Chartered Trust and Executor Company

To the Shareholders,

CANADIAN WIREBOUND BOXES, LIMITED.

The Board of Directors submits herewith the Seventeenth Annual Report of the Company for the year ended April 30th, 1945, including financial statements and the report of the auditors.

Net Earnings for the year, before depreciation and taxes amounted to \$531,885.53. After providing for depreciation of \$57,716.06 and Dominion Income and Excess Profits taxes of \$321,200.16 (after deducting the refundable portion of excess profits tax of \$68,599.84) a net profit of \$152,969.31 is shown. This compares with a net profit of \$116,297.81 for the previous fiscal period.

The transfer from Earned Surplus to the Special Surplus Account is made in accordance with provisions in the Supplementary Letters Patent which require the transfer thereto of 10% of the net earnings for the year after providing for depreciation and taxes. The amount of \$13,440.48 shown as a transfer for the current year is after giving effect to a net adjustment of \$18,564.47 re wartime depreciation claim shown in the Surplus Account.

Working capital of the Company now stands at \$327,754.21 as compared with \$271,321.82 on April 30th, 1944, an increase of \$56,432.39.

A further expansion in business has taken place during the year with sales volume reaching the highest point in the Company's history. Plant facilities are being maintained in a highly efficient condition and as the availability of labour and materials improves, it is anticipated that the Company will be able to handle its fair share of post-war business in the container field.

Dividends on the Class A shares were paid at the cumulative rate of \$1.50 during the year. However, in view of the effect of the Excess Profits tax on the earning position of the Company, the Directors have deemed it unwise to take any further action in respect to the arrears of dividends on such shares.

The Company's application to the War Contracts Depreciation Board was heard during the year and special depreciation amounting to \$86,973.19 was granted as a result of this application. The savings in Dominion Income and Excess Profits taxes amounted to \$68,408.72 and the net adjustment of \$18,564.47 previously referred to in this report has been charged to Surplus Account.

On behalf of the Directors and myself, I wish to express appreciation of the splendid services being rendered by the employees of the Company during these difficult times.

A handwritten signature in cursive script, reading "G. M. Durrin". The signature is written in dark ink and is positioned above the printed name "President.".

President.
