C. B. NEWSOME
ADMINISTRATOR

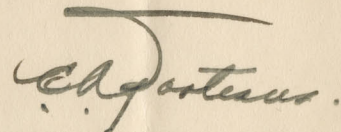

Montreal, Que., July 22nd, 1935.

Dr. Wilder Penfield,
Montreal Neurological Institute,
3801 University Street,
MONTREAL.

Dear Dr. Penfield,

I have your letter of the 8th instant enclosing copy of proposed experimental investigation in Dementia Praecox. Dr. Reed has returned, and we have gone over this together. It is very interesting and I think is an adequate plan to begin with judging from the way you have outlined it.

Yours sincerely,

Medical Superintendent.
