

Royal Victoria Hospital

Montreal

January 13th,
1930

Dr. Wilder Penfield,
Royal Victoria Hospital,
Montreal.

My dear Penfield:

Will you and Cone send in to the Dean
a statement of two or three pages concerning what you
have accomplished, and what you are planning to do
in the way of research work in the Animal House?

He would like this as soon as convenient.

Yours sincerely,

E. Archibald
