

6th September 1934.

Mr. E.W. Beatty,
Windsor Station,
Montreal.

Dear Mr. Beatty,

Have you any objection to our naming each of the two large public wards as follows:

The Sir Herbert Holt Ward.

The J.W. McConnell Ward.

I would, of course, secure their permission before doing so.

This is in conformity with what is done in a good many London Hospitals as a recognition of benefaction, and it seems appropriate inasmuch as the gifts of these two men made possible the building of the clinical half of the Institute.

Yours very sincerely,

WGP/HL.
