To the Shareholders,

CANADIAN WIREBOUND BOXES, LIMITED.

The Board of Directors submits herewith the Fourteenth Annual Report of the Company for the year ended April 30th, 1942 including consolidated financial statements and the report of the Auditors.

The net earnings for the year, before depreciation and taxes, amounted to \$359,339.17. After providing for depreciation of \$91,792.48 and Federal income and excess profits taxes of \$128,000.00, a net profit of \$139,546.69 is shown. This profit has been transferred to Earned Surplus Account and after making provision for dividends of \$101,830.00, transfer of \$11,375.02 to Special Surplus Account as required and an adjustment of \$25,796.53 in the Federal income and excess profits taxes provision for the previous fiscal period, there remains a balance of \$224,855.82 to be carried forward as earned surplus.

The working capital of the Company now stands at \$249,418.93 as compared with \$400,285.90 on April 30th, 1941. The decrease in working capital is accounted for as follows:

Decreases: Dividends on Class A Shares.....\$101,830.00 Purchase of Buildings, Machinery and Equip-..... 259,116.82 ment, etc. Decrease in Mortgages Payable..... 11,374.38 Provision for Federal Income and Excess Profits Taxes, current period, and adjustments affecting prior periods....... 153,796.53 Sundry Investments 650.00 — \$526,767.73 Increases: Net Earnings for the year (before depreciation Miscellaneous Reserve 10,688.14 Sundry Adjustments 5,873.45 375,900.76 Net Decrease in Working Capital \$150,866,97

The major portion of the program of plant rehabilitation, commenced in the previous fiscal period, has now been completed. The resultant improvements in plant layout and the additional space and equipment have enabled the Company to handle, in an efficient manner, an increase of approximately 40% in the volume of business over the previous fiscal period.

A considerable portion of the Company's business is made up of products manufactured either directly or indirectly for war purposes and the result of the improved and increased plant facilities previously commented on has placed the Company in a position to produce additional war products as required.

Arrears of dividends on the Class A shares were reduced during the period by the payment of dividends of 50c per share in excess of the normal dividend and now stand at \$1.75 per share. It is the intention of the Directors to continue payments on these arrears until eliminated, providing conditions warrant such action

On behalf of the Directors and myself, I wish to express appreciation of the splendid services rendered by the executives and employees during the year.

A. M. DUNN,
President.
