OFFICE OF THE PRESIDENT

March 23, 1925.

Dr. Wilder Penfield  
The Presbyterian Hospital  
41 East Seventieth Street  
New York City

Dear Dr. Penfield:

I think I ought to tell you in advance of formal action by our Board that, on the basis of expert advice, which we believe to be disinterested, it is likely that the Corporation will take up the oto-sclerosis study, of which I spoke to you, during the coming year. Unfortunately, our funds do not permit us to handle more than one of these cooperative researches at a time.

Sincerely yours,

*J. A. Keppel*
