Montreal.

Dear Mr. Hodgson:

As you probably know the Number 1 Neurological Hospital is soon to go overseas. The members of the staff of the Montreal Neurological Institute are tendering them a fare-well dinner next Saturday night at 7.30 o'clock in the Faculty Club. Colonel Cross, the Commanding Officer, tells me that he will bring a full complement of officers of the Unit from Ottawa for the dinner. Will you join us as our guest at this dinner on Saturday the 30th? A black tie will be in order.

Very sincerely yours,

WGP/AD
