THIRTY-FOURTH ANNUAL REPORT OF THE DIRECTORS.

To be submitted at the Annual Meeting to be held in Toronto on Friday,
the 28th day of April, 1944, at 12 o'clock noon.

To the Shareholders of

CANADIAN WESTERN LUMBER COMPANY, LIMITED.

The Consolidated Balance Sheet and Financial Statements for the year ended 31st December, 1943, are submitted herewith by your Directors.

The Earnings for the year 1943 as shown on the Consolidated Statement of Income and Expenditure (page 6) amounted to \$1,695,224.99
from which there has been deducted Reserves:

For Depreciation and Obsolescence of Buildings, Plant, Equipment, etc.	\$303,001.22	
“ Taxes	770,000.00	
“ Fire and War Risk and other Contingencies.	150,000.00	
		<hr/>
		1,223,001.22

leaving **\$ 472,223.77**

<i>Deduct:</i> —Interest on 5 per cent. First Mortgage Debenture Stock: For the half-year to 30th June, 1943, due and paid 1st December, 1943; together with Interest to date of redemption on Stock drawn through Sinking Fund	\$ 22,128.63	
For the half-year to 31st December, 1943, accrued, payable 1st June, 1944.	4,486.82	
		<hr/>
		26,615.45

\$ 445,608.32

from which there has been appropriated for Sinking Fund for the year to 31st December, 1943, in respect of 5 per cent. First Mortgage Debenture Stock an amount of 164,534.98

leaving a balance available from the year's earnings towards payment of Interest on the 5 per cent. Cumulative Income Debenture Stock of \$ 281,073.34
to which should be added the amount brought forward from earnings of previous years 15,636.70

making a total of **\$ 296,710.04**

which surplus of \$296,710.04 of earnings will enable a payment of 5 per cent. to be made on 1st June, 1944, on the 5 per cent. Cumulative Income Debenture Stock in respect of the year 1943. The payment of this Interest will require \$277,232.83, and the small balance which it is impracticable to divide will be held by the Trustees for distribution with such future amounts as may become available.

Lumber sold during the year amounted to 157,382,021 feet compared with 193,898,088 feet in the preceding year—a decrease of 36,516,067 feet.

Operating Earnings of \$1,695,224.99 compare with \$1,965,283.37 for the previous year. Higher average selling prices were obtained during the year for all products manufactured, but this improvement was offset by decreased sales due to lessened production occasioned by shortage of labour and increase in wage scales effective as from 1st September, 1942. The estimated portion of Excess Profits Taxes refundable after the war, amounting to \$149,125.58 in respect to the years 1942 and 1943, is shown as a deferred credit on the Consolidated Balance Sheet.

The full interest of 5 per cent. on the Cumulative Income Debenture Stock for the year ended 31st December, 1943, will be paid on 1st June, 1944.

During the year your Company took over the property, assets and undertaking of its wholly-owned subsidiary, The Columbia River Lumber Company, Limited. The property and assets so acquired have, as required by the Trust Deeds securing your Company's Debenture Stocks, been made subject thereto. In consequence of such acquisition, £381,243 par value of 5% Cumulative Income Debenture Stock of your Company comes into your Company's possession and it, together with £262,718.4:1 arrears of Interest thereon, has been cancelled.

Sales of lumber and other forest products during the year were largely used for direct and indirect war purposes by Canada, the United Kingdom, the United States of America and the Dominions.

It is expected that a good demand for the Company's products will continue but production will depend on the supply of labour. There is some question as to whether sufficient help will be available during the war to enable full operation of your logging and manufacturing plants. Should reduced operations ensue, the effect would necessarily be reflected in the Company's earnings.

Your Board records its appreciation of the services rendered by officers and employees during the year.

Respectfully submitted,

H. J. MACKIN,
President.
