TRANSFER AGENT AND REGISTRAR OF TRANSFERS

at Toronto

Chartered Trust and Executor Company

To the Shareholders,

CANADIAN WIREBOUND BOXES, LIMITED.

The Board of Directors submits herewith the seventh annual report of the Company, together with the financial statement for the year ending April 30th, 1935, certified to by your auditors.

A further improvement in business has been experienced and the net earnings for the year, before provision for depreciation and miscellaneous adjustments, amounted to \$166,650.00; after providing for these charges, a net profit of \$102,234.71 is shown, which amount has been transferred to Earned Surplus Account.

The balance at the credit of Earned Surplus Account at April 30th, 1934, was \$17,825.74. After transferring the profit for the year as above mentioned and making provision for dividends, federal income taxes, transfer to special surplus account as required and sundry adjustments, the balance now carried forward as Earned Surplus is \$38,378.85.

Four quarterly dividends of 25c per share were paid on the Class A shares for the year ending April 30th, 1935, and the arrears of dividends on these shares at that date amounted to \$2.75 per share. As earnings and the financial position of the Company warrant it, your directors propose to authorize payments on account of these arrears.

The financial position of the Company has been well maintained, the working capital standing at \$340,598.43 as compared with \$356,279.23 on April 30th, 1934. The maintenance of a strong working capital is particularly

gratifying in view of the substantial dividends paid and the large disbursement of a capital or extraordinary nature, as follows:

Dividends Paid	\$64,868.25
Mortgage Paid Off	30,000.00
Class "A" Shares Purchased	61,973.52
Machinery and Equipment, etc., Purchased	9,318.54
	<hr/>
	\$166,160.31

Under the authority granted the Company, 4,318 shares of Class "A" stock were purchased during the year, thereby reducing the number of such shares outstanding at April 30th, 1935, to 63,617 shares.

The value at which patents, leases, etc., had been carried in the Balance Sheet has been further reduced to \$702,065.56 by the transfer of a credit of \$50,294.48 arising from the purchase of Class "A" shares.

Your Company is in an excellent position to take full advantage of improving conditions and your directors have every confidence in the future.

On behalf of myself and the directors I wish to express appreciation of the splendid services rendered by the executives and staff during the year.

JAMES PLAYFAIR,
President.

June 8th, 1935.
