CANADIAN WESTINGHOUSE COMPANY, LIMITED

TWENTY-SECOND ANNUAL REPORT

DECEMBER 31ST, 1925

The Directors submit herewith the Balance Sheet of the Company at the close of the fiscal year ended December 31st, and a statement of the Profit and Loss Account. These show earnings for the year amounting to \$1,473,386.83, from which the sum of \$245,000 has been written off for depreciation of property and plant, and a provision made of \$131,000 for the payment of Dominion Taxes for 1925, also \$20,000 has been transferred to the Pension Fund, leaving net profits of \$1,077,386.83.

Dividends at the rate of eight per cent. and an extra dividend of two per cent. were paid, amounting to \$743,290.00, leaving a balance of \$334,096.83 carried forward to Profit and Loss, which account shows as of December 31st, 1925, a surplus of \$3,621,541.25.

Throughout the year, general business activity in the Dominion was less than in the preceding year. The upward trend in business conditions at the end of 1924, noted in the Annual Report for the previous year, did not prove to be of sufficient strength or duration to effect material improvement during the current year throughout the Dominion. A contributing cause to this end was undoubtedly the uncertainty that always prevails in industrial affairs during an election year; coupled with which was some apprehension as to the definite tariff policy that would be pursued. The indecisive result of the elections held in October has arrested recovery from these unsettled conditions.

A factor unfavorably affecting your Company's business, and having also a very potent negative tendency in general business conditions, has been the continued absence of the transportation companies from the market for rolling stock for renewals or additions to their equipment. This, however, is a condition that obviously will not continue indefinitely, and its disappearance will affect favorably both the commerce of the country and the future operations of your Company.

The diminution in domestic trade and commerce reflected itself in a proportionate curtailment of production and profits realized by your Company. Of assistance in keeping up the volume of business within a reasonable degree of the year preceding were orders booked in 1923 and 1924 for large generators and other apparatus, delivery of which extended into 1925; and during the closing weeks of the year under review additional orders for large apparatus were awarded us, which are now in the preliminary stages of fabrication for delivery in 1926.

Notable among the year's activities was the considerable amount of business booked by your Company incident to the establishment of new pulp and paper plants, and of extensions and additions to plants already in existence. These remarks apply equally to water power developments, a great many of the existing power companies throughout the country having added to their generating and distributing equipment. The availability of surplus power from these extensions has brought to Canada from the United States several large manufacturing interests that require large blocks of power for their operation.

Throughout the year there has been strict adherence to the policy of meeting deliveries promptly and furnishing apparatus in keeping with the Westinghouse reputation, which, combined with a high degree of engineering skill in working out the technical problems confronting us, has resulted in our securing our due proportion of the business offering.

In accordance with established practice, all inventories taken into the Balance Sheet have been verified by physical count and priced at the lower of either cost or market value.

The Board of Directors desires to record its appreciation of the loyal and efficient services of the supervising and operating forces in all branches of the Company's activities throughout the year.

By Order of the Board,

H. H. WESTINGHOUSE,
Chairman.

ABSTRACT OF FINANCIAL STATEMENT

FOR FISCAL YEAR ENDED DECEMBER 31ST, 1925

AUDITOR'S CERTIFICATE

I have audited the books of the Company for the twelve months ended 31st December, 1925, and have been furnished with vouchers for all expenditures. I have obtained all information and explanations required by me, and in my opinion the Balance Sheet is properly drawn up so as to exhibit a correct view of the Company's affairs according to the best of my information and the explanations given me, and as shown by the books of the Company.

Hamilton, Canada, February 22nd, 1926.

C. S. SCOTT, F.C.A.,
of C. S. Scott & Co.
Auditor
