

26th June 1934.

Mr. and Mrs. Archibald Hodgson,  
3507 Drummond,  
Montreal.

Dear Mr. and Mrs. Hodgson,

The statue is here and we will very soon have it on its pedestal. I will let you know when it is up and hope that you will be able to come to see it with me some time. We hope to attach to its base a small brass plate to be engraved as follows:

The gift of  
MR. & MRS. A. HODGSON  
and  
DR. & MRS. LEWIS REFORD  
to the  
MONTREAL NEUROLOGICAL INSTITUTE.

In a few days the decoration on the Entrance Hall will be nearly finished. I think it is working out very well indeed. We hope to move the Laboratory into the Institute very shortly, but the work drags terribly now.

I hope that Mrs. Hodgson is feeling better. I meant to see her while she was in the Hospital but went away and when I got back I found that she had flown.

Please let me know if this engraving is all right.

Yours sincerely,

WGP/HL.
