Dear Doctor Penfield:

I wish to acknowledge your letter of
January 17, 1935, directed to the Josiah Macy,
Jr. Foundation.

The problem of headaches is one which
has been included within the sphere of interest of
this Foundation in the past and I am under the
impression that this interest still continues.
It is therefore suggested that you indicate
briefly the precise project which you have in mind
and indicate how we might be of assistance to you
in case you desire such assistance.

If you decide to submit an appeal, please
send it to us in duplicate in order to facilitate our
filing.

Yours very truly,

Ward J. MacNeal, M.D.

Dr. Wilder G. Penfield
