

BRIDGE

27th June 1934.

Dr. C.F. Martin,
McGill University,
Montreal.

Dear Dr. Martin,

I am forwarding to you an outline which I have made of the bridge situation. Mr. Chenoweth tells me that he is going to bring the question of the passage through Pediatrics up at the next Board. ^{really} This is an outline which I have submitted to him but I thought perhaps you would like to see a copy of it now.

If a decision is ~~made~~ not to run a passage through the ward, as promised, it will be a serious situation for us and I do not quite know what attitude one should take about it.

Yours sincerely,

WGP/HL.
