TWENTY - THIRD ANNUAL REPORT OF THE DIRECTORS OF CANADIAN COTTONS LIMITED, AS PRESENTED TO THE SHAREHOLDERS AT THE ANNUAL MEETING OF THE COMPANY HELD AT MONTREAL AT 12.15 P.M., MAY 16TH, 1933.

To the Shareholders:-

Your Directors herewith present the Twenty-Third Annual Report of the Company, showing the results of its operations for the fiscal year ended March 31st, 1933, together with Balance Sheet and Profit & Loss Account for that period.

The sales for the year amounted to \$5,789,475.68, as compared with \$6,541,000.55 for the previous year, a decrease of \$751,524.87, or about $11\frac{1}{2}$ %.

Shipments during the first half of the fiscal year held up remarkably well, which gave hope to your Directors that the "depression" that has been with us for the past four years had definitely come to an end. Unfortunately these expectations were not realized, as the second half of the year proved to be the most difficult period experienced by your Company since its organization. This change in conditions was apparently due, first, to a general slowing up in world business, and second, because of the increased and bitter competition your products have had to face from the English cotton mills. This latter situation was of course aggravated by a further reduction in the dumping duty on imported British goods from \$4.40 to the pound Sterling to \$4.25 to the pound Sterling.

Your plants operated only to 52% of capacity during the year.

The net profit for the year, including income from securities and investments, was \$90,736.45, whereas dividends paid on the preferred shares of the Company amounted to \$219,690.00, which necessitated drawing on the surplus at credit Profit & Loss Account to the extent of \$128,953.55. It will be noted in the annual statement herewith that the net working capital of the Company has been decreased by \$611,665.10. This is principally due to the purchase on advantageous terms of a large block of the Company's own bonds.

Bonds to the value of \$1,055,000.00 were transferred to Sinking Fund and cancelled, leaving only \$1,724,100.00 of these now in the hands of the public.

Because of existing conditions your Directors decided, with great regret, to reduce all salaries and wages by an average of 10% effective as from April 1, 1933.

Starting the new year with lowered costs because of the action above recorded, and in the belief that something constructive will be accomplished at the World Economic Conference which is to be held in London in the coming month, it is reasonable to hope that the year 1933-1934 holds out considerable promise for your Company.

The thanks of your Directors is again extended to the officials and employees for their splendid loyalty and for their earnest efforts during the year.

The books and accounts of the Company have been duly audited, and Auditor's report is submitted herewith.

Respectfully submitted, A. O. DAWSON,

President.
