July 17, 1935

Dr. Wilder Penfield  
Director Montreal Neurological Institute  
3801 University Street  
Montreal, Canada

Dear Doctor Penfield:

As I have just returned from a trip through the West, your letter of July 5th has been received too late for a reply to reach you before your trip abroad. However, I may say that the outline of the research plan is just what I need for the next meeting of the advisory committee, which I hope will be called the last of the present month.

Personally, I am eager to see the biopsy approach carried on, and will do all I can to help.

Sincerely yours,

*Nolan D. C. Lewis*

Nolan D. C. Lewis, M. D.
