceptional difficulties with which business has had to contend during the past few years have been surmounted and left behind. A healthy expansion is shown in almost every department of industry. Crops, on the whole, have been good; mineral production is justifying our hopes, and our foreign trade continues to increase. Our railway situation is steadily improving. The National System is emerging from the criticism of being a heavy liability to the point of becoming a valuable asset. Immigration, while still smaller than we could desire, shows an increase of 60% over the same period of 1925. Commercial failures were less, both in number and in amount of defaulted liabilities, than in any one of the previous five years. Some relief is being given in the scale of Federal taxation, and at the same time a reduction appears in the public debt.

I do not suggest that we have reached an ideal state of affairs and that we have no serious problems yet to work out, both national and individual, but we are doing very well and may reasonably expect to do still better in the future, and if this is true of the country generally I am confident that it is equally true of this Bank and that we shall continue to merit and to enjoy a fair share of the growth and prosperity with which we are surrounded.

THE BANK OF TORONTO

It is one of my most important duties at our Annual Meetings to commend the work of the Staff, and to acknowledge the loyalty, intelligence and enthusiasm with which they serve the Bank and its clients. Any success achieved is largely due to their efforts, and we cannot overstate our sense of appreciation.

Moved by the President Mr. W. G. GOODERHAM, seconded by Mr. WM. STONE, and

Resolved—That the Report of the Directors and the Statement taken as read be approved and adopted, and printed copies thereof be sent to the Stockholders of the Bank.

Moved by Mr. PAUL J. MYLER, seconded by Mr. JAMES C. BLACK

BY-LAW NO. 52

Be it enacted as a by-law of The Bank of Toronto that By-Law Number 31 be amended by deleting the word "second" from the first paragraph and inserting the word "third" in place thereof so that the by-law shall read in part as follows:

"The Annual General Meeting of the Shareholders shall be held on the third Wednesday in January in each year."

Moved by COL. A. E. GOODERHAM seconded by Mr. C. S. MACDONALD and

Resolved—That Mr. D. MCK. MCCLELLAND, F.C.A. of Price, Waterhouse & Company and Mr. ARTHUR B. SHEPHERD, C.A. of Peat, Marwick, Mitchell & Company be and are hereby appointed Auditors of this Bank for the ensuing year at a remuneration not to exceed \$10,000.

Moved by HON. WALLACE NESBITT seconded by Mr. J. GILL GARDNER and

Resolved—That the thanks of the Stockholders be given to the President and Directors for their careful management of the Bank's affairs and to the General Manager and Staff for the loyal performance of their respective duties during the year.

Moved by Mr. J. B. MCKECHNIE seconded by Mr. S. R. PARSONS, and

Resolved—That the Scrutineers cast one ballot for the election of the following named gentlemen as Directors of The Bank of Toronto:

THE BANK OF TORONTO

REPORT OF THE SCRUTINEERS
