

*Next Executive Com. Meeting  
Transfer of Sumner*

PRINCIPAL AND VICE-CHANCELLOR  
F. CYRIL JAMES

August 30, 1946

McGILL UNIVERSITY  
MONTREAL, 2

Dear Dr. Penfield,

I should, I think, inform you officially that the agreement between McGill University and the Dominion Government, amended from the original draft in accordance with your own suggestions, was finally signed on June 19th. The delay in informing you of this fact arises from the tardy actions of the people in Ottawa. The signed agreement was not sent to the University until July 19th and did not reach my office until after I had left for England.

I presume that you will make direct arrangements with the military authorities for the formal details of transfer, in accordance with this agreement, and shall be glad to discuss these details with you at your convenience.

Cordially yours,

Dr. Wilder Penfield, Director  
Montreal Neurological Institute
