Dear Peefield

Just a line  
to thank you for your  
hospitality in connection  
with the opening of the  
Neurological Institute.  
I must say that I

found the opening cere-  
mony & the tour of the  
building most inspiring  
& an experience always to  
be remembered. In con-  
nection with that the  
meeting of many old friends  
& the delightful dinner  
you gave added a  
human touch that  
was most enjoyable.

Any good wishes for  
the success of the enter-  
prise are sure to be ful-  
filled, nevertheless I offer  
them with all my heart.

Yours sincerely

Robert G. Brown
