

April 21, 1932.

My dear Sir Arthur:

In my letter of April 14th informing you of the Foundation's action upon the neurology project at McGill University, the amount which the University will contribute in land, new construction, and maintenance for the development of neurology was incorrectly stated to be "approximately \$1,136,000". It should be approximately \$1,000,136.

Will you please regard this a correction of the error?

Yours very truly,

NORMA S. THOMPSON

Secretary.

Sir Arthur Currie, Chancellor
McGill University
Montreal
Canada
